
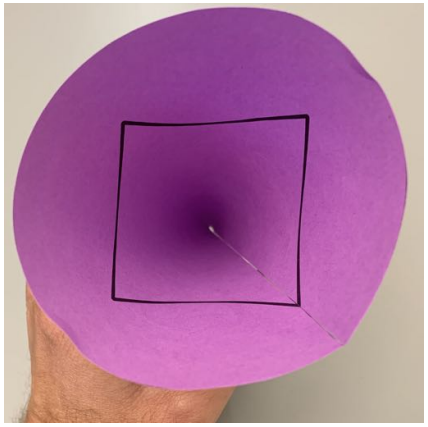
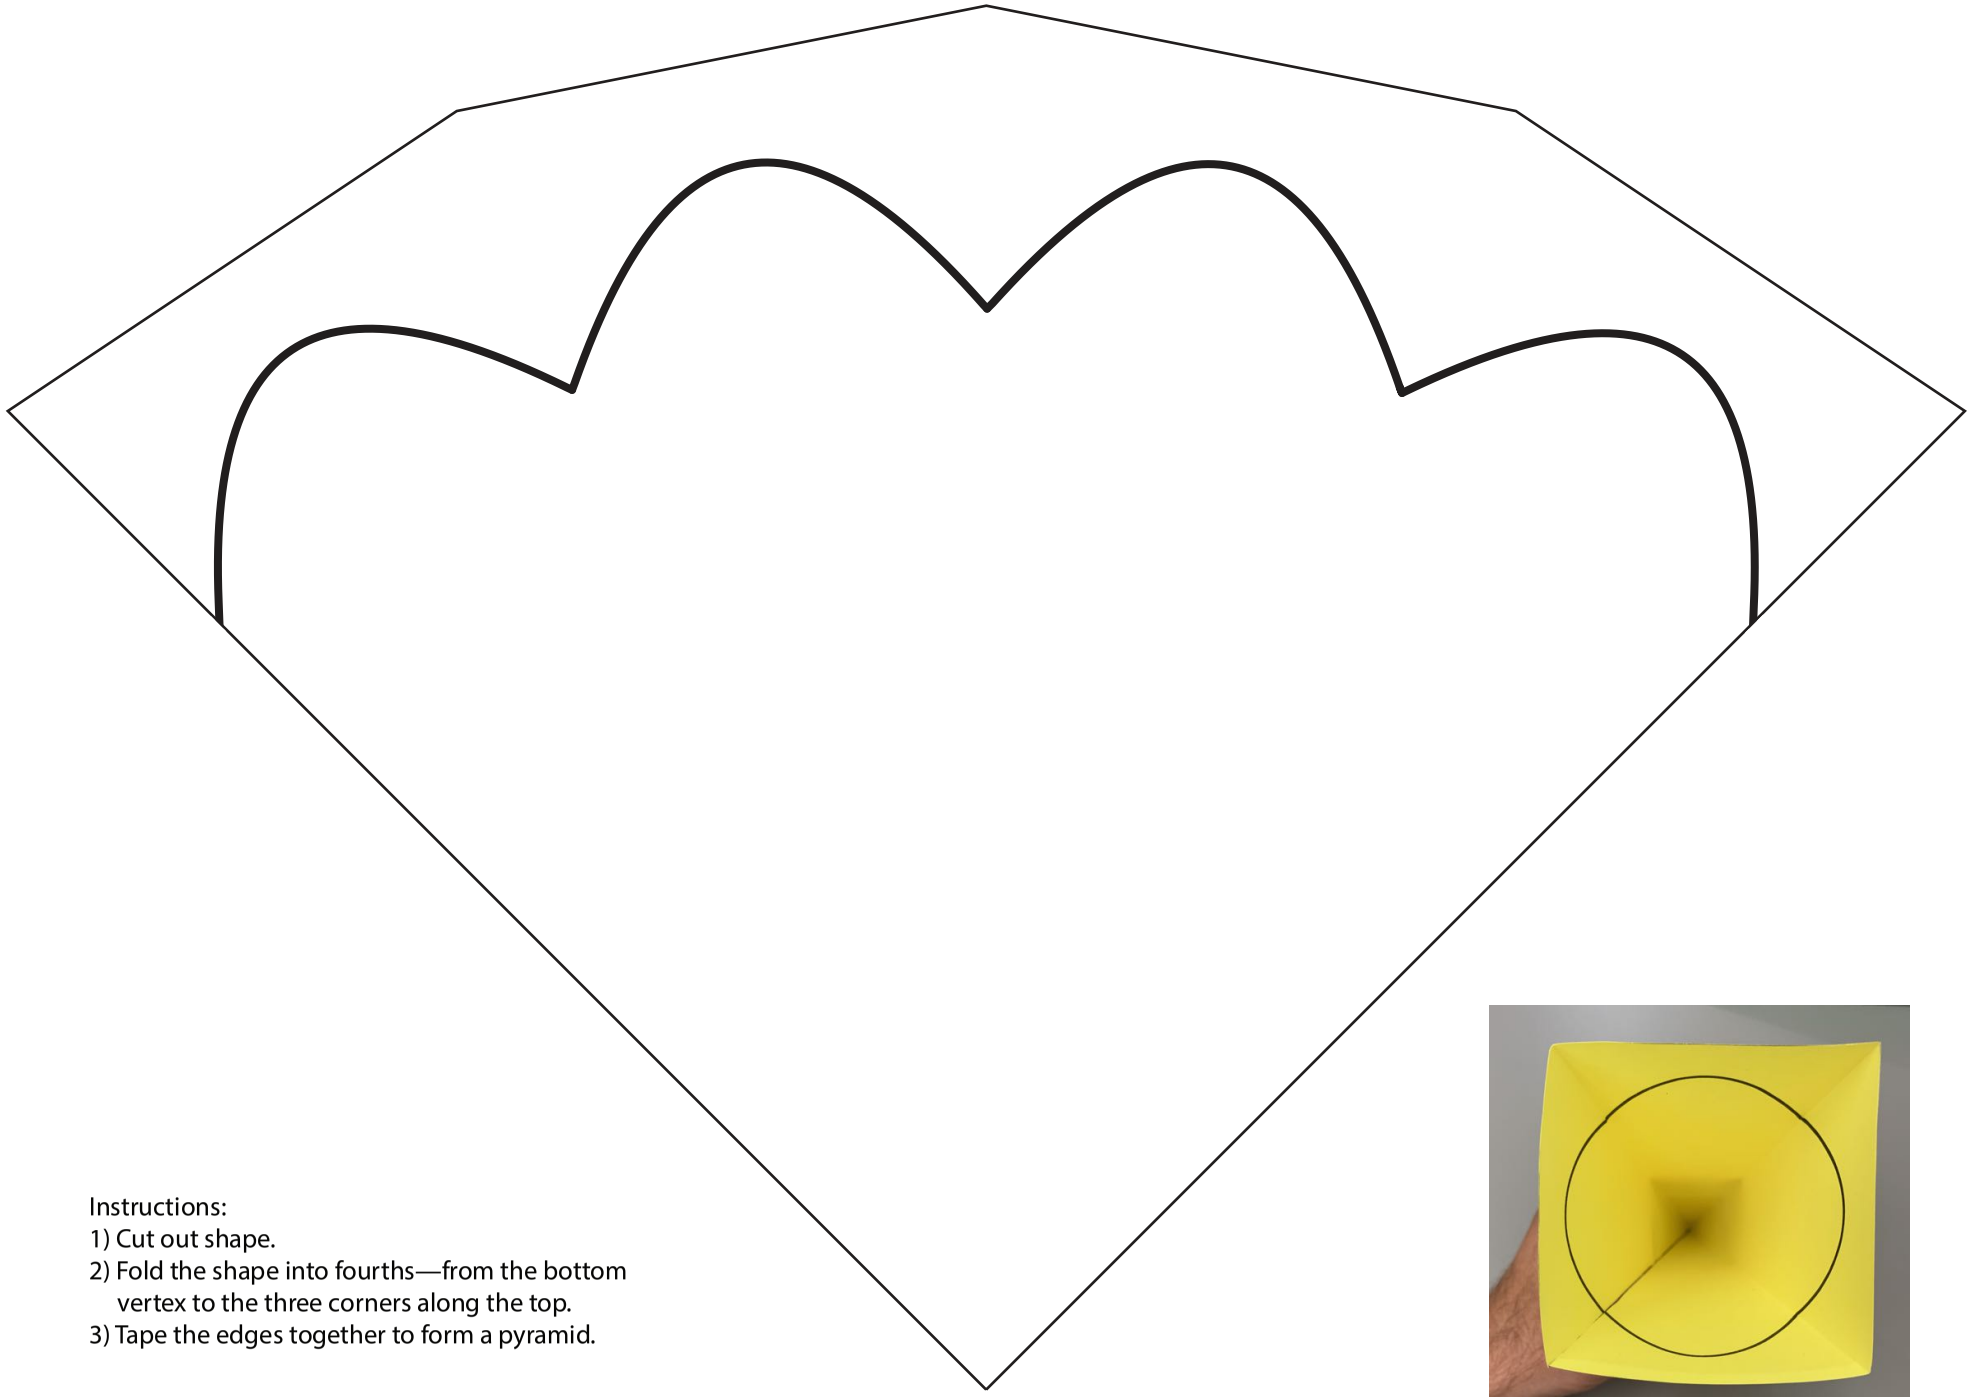
Instructions:
1) Cut out shape.
2) Tape the edges together to form a circular cone.



Created by David Richeson, *divisbyzero.com* (2019).



