

PAUL GRYSKA FOR CONGRESS

"LET'S PUT A DOCTOR IN THE HOUSE"

"I consider myself a citizen legislator. I believe in term limits and will impose them on myself."

"I'm running for office because I believe the 9th District needs a Congressman more than Cuba does."

TAXES / GOVERNMENT

"The single most important number is this: Directly and indirectly, through taxes, fees, and regulation, government is now taking 52% of everything we earn. When we make more, the government takes more. No wonder we can't get ahead. Here's what we should do:"

- CUT TAXES; MAKE THE ECONOMY GROW.
- LIMIT THE GROWTH OF GOVERNMENT SPENDING.
- WELFARE: ALL ABLE-BODIED PEOPLE REQUIRED TO WORK.
- RETURN CONTROL OVER PROGRAMS TO STATE AND LOCAL GOVERNMENT.

CRIME

"In its preamble, the Constitution talks about insuring domestic tranquility. Government will live up to that promise when criminals are afraid to walk the streets, and innocent people aren't. Here's what we should do:"

- VIOLENT CRIME; TRUE MANDATORY SENTENCES.
- ABOLISH PAROLE FOR VIOLENT CRIMES.
- APPOINT TOUGHER JUDGES; HOLD THEM ACCOUNTABLE.

EDUCATION

"If we don't educate our children better, what kind of future will they have? What kind of future will our country have? Here's what we should do:"

- REFOCUS EDUCATION ON BASIC TOOLS FOR LEARNING: THE 3 R's AND COMPUTERS.
- RETURN CONTROL OF FEDERAL EDUCATION MONEY TO LOCAL SCHOOLS. LET THEM DECIDE HOW TO SPEND IT BECAUSE THEY KNOW BEST.
