## EDITORIAL

## A Responsible Pen

A college newspaper should be vocal, but not vociferous. Of primary importance are forthright statements of the facts which will follow an investigation of both sides and the background of the story. To know what we write is basic, but it is imperative to know why we haven't been able to get it up to now.

There shall be recognition of the responsibility of the newspaper to the college, but this cannot be segregated from the fact that the newspaper is the obligatory responsibility of the University faculty and students.

We shall aim to be constructive in our policies. The printed word shall not become an outlet for minor gripes. The contributing pens shall crusade but not demand.

The bright side of life will be prominent, but will be tempered with conjectures of a realistic calibre. We shall strive to make the students aware of the situations which are not up to par and offer ways of improvement.

Finley Peter Dunne, a Chicago newsman once said: "The power of the press may be defined accordingly — 'The duty of the newspaper is to comfort the afflicted and to afflict the comfortable.'" Here, however, we shall observe another tacit limit — that of the Bill of Rights.

With your help we can do all this. Our aim is to be realistic, but not subservient, to be cooperative but not apologetic, to be forceful but not given over to sensationalism.

K. K.

## PRESIDENT'S GREETING

It is an agreeable sound to hear, once more, your voices in the corridors and on the stairs. It is also good to see you in the Library studying, etc."

To greet you again, here and there in the University and in its vicinity, is pleasing because it gets pretty quiet and lonesome after you leave in June. Welcome back and my best wishes for a pleasant and profitable academic year.

The new students were officially welcomed during the Orientation Period, but they are included in this note of greeting.

To all, please remember that the concept of welcome is continuous in the interactions of the entire Suffolk Family, of which each one of you is an important member.

## Six New Members Added To Faculty

By Nancy Pierce

With the addition of one full-time member and eight part-time members, the Suffolk faculty now numbers 67. This is an increase of six over the 1957-58 teaching staff, and the largest faculty at Suffolk since 1948.

John R. Burton, of the Elementary Education department, is beginning his college teaching experience this year. A Navy veteran who is married and the father of four children, he is particularly qualified to teach Elementary Education. He received a Bachelor of Science in Education at Boston University in 1958. From 1953 to 1958 he taught in the elementary schools in Needham, Wayland, Newton, and Brookline. He also recalls teaching at the Children's Unit of the Metropolitan State Hospital: "Our first problem was simply to help these children to live more easily and happily with other children. We couldn't teach any subject matter until we accomplished that."

**Science Department Expands**  
The Massachusetts Institute of Technology has supplied the science departments with four part-time instructors. Bruce W. Spire who is teaching physics, was graduated from College of the Pacific in 1956 with a Bachelor of Science in Chemistry. He taught freshman chemistry at M.I.T. last year, and presently is continuing his studies for a doctorate in chemistry and nuclear physics.

THOMAS SPIRO, also from classes in chemistry there. Mr. California, received a Bachelor Spire will teach organic chemistry in Chemistry from MIT at Suffolk U.C.L.A. in 1956. Another MIT alumnus will teach algebra at Suffolk this year. JOHN ZYARA, majoring in aeronautical engineering, received a Bachelor of Science in 1953, a Master of Science in 1955, and a professional degree in aeronautical engineering in 1956. He is married with three children, and is a veteran of seven years' service in the Navy, where he was a Lieutenant (j.g.) with the carrier-based dive-bomber squadron of the 6th Fleet.

"Find Your Own Way"  
One of Suffolk's four new evening division instructors was assisted on his first evening here by a helpful student Union asking the way to room 35.

JAMES M. HENCHY was told "Look kid, you've got to find your own way around here. It's the only way to learn." Course they.

Vogel and Mr. Stone participated in this phase of the program. The freshmen then were asked to fill in a vocational questionaire to be used by Dr. Lieberman in the counseling department.

Realizing that the opportunities offered by a college to its students center on the problem of the selection of a suitable major, the College Administration formed the second panel, which dealt with this subject.

Mr. Mahoney, Mr. Unger, Mr. West and Mr. Fiorillo comprised the core of this group which met with the freshmen on the 5th. A question and answer period followed, terminating the program.

**Adjustment Key To Future**  
Mr. Fiorillo, in answering a number of questions pertaining to the Orientation Program, stated that "my colleagues and I were very pleased at the interest and response of this novice group. The students' acceptance of the informal atmosphere here by a helpful student Union asking the way to room 35, indicated and the way of their questions. I feel certain that they shall soon be successfully acclimated to the college scene. Adjustment is the key.

New students certainly have enhanced the school's cosmopolitan nature. Such distant spots as the British West Indies, France, Greece, Haiti, India, Iraq, Lebanon, Liberia, Pakistan, Sudan, and Texas are represented.

## President Munce Names Dr. Anderson Liaison Officer For Fellowships

The Danforth Foundation, located in St. Louis, Mo., invites applications for the eighth class (1959) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1959, for their first year of graduate study. The foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities, and all fields of specialization to be found in the undergraduate college.