Instructions:
1) Cut out shape.
2) Fold the shape into fourths—from the bottom vertex to the three corners along the top.
3) Tape the edges together to form a pyramid.

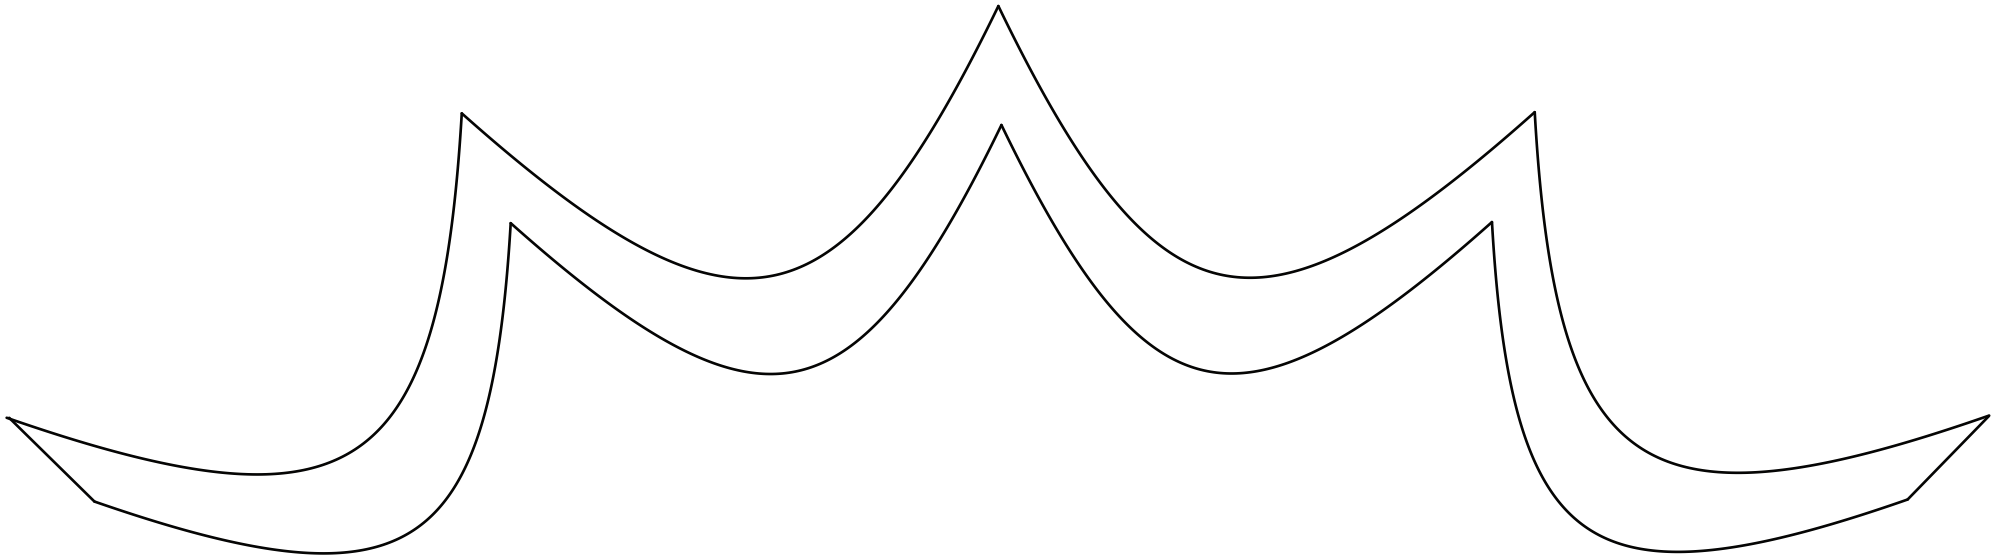
