Suffolk Activities of 1947 Highlighted By Review

'Queen' Butler, Drama Workshop's 'Fashion' Take Lead In Past Events

Because the year 1947 has been such a colorful one in the history of Suffolk University, the "Journal" reviews the highlights of the year's major events. To those students and faculty members who helped make these events so successful, we offer thanks for part labors and encouragement for future undertakings.

On January 12 announcement folk's first venture into inter-collegiate results of the first collegiate baseball circle—AVC Student Council at S. U. since '38 chapter 888 presented its charter was made. Under the guidance of Dean Ott on April 30th—May Dean Goodrich, Mr. Fierillo, and Ed, the Dramatic Workshop con- Dr. Blackman, newly elected tributed their services for a bene- members drafted nine articles of the constitution. Laurence Rand, 11-year-old Glenwood Brann who, (CLA) was elected first president as a result of being "burned at of the Student Council; George the stake" by his playmates, had Kelly (PL), vice president; Joyce Lundie (CJ), secretary; Richard Clares (CBA), treasurer.

Norman Thomas, Guest
The Dramatic Workshop pre- sented their first production of the year January 17th and 18th with "Fashion" thought-provoking. Ex- members, under the direction of M. Donald Hanson. Splendid background music and superb lighting added greatly to the at- mosphere of the play's conclud- ing scenes of conservative and liberal thought.

In a decision debate February 28th Suffolk defeated Tufts, giv- ing the Debating team its first victory of the season. Ed Mastey- man and Philip Murray led Suf- folk's verbal attack. Tufts lost a thriller to S. U.'s hockey team by the score of 4-2 March 2nd at the Boston Skating Club. Socialist author and lecturer Norman Thomas spoke on March 3rd as guest of the Philosophical Club.

Reading for world peace Thomas declared "Humanism's might afford another war. Disarmament under UN control can prevent further conflict."
Ending a brilliant season under the expert coaching of Tom Moon, former hockey star, the Royal won a 3-2 tie against Fitchburg March 16th. To finish an exhausting day of exams, an Ath- letic Dance was called for March 21st. Proceeds from the affair at the Hotel Vendome helped pur- chase new athletic jackets.

Students Take To Sea
Gay comedy brightened up the evening of April 10th and 11th when the Dramatic Workshop presented their second hit of the season, "The Animal Kingdom." The cast included Dorothy Bromfield, Beth Orest, Norma Malin, Her- bert Klugerman, Ernest Anderson, James Ross, Samuel Cusumano, and Joan Stevenson. They were leadably aided by Shirley Wilkin- son, Mya Herrington, Constantine (Constantine), Joyce Lundie, Norma Freedman, Shannon Gilman, and Arthur Salkoway.

O'Brien pitched a 5-hitter against Tufts April 23rd, on Suf- folk's first venture into inter-

Hobo Ball Library
Hank Malotte, well-known as a physical education expert coach, and sports official, took over duties here Sept. 19th as director of athletics placements, student activ- ities, and physical education. Spoking before a mass turnout, Alexander Kerevsky, prominent Russian, lecturer and liberal, told Suffolk students, "Unless we unite and have a constructive program in order to destroy communistic aggression, a third war will be unevitable."
Over 200 tall, short, heavy, light, and other unfitted type hobos, tramped into SU, once quiet and dignified library. No- vember 1st, for a hobo jamboree. A tug of war as first prize, went to Phyllis Terrazzano who was dressed in a burlesque jacket and blouse and, to Byron Morgan in top hat and scattered patches. Second prize, vitamin pills, went to Ruth Ogaz and Joe Hughes, as the shortest couple present. To the nearest couple went a jar of vanishing cream which Joan Cau- ley immediately began to spread over unshined, bulges. Other winners of door prizes went to Ralph Murray and his wife, John Morgan and Ann Roth, Jack Wal- lace, Diana Panich, Richard Plante, Joe Chesey, and Ann John- son.