### Three Candidates in '59

President Robert J. Munce has named Prof. Nelson J. Anderson as the Liaison Officer for the Danforth Foundation, two or not to exceed three candidates for these 1959 fellowships. These appointments are fundamentally a relationship of encouragement throughout the years of graduate study, offering a promise of financial aid within prescribed limitations as their need may be. The maximum annual grant for single Fellows is \$1400 plus tuition and fees charged to all graduate students.

For married Fellows, \$1900 plus tuition and fees, plus an additional stipend of \$200 for each child. Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with the Danforth Fellowship, and applicants for these appointments are invited to apply at the same time for a Danforth Fellowship. If a student receives the Danforth Appointment together with a Rhodes Scholarship, Fulbright Scholarship or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these other relationships are completed.

**Teaching Forum in September**  
All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Minivan in Michigan next September, 1959.

All applications, including the recommendations, must be completed by January 31, 1959. Any student wishing further information should get in touch with our Liaison Officer.

## Newman Club Plans Events

The first meeting of the Newman Club was held on October 1, 1958. President Jim Meacham presided over the meeting, and gave a short introductory talk on the activities of the club at Suffolk. Father Aikward, club chaplain, talked on the purpose of the Newman Movement.

One of the main objectives mentioned was to create a close bond between Catholic students in various colleges.

The major activity of the year was the Annual Spaghetti supper which was held October 15 in the Park Street Auditorium. The supper is held to acquaint students with the activities of the Club.

Other important events include forums and discussion groups, guest speakers, a Communion breakfast and possibly a Day of Revivalism. The club newsletter THE EYE OPENER will begin publication in November. Meacham hopes for student contributions from all interested.

## S. U. DIGS' JAZZ

The main behind these "Coke-and-Rand" gigs is freshman Herb Schargin, who has been playing French horn professionally for seven years.

Herb feels sure a six or seven piece "Coke-and-Rand" group (trumpets, drums, bass, trombone, saxophone, clarinet and French horn) can be organized at Suffolk to play at S.U. dances and outside engagements.

The proposed groups first meeting turned up a saxophone and a trombone. If you're interested, and play an instrument with moderate skill, contact Herb Schargin, or watch for signs pertaining to the next meeting.

### MAHONEY OUTLINES NEW BUSINESS PROGRAM GEARED TO MORE LIBERAL COURSES

Students entering the College of Business Administration this Fall are being subjected to a program which places greater stress on general education and less on business specialization, Prof. John J. Mahoney, chairman of the department told the Journal.

In accordance with the requirements of the American Association of Collegiate Schools of Business at least 40 percent of degree credits should be of a liberal arts education nature, while a similar ratio should be in business courses.

#### Program Outlined

The new Suffolk program for B.A. majors, as outlined by Prof. Mahoney is as follows:

Year	Liberal Arts Credits	Business Credits
Freshman	10 of 32	
Sophomore	9	
Junior	12	
Senior	9	

The course of one's major has been reduced from 20 to 21 credits, specifically business courses are given as:

Year	Business Credits
Freshman	0
Sophomore	23
Junior	18
Senior	24

According to the Association "core" courses that must be included in the business administration program are:

Elementary Accounting, Principles of Economics, Business Law, Statistics, Business Finance, Principles of Management, and Principles of Marketing. The new Suffolk program meets these requirements and attempts to give the student a "try-ity" split of general education and business courses.

### FIRST FALL FLING

More than 250 faculty, students and friends attended the traditional Freshman-Senior dance held at Cabot Farms in Saumerville, October 3. Hal Donahue and his three-piece combo supplied various styles and sounds and Suffolk's Fall social season got off to a crowded happy start.

There was a surprising turnout of upperclassmen and students, despite the Freshman attendance was far from outstanding, but the element who came admirably represented their class. Hazel Greenham, a talented Sophomore, added to the local entertainment by rendition of songs from "My Fair Lady" and other top musical masterpieces.

Uttered comments ranged from favorable to otherwise impressions. "It was the best," "Everyone acted naturally and I was proud to be a member of the student body. They count a lot when you bring a date you know." "For a change there were more girls than boys."

Ed and his committee should be congratulated for the originality of the otherwise factious can be summed up by "Eh" and "Gee."

Senior proxy Ed McInnelli was pleased by the attendance and profits and hopes "This student a 'try-ity' split of general education and business classes to come."

Four Members Of Faculty Attend Marketing Forum. Students Invited.

Four members of the Suffolk University College of Business Administration attended the Fourth Annual Boston Conference on Distribution, held at the Hotel Statler Hilton in Park Square on October 20 and 21. John J. Mahoney, chairman of the department, announced.

In addition to Prof. Mahoney, Dr. Dan J. Aronson and Prof. Benson Diamond and Martin Donahue represented the school. Many distinguished educators and business people gave pertinent talks on various aspects of marketing and distribution.

#### Noted Guests Feted

A symposium entitled "Changing World Markets: How to Meet Their Challenge" was held with a distinguished panel of four. Noted educators from four Boston colleges presided at the Conference sessions. Edward H. Mittus, president of Jonathan Marsh Co. and H. D. Hodgkinson, chairman of the board of William Filmore's Sons Co. are co-chairmen of the event.

Prof. Mahoney said that students were invited to attend the luncheon sessions to hear the speakers, free of charge.