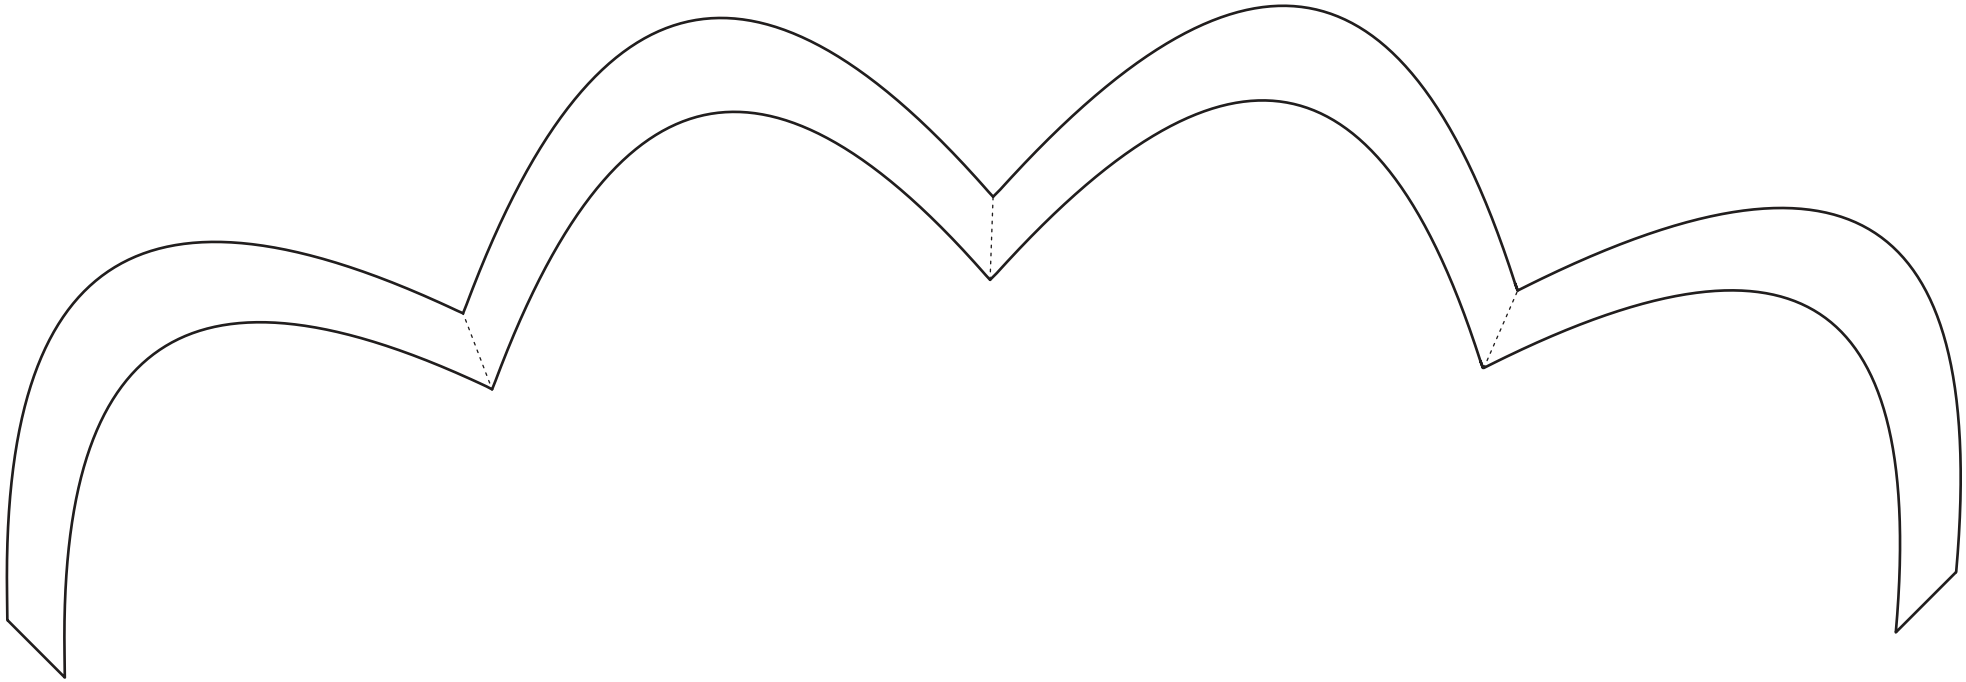
Instructions:
1) Cut out shape.
2) Fold the shape into fourths—from the bottom vertex to the three corners along the top.
3) Tape the edges together to form a pyramid.

