Dear Congressman Moakley:

Please consider the Veterans of this great Country, who have given life, limbs and still suffer from the service that they gave to our Believers to keep this nation free.

Support the veterans earned benefits from their sacrifices, in your future budget voting deliberations. I am a Veteran of WWII, a Past State of MA DAV Commander and know your brother "Bob" very well, he like you are one of us, the DAV.

Oh yes, I still vote at age 79 Saw you on T.V. today & glad you are doing well.
We sure miss "Joe" Harold!

Sincerely yours
Frank B. Shumski