Thanksgiving Dance
In a return match with Bridge- water State Teachers, the Royal soccer team won 4-1, November 11th. Skerwosky, scoring his second goal of the day—Retreat for the first time officers were held, November 25th and 26th. For the senior class, Michael Pappas (CLA) was elected president.

American Consul Recommends S. U. To Trinidad Pair

BY BILL MARCUS

Boston and the United States are magnified, in the way Ralph and Emma Mooton, brother and sister from neighboring Trinidad, in the West Indies, who have en- rolled at Suffolk University as Liberal Arts Freshmen today ex- pressed their emotions upon first seeing this city and sections of our nation.

Speaking fluent English, both students said that their main pur- pose for taking a Liberal Arts course at Suffolk is so that they may upon completion go into medical school.

Fraternities On Defensive Against Restriction Charges

Middlebury, Vt.—(AP)—"Fraternities will be compelled in the next few years to prove that they can make a significant contribution toward college educational purposes," summarized W. Storr Lee, Dean of Men at Middlebury College after reviewing decisions of the thirty-month annual National Interfraternity Conference, held recently in New York City and attended by over 500 deans and fraternity representatives.

"But shots are being taken at fraternities from all angles," he continued. "They are on the de- fensive in many colleges and dis- tinguished by the motto: 'The National Interfraternity Confer- ence is insisting that fraternities have the right to discriminate as much as they wish in the selection of the members, investigation of their being given as many campuses to be the banning of fraternities with discrimination as the motive.'"
The conference went on record already favoring discrimination. The keynote address was given by David A. Emory, past chairman who maintained that fraternities have the right to impose whatever restrictions they see fit. Em- erson's words were quoted as being given as many campuses to

"Prelude To A Certain Midnight"

REVIEWED BY WALTER F. GALLAGHER, JR.

Any well-meaning student of that much bandied subject, the homosexual commodity, will do well to read what one of England's best novelists, Gerald Kerah, has recently jacketed with little, if any, pot-hunting "Prelude To A Certain Midnight."

Containing in convenient clothbound London's Bar Baccus which as a "moderate shooting gallery" serves as the author's turnstile, it scoops the hollows out of all the wandering souls who elbow the bar and rub knees under the tables "and intoxicate themselves with mixtures of alcohol and intimate conversation." In it, not only are the outlines of every character finely drawn, but the features, the dimples, the scars are supplied as well — in quite sheets full of drunkenness, eccentricity, perversion and pale-faced war humor.

With the world in blackness during the last war, Kerah delicately styles the rape and murder of an eleven-year-old Jewish girl not for a sociological treatise, definitely not, but as a small mill to grind all the grime inhabiting London's half-light. As a matter of sincerity, the reader is treated by the exact literary aphorism as "She had eyes like mud-puddles or . . . These bright brown eyes that used to be so steady and kind against the half-blue whites may now be likened to a couple of cockroaches desperately wriggling in two saucers of boiled

Council Proposes Drive To Assist Students Abroad

At the last meeting of the Student Council, plans were made for a school-wide drive for contributions to the World Students Service Fund. The time for the drive was set for the weeks of February 2nd and a committee for publicity was formed, consisting of Stan Barrestrate, Harry Chesham, and Jim Piegrass. The World Students Service Fund seeks to help students abroad in countries where poverty, illness, poor living conditions, and little facilities and material for study are available. The next topic before the student council was the discussion of

University Gets New Look During Semester Break

In the past few weeks Suffolk students have observed a new sublimity of their buildings, highly polished floors, cleanly washed windows and repaired walls are but a few of the transformations which warrant approval.

The credit for these many accomplishments may be attributed to the clean-up squad which did much work around the building while we were on vacation. This squad expended much time and back-ache work to get this job completed.

