SALVADORAN PATRIOT

You have the clear and legitimate right to defend your life and your property, if you have to kill terrorists of the FMLN as part of your international duty, do it.

This will be the real victory of the only true people who need and should live in our homeland.

Do not fear/tremble when the dogs of the radio howl brashly, threats and crimes committed against the people are acts which contribute to their self-destruction.

WE WILL DESTROY THEM

WE WILL DECAPITATE THEM

With God and with right and force, we will overcome

THE AIR FORCE OF EL SALVADOR
