"We are SU!" became the motto of the 19-6-1 Suffolk ice hockey team. Led by scorer Brian Horan, the Rams won their first seven games of the season. They made it into post season play, opening the eyes of many opponents. Russ Rosa, Rick Piracini, J.P. Giuliotti, Brian Gruning, Matt Mansfield, John Pigott, Jim Ignazio, and Phil Imbrescia were just a few of the members who brought fame to SU.

**T**he completion of the sports section in the 1989 Suffolk Yearbook marks my final official tie to Suffolk University. But before this section can be completed, a few final words of thanks are in order.

My four years at Suffolk have been a time of learning and of growing. The memories that I have collected here will surely last a lifetime, and I really hope that my friendship with the Suffolk community will, too.

I have many people to thank for touching my life in a special way, and for making me feel welcome every day at Suffolk.

First, a very special thanks goes out to Debbie Eagan, the Yearbook Editor, for allowing me the opportunity to be the sports editor of the yearbook. She was always more than patient when it came to extending a photo deadline, and her friendship and encouragement made the hard times more bearable.

Suffolk Journal Editor Michael Smith and the entire Journal staff throughout my involvement with the paper were more than helpful with my writing. Thanks to the entire Journalism/Communications department for their support and encouragement.

Various groups, organizations, and faculty members have also been constant supporters of my efforts. Thanks to the members of SGA (Lisa Mascierelli, Barbara Guzzetti, Kim Ford, and Gary Christenson), SAO (Donna Schmidt, Marjorie Hewitt, and Sandra Bennett), and the entire Athletic Department. Thanks especially to Coach James Nelson, Coach Joesph Walsh, Coach Doreen Matta, and Coach Peter Sagesse for their tireless quotes and updates.

I would also like to thank all the athletes for their time and energy. They were always willing to take time to give a quote, take a picture, or just be a good friend. Thanks especially to Kevin Noonan, Derek Prather, Scott Cutliff, Jim Schofield, Russ Rosa, J.P. Giullioti, John Pigott, John Doto, Jim Ignazio, Matt Mansfield, Bill Fenton, Brian Horan, Brian Gruning, John Cristiani, Meg Leary, Laura Long, Stephanie Refice, George Eonas, Leanne Chase, Jacquie Wolcott, and Jim Zulon.

Thanks also to other people who became my friends at Suffolk: Terigi Rossi, Dan Dailey, Mary Hefron, Joe Walsh (Admissions), Lou Connolly, Nancy Fine, Dean Nancy Stoll, Joe Lusso, Mike Killeen, Mr. Eonas, and all the other special people at Suffolk who made my term here more than memorable.

Much support also came from off-campus sources, especially from my Mom, Dad, and brother, Steven. Without their help, love, and support, I wouldn't have made it through.

Three very special friends also stood by me when I needed them. Kimberly Naves and Gary Barker have been there for me from the start, listening to my complaints and helping me see the light. Christine Barbanti has been there for me since my sophomore year, attending parties and athletic events with me. She was my second pair of eyes on long trips, and my counselor when I needed advice.

I'll never forget my four years at Suffolk because they were the best four years of my life.

THANKS TO EVERYONE FOR YOUR HELP, AND THE VERY BEST OF LUCK IN THE FUTURE!!!!

Sincerely Yours,  
Maureen A. Pirone,  
1989 Suffolk Yearbook Sports Editor.

Most of the time we go through life meeting our commitments and obligations, doing our jobs, our homework assignments, our daily chores, the weekly wash and the monthly bills. Occasionally, as we look back at our lives over a period of years, we recognize the milestones, the major achievements, the broad outlines and themes that have shaped its direction.

As you read this letter as a senior soon to graduate or as a recent graduate of Suffolk University you will have reached one of the significant milestones in your life: the completion of your undergraduate study at this University. You have mastered a complex program of studies which has stretched and extended your powers of reason, expression, analysis, application and logic. Your studies at Suffolk University have prepared you for entry into a career; they have also prepared you for a lifetime of learning as you advance in your career and as you pursue the cultural and civic dimensions of your life.

As you look back now on your undergraduate experience I hope you feel pride in having accomplished your objective, in having mastered a difficult and demanding program. I hope you feel close to the people who have been your classmates and teachers. I hope you have made friendships that will last for life. I hope that your outlook and perspective have been broadened as you came into contact with ideas and people different from those you grew up with. I hope that you find, and I believe you will find, that your investment in Suffolk University was a good one — an investment that will pay dividends over many, many years.

Louis Pasteur said that "chance favors the prepared mind." Your chances for career success and for personal fulfillment have been increased by the preparation you have undergone. Another part of your preparation here in the Suffolk University community of learners has been to understand the importance of helping others who need your assistance. I hope that you will carry forward that tradition of giving, of social awareness, of helping others

as a theme in your life through the years ahead.

Having attended and graduated from Suffolk University you are now an alumnus or an alumna of this University; that is a permanent affiliation from which one does not graduate. Suffolk University will stay in touch with you over the years to come, with an alumni magazine, mailings and phone calls. I hope you will stay in touch with us. Let us know of the other milestones and major events in your life.

Congratulations and best wishes,

Daniel H. Perlman  
President

ready to go your separate ways. No matter what you choose to do, the most important thing is to be happy with it. Whether you choose to be a public servant, doctor, lawyer, manager, or an accountant, be happy with it. Money is not the most important thing in life. Being happy with what you do is more important than anything else in the entire world.

As you receive your degree, you can think back to all the cold mornings, elevator rides, heavy books, and hot examination rooms. Also, remembering the long train rides home each day, and the last-minute studying, and the "Suffolk Shuffle" at the beginning of each semester. It's finally all over now, and your next phase of your life will begin.

I wish you the best of luck in whatever you do. May you remain close together, and remember the great times you've had. You should even look back at the unfortunate times, and perhaps be provided with a new way to look at life, because as Socrates once said, "An unexamined life is not worth living." There is always a star up there somewhere with your name on it, reach for that star.

#### TO THE CLASS OF 1989:

As you reflect upon your past experiences, look through old photographs, and exchange hugs and tears, you approach the end. But near the end comes a beginning. This new beginning can and should be exciting.

On behalf of the Student Government Association, I would like to thank you for allowing us to serve you, making Suffolk University such a successful institute of learning. Perhaps one of the most important things you can learn by attending Suffolk University cannot be found in any textbook. That is the value of teamwork, friendship, and perseverance.

We live in a world that is full of problems and challenges. If we strive to remain close, and enjoy the never-ending process of self-discovery and learning, we can handle even bigger and brighter endeavors. Together, the class of 1989 has made a difference. You have already learned to take on the challenges and respect the changes. You are now

To the Class of 1989:

This past year has been an eventful year for me. Being editor was a great learning experience. I never realized when I started out that putting together a yearbook could take so much time and energy, but it was all worthwhile.

Many people have put a lot of time and energy into this book. I would like to thank Michael Peters and Lucy Marchese for helping me get things going in the beginning. I would like to thank Lou and Kelly from Public Relations, and their photographer, John Gillooly. Thanks to my Phi Sigma Sigma sisters for encouraging me to apply for position as editor and for all their help and support. I'd like to thank Steve Forslund and Michael Crescitelli from Yearbook Associates. Special thanks to John Carrier, from Herff Jones Publishing, for all his help every step of the way. I'd like to especially thank the yearbook staff for all their support and help: Leanne Chase, Maureen Pirone, Michael Killeen, and Marjorie Hewitt. Thanks for being there through the good times and stressful times. Special thanks to Mike for helping me track down photos, cover events, and for just being there.