Trustful plans have been formulated by this squad to make Suffolk an even more pleasant place in which to acquire an education. The squad, through the Suffolk Journal only asks that students cooperate in every way possible to make their task easier. Student Councilmen, Stan Barrestrate, and O'Keefe have submitted a two-part plan to Mr. Malette's office for future work in cleaning the building clean. Meanwhile the squad will continue to work in an effort to keep our school in a most immaculate state

November 26, the Social Club sponsored its main treat of the season with a Thanksgiving dance at the Copley Plaza. Peter Cutler's 14 piece orchestra gave out with pre-turkey melodies — Speashead, led by Wallace Hanson, who scored 54 points. Suffolk's basketball team opened its season December 1st by touring the New England College of Accounting 60-30.

AROUND BOSTON'S STAGES

BY LARRY QUIRE

General character actor Thomas Mitchell is one of the friendliest, heartiest gentlemen you would want to meet. Interviewed at his hotel during the Boston run of his play, "An Inspector Calls," he spoke with hopeful modesty of his performance in this his first appearance on the stage in twelve years. He had for some time, he said, been hunting the right play, and having found it, he has temporarily deserted his lucrative Hollywood career.

He spoke somewhat regretfully of the adverse criticism which he should receive for his performance. He was fortunate, he would make some Boston critics on opening night, and while voicing his sincere thanks for the kind notices, he given his individual performance, phrased that his interests are concentrated in New York, where he has a permanent home, and where he may even produce a film on his own.

He mentioned his friends Walter Brennan and Fay Bainter as some of his favorite Hollywood people and spoke with evident pleasure of his happy associates while working in practically every Hollywood studio during the last dozen years — and no, he is not a Communist, he emphasized, just when will he return to Hollywood to get the record straight . . .

THE GREAT IMPERSONATION They are generous. Once a week, Most of us sighed with relief for Sundays from 7 to 4 A.M. some months ago when we were here—the Blue and Gold came a "surprise" package in the have the "good fortune" of using person of a capable athletic director who was assigned to possibly have good teamwork, BUILD UP a respectable sports sharp passing, and a solid defense program here. As in the usual case with such a setup, regardless of how, he made promises, adding that every step we take must be slow and sure. That was logical, but broke are hard to get. We were lucky to get the one we have and at the time we have it. Look, Bill said. Here it is six months later. Just what has this gentleman accomplished? He has been stuffed or has stuffed himself with a box of titles. School activities, director, music director, placement director, yearbook director, and book lord but not even half that was striven in our minds. MENT' real meals at out-of-state parties because the team was given far a glimpse at hockey and hockey ball which are in full swing now.

Real Two Basketball How are they operating? Here's a picture preview.

Real One: Hockey Our hockey started tired and slowly to win its opener from Tufts. They had plenty of hustle. They had on the neck back-start that and gold and some. They even had a coach who went through color. He got an indication of things to do in the same fashion as the hockey.

The opening play of the game was an indication of things to do in the same fashion as the hockey.

Final Take played the due into his own net. The puck was cleared out of the net and everything still went on. Passing along the foreward wall was poor and a goal was scored. Tufts' goal was scored on a solo dash. Tufts for three minutes, a man who is actually mental against the Jumbos had an excellent shot. The final score was only 3 to 1.

Behind the scenes Is the hockey outlook that bad? Emphatically No! We have a hard a group of very promising talent. They why the dismal picture we will be satisfied. The athletic department should be set up to provide a very "progressive" practice schedule for hard-working hockey talent.

It is very noted in the Great City Club in Charlestown. Players and coaches agree unanimously that work and assignments were needed five times a week. Nothing has been done to help them acquire this setup.

Here too Finance Inc. has made calculated an allotted sufficient funds for a soap season. Coach MUSE operate the squad.

By far the most outstanding performance of the young season was turned in by sophomore George Adams who made 73 saves in the Bowdoin tilt. Bowdoin led 4-3 going into the final period when their first line racked up four goals on exhausted Adams. Burrows, Perkins and MacDonald scored for Suffolk.