## INSIDE S. U.

BY NANCY CLIFFORD

It's fall again and the industrious Suffolk student plunges into his studies with all the "back to school" enthusiasm of reluctant dragons—all lasting for about two weeks. A hearty welcome is extended to all the new students, and it's good to see all the familiar faces of last year too. Hope everyone has a happy year!

Many of the people around here had interesting jobs this summer. Suffolk "took over" Cape Cod, Bob Gaddino, the police force in Hyannis; and Hyannis never had a more peaceful summer. I hear José, Bernard and Charlie Ferrero, there also worked at the Cape. Joyce Speer and Joan Sullivan were "college capitalists" this summer; they did nothing but enjoy themselves. Some people surely have the life!

There was a party for all the girls at Tami Elkins' the first Sunday after registration; the highlight of the event was a hidden tape recorder which captured all the choice bits of the gossip. Watch out, girls, someday it might be hidden in the lounge!

For those who are interested, W.A.S.U., Women's Association of Suffolk University, chartered to GAMMA SIGMA UPSILON, which stands for Girls of Suffolk University. My, aren't we Ivy League?

At the first meeting of the Drama Club Tami Elkins was giving out forms for the new members to fill out. Her face was rather red when she found out she had welcomed the new director, Peter McLean, by giving him a membership form. At first, you should have given him two such qualifications!

Dat Ly is sporting a new diamond; she is engaged to Bob Dowsett, a graduate of last year. The recession missed some people, I guess.

Harriet Podolsky is also wearing a new ring; but she says it's just a "friendly" ring.

John Daly, Thorne Dabitz, Phil Doherty and a few more of the troops are infiltrating Beacon Hill. If anyone would like to donate some furniture to their "cause," I'm sure it will be greatly appreciated. Last year it was wood for Mr. Monahan — this year, furniture — always more.

Well, that's all for this edition. Don't study — Flunk now! Avoid The Jane Bush (Elke) machine (I'm not serious). Let's see you in the library now — and here later.

The first meeting of the VET ERANS ORGANIZATION of Suffolk University was held Friday, October 3, with President Phil Doherty presiding.

Plans for the upcoming Halloween Dance will be held Friday, October 31, at Cabot Farms, Southville, featuring Mike Hennes and his orchestra.

Tentative arrangements were made for a Christmas Benefit Party to be held sometime during December. Anyone interested is asked to contact Phil Doherty.

The HEMANTHS CLUB met for the first time this year Wednesday, October 8. President planned the club's functions and purposes.

By Harriet Podolsky

The first two meetings of the Yvanna Club have started off the year most successfully.

Old and new members met on Sept. 26 and voted to produce "My Three Angels," a comedy involving three obnoxious who have escaped from Devil's Island and easily succeed in getting themselves into amusing situations.

Readings and try-outs for parts were held on October 22 and the cast-elect are:

Felix Durotel	Paul Benedetto
Enlie Durotel	Kathleen Flower
Marie Louise Durotel	Hazel Gresham
Henri Truchard	Ken Zaneli
Paul	Charles Anastasio
Joseph	George Dourette
Julius	Chris Simmelli
Alfred	Howard Zarker
LE	Jerry Karp
Mme. Parole	Nancy Clifford

The new production director of the club, Peter Douglas MacLean of Emerson College, has done a considerable and admirable amount of work in the theater. He appeared in "Antigone," "Hamlet," and "The Late Song." In the capacity of director he was responsible for "A Midsummer Night's Dream," "The Cenci" and "The Cenci" and "Julius Caesar."

The Ella Murphy is serving the club as its advisor and was most encouraged by the turnout and results of the readings.

All members of the student body are invited to participate in the club affairs. With a new production in the wings, the club will need help with lighting and stage sets. For in case it just come over to the Thursday night meetings at 6:00. There's enough for everyone to do!

### "REQUIESCAT IN PACE"

The Suffolk Newman Club invites its friends to join with them in prayer for the repose of the soul of Pope Pius XII.

Through its participation in and hosting of the major event, S.U.'s science department will become more widely known among Eastern colleges.

Tuesday, October 7, THE H.S. INESS CLUB, under the guiding hand of Don Gaffin, club president, had a motorcade to the College Brewing Co. plant in Norfolk. Members enjoyed a tour of the plant and viewed the machinery and production department of the plant. The trip was a success in many ways, the students "burst" for knowledge and experience was fulfilled.

### Gielgud Reads Shakespeare

Having "Shakespeare" as the order of the day for Ivy Stables present at the opening meeting of the SUFFOLK CLUB Monday, October 20.

President Joseph Gerace even presided over the meeting. Plans were made for the Eastern College Shakespeare Conference which will be held at S.U. the week-end of May 1-2, 1959.

Any college cast of the Mission play is eligible for representation. The evening was a valuable supplement to the course.

The arguments concerning the removal of the Society from its present setting, surrounded by minimal mist, are multifold, depending on the individual.

Generally, however, attractive quarters would be more appreciated and more frequently used by the present members. Next, they would serve to attract non-members who would then be more desirous of becoming a part of the organization.