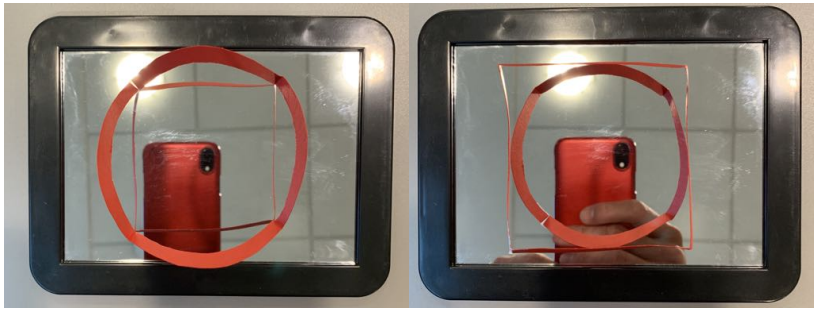
Created by David Richeson, *divisbyzero.com* (2019).



Instructions:
1) Cut out shape.
2) Tape the left and right edges together.
3) Do not crease the paper. The shape is part of a circular cone.

Created by David Richeson, *divisbyzero.com* (2019).





Instructions:
1) Cut out shape.
2) Fold sharp creases along the dotted lines keeping the rest of the paper flat.
3) Tape the ends together.