In the MIT game the Suffolk crew played well trading 6-4 going into the last period but fired out the result. The Engineers scored five goals. Suffolk's goals were scored by MacDonald (2), Burrows and Conley.

Royal Quintet Drops Thriller To Burdett 71-47

Boston, Dec. 19.—Undeclared Burdett College won their ninth straight game when they outlasted the Suffolk basketballers for a 71 to 47 win at the South End gym. It was the third straight loss for the Royals.

Hugginsbottom was high man for the laboring Suffolk five with 16 points.

Goalie Elliot Shafer Sparks Team With Brilliant Saves In 3rd Period

A high-flying Tufts College sextet thrashed Suffolk's Blue and Gold bid for its first hockey triumph of the season by whipping them 5 to 1 at the Boston Arena.

Two first period goals, one each by Bob Haines and Dick Merrow, gave Tufts a commanding lead which was never in jeopardy the rest of the game. Dick Peck scored twice in the second period, Merrow scored twice to make the score 4 to 0. Then Capt. Dave Perkins selected for Suffolk's first and only goal. The sensational play of Suffolk's goalie Elliot Shafer kept the game from being a complete rout in the third period. Continually prepared by hard shots, Shafer turned them aside brilliantly. Merrow first one into net.

Do's and Don'ts on Pay Hike

Eligible veterans now in schools who are entitled to \$350 or \$385 a month under the new rates will not have to apply for the increased allowance, according to the Veterans Administration. Existing applications will supply all the information needed to pay the new benefits. These veterans, therefore, need not write V. A. at the present time concerning their increases.

Be Patient

The higher rates are applicable to periods of training on and after April 1. Since subsistence allowance checks are not due until the end of the month in which the veteran is in training most of the eligible veteran-students will receive their first checks at the higher rates on or shortly after May 1.

Veterans entitled to \$1200 because they have more than one dependent, however, will be required to submit information about their additional dependents before payments at the new rate can be made.

In the case of dependent children, affidavits or certified copies of their birth certificates will be necessary. In the case of dependent parents, evidence of actual dependency must be submitted.

If veterans are in training and evidence of a dependency period to July 1, 1948, they will receive retroactive payments at the new rates back to April 1, 1948. Suffolk University veterans will have an opportunity to submit the required information when a Registration Office opens in March.

The law increasing subsistence allowances affects only veterans at schools, colleges and universities pursuing full time courses.

Dr. Scott-Nearing Believes U. S. Center of Reaction

Declares Communism Can Be Stopped By Keeping U. S. Respectable

"The only way to stop Communism in the U. S. is to make the U. S. a decent place to live in," said dynamic Dr. Scott-Nearing, delivering a lecture on "What America Can Do For The World" to a large SUFFOLK audience under the auspices of the International Relations Club.

"The United States," the Doctor said, "is the richest and best armed country in the world, and the only country in which capitalism remains in monopoly form. It is the natural Center of Reaction in the world as well as the logical Center of Counter-revolution."

He went on to say that certain outmoded facets of our capitalist system must be ended, that we must strive for the furtherance of high abundance-economy (no waste, low price high), that we must develop a more progressive, and intelligently planned, international policy.

The Doctor feels that UN may not prove feasible, however, if it should continue inadequate amendments should be made to his suggestion. A Constitutional Convention to set up World Government is place of UN.

After the lecture proper, Dr. Scott-Nearing offered to answer questions.

Survey Shows Students Laud Council Solutions

"As usual, the Student Council is in the middle," stated Ronald McAuliffe, a junior (CJ).

This was in answer to that much talked about subject, DISTRIBUTION OF FINAL EXAMS.

The Student Council, McAuliffe continued, "worked feverishly at this job and sacrificed much of their own spare time to accomplish it. It's a big job—and most of the students do not realize just how big it is."

