E-MAIL BASICS

Instructions for the new PINE E-Mail System

E-Mail Address -- An e-mail address has two parts: your name and a code name for the computer system where you have an e-mail account. Your user name is your first initial and the first seven characters of your last name (i.e. BSimpson).

The computer address for those in administrative departments is:

admin.suffolk.edu

The computer address for those in academic departments is:

acad.suffolk.edu

A full e-mail address might be:

BSimpson@admin.suffolk.edu
BSimpson@acad.suffolk.edu

To Access E-Mail --

1. From the PROGRAM MANAGER, **double click** KERMIT or WINTEGRATE.
2. At the : or \$ prompt, **type MAIL** and **press Enter**.

If you used KERMIT, **press Enter** again.

If you used WINTEGRATE, change terminal type to VT100 by **clicking** mouse on SETUP in the MENU BAR, **select** TERMINAL option, **select** VT100 and **press Enter**.

If this is your first time using PINE, the MAIN MENU will be displayed. (This may take a minute because the system is setting up file folders for your e-mail.)

3. **Type I** and **press Enter**.

You are now in the FOLDER INDEX screen. From here you can "manage" your mail. The commands at the bottom of the screen allow you to read, delete or reply to mail.

To Write (Compose) and Send E-Mail --

From the FOLDER INDEX screen, **type C**

A message template appears. Type your message in the template. The only mandatory field is the address (To:), the other fields are optional.

To send mail, **type ^X** (Depress the control key while simultaneously typing X.)

A copy of all mail you send is saved in a folder called "Sent-Mail." To view these messages, **type L**, to list your mail folders. Use the arrow key to **select** the "Sent-Mail" folder. A list of sent mail is displayed. Scroll to the message and **press Enter**.

To Read Mail --

Your incoming messages are listed on the FILE INDEX screen (your in-box). You can read a message by using the arrow keys to scroll up or down to the message, **press Enter** to read the message.

After reading the message you may:

Type:	... to:
D	Mark a message as deleted
X	Removes messages marked as deleted
L	List other messages
R	Reply to mail
U	Undelete mail before quitting
F	Forward a message to another person
E	Export mail to a file in your home directory (used to save mail messages)
S	Saves mail to a folder other than In-Box
Y	Prints mail on a printer connected to your PC
Q	Quit or Exit the E-Mail system

Important Notes --

Commands are displayed at the bottom of the screen. Commands preceded by a **^** are called Control Commands. To execute a Control Command, hold down the control key while simultaneously typing the command.

Questions about e-mail should be sent by e-mail to the postmaster. The e-mail address is simply Postmaster.
