Hon. John J. Moakley
1812 Columbia Road
South Boston, Ma 02127

Dear Mr. Moakley:

Dover, Roxbury, and South Boston . . . three different places . . . many different people . . . many different ideas. One Congressman. That's my job, and I want to do better at it.

You, Mr. Moakley can help me.

When I am able to help secure funds for an Odwin Health Center or an Elma Lewis School or when I am able to help speed up funds for a Freedom House or a combined Circle Inc./Museum of Afro-American History project, it's because they contacted me either personally or through Carole Ray who runs our Roxbury Congressional Office.

When I am able to arrange for a Mattapan-born soldier in trouble to come home for Christmas, a South End senior citizen to get her just Social Security Benefits, or a Mission Hill laborer to receive his proper immigration papers, it's because either they or their family or friends contacted Carole or myself.

This Saturday, February 22nd, from noon to two-thirty p.m., I'll be working out of my Roxbury office with Carole and her assistant, Connie Mae Cortrell.

Should you have any problems you want to share with your Congressman, I'd be glad to get busy working on your situation. Or should you want to educate me more as to your views on any legislative or social issue, I'd be glad to listen and learn so I can better represent those views as your Congressman.

If you can't make it Saturday to our 70 Warren Street Office, I sincerely hope you'll either drop by and see Carole some other time when it's more convenient for you, or call her at 440-7800.

Sincerely,