If they had more help, the exam is would have given out sooner and more efficiently. Now is the time to plan ahead and get it systematized. With some help from the Student Council, has three months to prepare for it."

George Sullivan, popular sophomore (CIA) uttered a mild protest at the present distribution system.

"Less waiting and less confusion—that's what most of us want. There must be some way that the marks could be ready on Registration Day. I guess I'll take it up with my Congressman."

But on the other hand, Neil Cronin, sophomore (CJ) supporting the 1948 system, declared:

"It's certainly an improvement over the June 1947 system which turned into a fiasco. The Student Council should rate a lot of credit for a fine job."

A noted idea for improvement came from Johnna Bushe, a CJ who said: "Give the exams out by classes. This would avert the long lines."

Studies Plans for Co-op Here

Responsibility of establishing cooperatives in Suffolk University is under investigation by a special committee of the Student Council, chairman of the new Cooperative Committee, Stanley Borenstein, reported today.

Under particular consideration are cooperatives of a food, cafeteria, book, or combination type. A cooperative is controlled solely by its membership, each member having only one vote regardless of how many shares held. People and not invested dollars are the voting.

Membership is open to all who wish and the profits are distributed in the form of patronage refunds. Customers receive a partial refund of the money paid for goods. This refund would constitute a profit in a private enterprise.

Political, Religious Program Passed

At the last meeting of the Administrative Committee, the sub-committee on Political and Religious Organization made their final report and the following recommendations were adopted:

1. That the constitution and purposes of such an organization shall be submitted in writing to the office of Student Affairs and approved or rejected by University authorities.

2. That a periodic report of the organization's program of activities shall be submitted for review and subsequent approval or rejection at any time upon request of University authorities.

3. That due to physical limitations of school property, such as:

Bold Look New Style For Men

Clean out the closet. Mother, the Devil has designed a new look for men!

Never let it be said that the masculine half is lagging socially. The ladies have started something, and we men are going to put the finishing touches to it. Next month fashion magazines throughout the country will proclaim the "Bold Look," as revolutionary a change in clothing styles as anything the flier, sex has come out with.

Sneakies will inspire the wearer with new confidence with their dark, devil-care abandon. Colors will be clearer and sharper in contrast, checks bolder, stripes wider. The special Easter tie featuring polka dots three-eighths of an inch in diameter is something to rave.

Ingraham In Lead, Hemmer Supports In O'Neil Tragedy

The Dramatic workshop, under the direction of Mr. Geo. Kirein, recently announced that the second presentation of the year, in the latter part of April, will be Eugene O'Neill's moving tragedy, "Beyond The Horizon."

This play, one of O'Neill's best, is a play of character, not action. It is in direct contrast to the frivolous, colorful success, "Fashion," that was presented earlier this year. "Beyond The Horizon" is an indictment of romanticism. Robert Mayo is a bookish sort of person, a dreamer. He is forever waiting to be loved. Ruth Ackins is the girl next door. She is the catalyst. She encourages her love for Rob on the eve of his departure on a cruise with his uncle. Consequently his love is a mere fantasy.

Behind "The Horizon" is the story of people in the play they are farm people, but they could just as well be people living on Myrtle Street.

George Ingraham who played Mr. Tiffany in "Fashion," will play the part of Robert Mayo, the dreaming, ungracious brother. Margaret Hemmer, beautiful Liberal Arts Sophomore, will play the part of Ruth Ackins who changes the personalities of both brothers. Andy Mayo, the son of the sea, will be played by Walter Schofield. Mr. Mayo will be played by Herb Kligerman, Captain Scott, brother of Mrs. Mayo to be played by Tom Coleman and James Patrick Rowan will take the part of Dr. Fawcett, Madlyn (scripted Mrs. Ackins, and Ernst Kirein, who did such a magnificent job with "Fashion" will be the director. To date, no one has been chosen to play the part of Mrs. Mayo.

