I think we should be on this. It is consistent with everything else you have cosponsored and said on the floor. I also think it might be a good to give a short one-minute speech (possibly this afternoon) announcing your support of the resolution. *MB*

The resolution merely calls for the immediate termination of military aid to El Salvador.

THE WHITE HOUSE

WASHINGTON

February 16, 1982

Dear Joe:

This is to acknowledge your letter to the President of February 1, which reached us February 8, urging the President to reconsider the decision to train Salvadoran troops in the United States and to lessen American military involvement in that country.

In order to ensure a thorough response to the points you have raised, especially with respect to the status of basic human and civil rights in El Salvador, I have directed your letter to the immediate attention of the President's national security advisers. Please know that your concerns will continue to receive very careful consideration.

With best wishes,

Sincerely,