Those who enjoy drama at its best, those who enjoy seeing people fighting the circumstances they themselves invite, will enjoy this best of America's best dramatic, "Beyond The Horizon" by Eugene O'Neill.

The exact dates of the production will be announced at a later time.

MOVIE SLANTS
by Larry Quirk

Successful Merle Oberon is teamed with square-jawed Dan Andrews in "Night Song," a melodrama which presumes to be the patronage of the audience stretched to the snapping point of the collective intelligence is slightly inclined by some dramatic ploys. To wit: Ruthless Oberon discovers Blind Composit, Pianist Andrews prostituting his genius with a hooky-tonk band, and proceeds to give out for a superior shock with her hairy-godmother wand, whereupon the following marvelous events (marriage, diet, transpire: 1. The lady poses as a blind girl (history loves conspiracy); 2. Andrews' blindness, with his love, and I suggest him to compose that Unfinished Concerto (that all Movie-Boards are supposed to have lying around); 3. See to it that he wins a five-thousand-dollar musical prize set up by herself; 4. Perduces the great Arthur Rubinstein (soon Arturo) to play at Carnegie Hall (it's the genius masterpiece which, individually is one of the duldest ditties yet dreamed up by B.C.'s Music Department); 5. Mr. Andrews subsequently goes to New York where his rheumatism is restored by surgery, and proceeds to reveal a natural relationship (since throughout a soft, whining type of guy) to return to his "blind" sweetheart. From now on, the audience is given to understand it's the brightest and gay women for the Healed-Hearted Aching. However, enter Miss Oberon, posing now as his patroness who systematically proceeds to cultivate a fitting romance in the gentleman for his hearing deteriorating of his Blind (legitimate) Girl. And mean, determined to do the right thing, home he goes to find "Miss Oberon" (note he took a fancy to her long the first evening actress in some time to play both heroines and other-woman in the film, aside from this feature, the film possesses little originality and may be fairly offered as a classic example of the delicate production technique characteristic of 95% of the current Hollywood output.

That fine actress, Ethel Barrymore, is waded in the badly-written role of Merles' aunt, Houdi Commauch, and in and out in the role of Agnes, a sidekick, for one who should be an amusingly intelligent can unexpected girl, evidence to a single chocolate has thrown in with 40 minutes of "backtrack" all but through the picture of his life, it's that good.

Science Division Plans New Studies

The acquisition of Hall 46 constituted the Science Department's first move toward a new program designed to give the student more individual attention in the study of general and organic chemistry. The Science Department declared that the Auditorium will no longer be used as a lecture hall. New courses include demonstrator in Dr. Friedman's laboratory, considerably enough, and that in the laboratory of chemical engineering experiments in chemistry. A general physics course is also in the offing. If transportation facilities permit, field trips to the University Museum in Cambridge will be included. The Department plans to work with the smaller types of land and water animals. Most of these specimens will be purchased by the school. Embryology study with frogs and chickens during the summer will be made available to advanced students. For this course on the second floor.

Officers Selected At First Meeting Of Varsity Club

Officers for the coming year were elected at the first meeting of the Varsity Letter Club which was held on Wednesday, February 14, by J. J. Long, president. George Duff, secretary, Albert Ross, treasurer, and Robert Murphy, treasurer. President Long, in his address, was to appoint a Constitutional Committee to organize and give a set of by-laws. Social plans for the coming year include a sports night in the fall featuring athletic movies and a banquet in the winter. It is hoped to slightly increase for all athletes in the University and with other clubs from other schools.

Accident Policies For S.U. Athletes Issued December 8

Accident insurance policies for students participating in athletic and physical activities have been in force since December 8, 1947. W. McAleer reported today. The policies, taken out by the University cover injuries at games and at practices in approved sports. These policies cover one-year period of which time renewable policies may be effected. In cases of injuries the University pays the bill and is reimbursed by the insurer company. As of this date six accidents have occurred since before the start of insurance that which the University paid out of its own funds. The other five cases have been covered by policies. The recommendations for insurance was submitted to the Administration by the Athletic Department last fall.

Basketers' Win Streak Broken by Burdett

Suffolk's vastly improved quarter was bounced off a six-game win streak in the latter part of their 1944 campaign, no matter what the outcome of the game. Being a first half club they generally let at half-time but due to non-sticking combinations substituted to preserve the lead or to stretch the lead, the second half usually proved to be exciting, close and uncomfortable.

The majority of the regular players on this successful 1943-44 basketball team being Freshmen or Sophomores have an optimistic outlook for future seasons. Suffolk 44, Gordon 39
Suffolk defeated the hard fighting Gordon Theological School guard on the court of Bob Steadman, the latter after passing of Stuart Doyle and the eagle eye of Jack Talcott. It was in this game that Wally Baines received the cork injury that kept him out of three crucial games.

Suffolk 44, Bridgewater 32
The basketball boys traveled south on February 14th, and brought their large bag of tricks with them also they met, played and defeated Bridgewater State Teachers College. The Suffolk team out-played out-passed and out-shot a reportedly fine Teachers team.

Burdett 44, Suffolk 35
At the arena Suffolk showed the back and class that had carried them through six undefeated games. That is they showed it in the first period when they took a commanding lead of 14 to 2. In the second period Burdett regained its footing, took a lead of 14 in press clippings and surged ahead to a one point lead at half-time 25 to 24. The second half proved to be a nip and tuck affair with Burdett's Hugh Ope sinking several mean-looking long shots which turned the tide against Suffolk. High scorers of our side were Capt. Jack Talcott and Bob Steadman.

Harvard J. V. 55, Suffolk 48
Playing their second game in as many nights, the Suffolk lads found themselves hot and quite tired on the prairie. Harvard floor Harvard's bench and numbers literally swarmed the Suffolk team as the Crimson Juniors controlled the score all the way.

Bowdoin 58, Suffolk 35
The Blue and Gold of Suffolk unexpectedly continued their 14-day tour of Bowdoin to the extent of making up a half-time score of 20 to 20 when they traveled to get away. The Vacation State on February 21 and 22 and Suffolk was a much over 200 in only that first half spent most of the

Suffolk Paddlers Down Calvin Coolidge

Suffolk's table tennis team was highly successful in its home match last Wednesday night, eight straight sets. Founding paddler Calvin Coolidge, Shoa O'Connell, Hayes and Rosenthal of Suffolk, easily defeated Brown, Louis, Dornand and Gover from Coolidge. Jack De Govey they weren't lucky the same night set over to the other hand, knew the court and all its peculiarities.

Soccer Team Plans Campaign

"Boat the Bull Men," was the cry of the old Scotch players as they went about their favorite game of soccer. The Suffolk soccer team really did "boat the bull" this past season and played like veteran Scotsmen. They left many a college sweating at the final gun, and Suffolk was a name that caused other teams plenty of worry.

The glee club has issued a recruiting appeal to all interested students who would like to join the team and take a boat at the ball.

Handicapped Hockey Squad Ends Season

Our boys have hung up their jerseys and with that the Blue and Gold hockey season has come to an end. This season has shown what the lack of home ice can do to a team. Suffolk practice sessions lasted only four hours a week. One day a week for practice and we look on other colleges and find that not once did Suffolk give universities who have home ice up. The situation will be remedied off up to the last second in an effort to win the game. All in all the boys deserve a credit for the spirit they showed of reality and not just a dream.

At all. Present he is director of the Boys' Glee Club at Reverie High School and also the director of the City of Revere's Men's Chorus.

Now Mr. Goss needs more male voices. Although he is a capable director, he cannot, nor can anyone else, create a glee club if he does not have the men.
