EMAIL DIRECTORY

To load the University wide email directory on your desktop follow the directions for your email client:

Email Addresses

All Suffolk e-mail addresses are the first initial of first name and the first seven letters of your last name @suffolk.edu. Example: Fred Flintstone is fflintst@suffolk.edu. However, if you want to use your full name you may do so by using a special utility, which allows the creation of a full name email alias@suffolk.edu. To access the utility open the web browser to:

<http://acad.suffolk.edu/alias>

Instead of fflintst@suffolk.edu your in-coming email address can be fred.flintstone@suffolk.edu.

A reminder: Inclusion in this online email directory does not mean that someone is a regular email user, only that s/he has been assigned an address by MIS.

For Outlook Express 6

(Please note MIS only supports Outlook Express)

Open Outlook Express

Once Outlook Express has loaded, click upper left of screen:

- Tools
- Accounts

Once the "Accounts" window is open, click:

- Directory Services Tab
- Add
- Directory Service

On "Internet Directory Server" name window screen, enter idigress.suffolk.edu next to Internet Directory (LDAP) Server name.

Then click Next

On the "Check Email Addresses" screen, select No

Then click Next

On the "Congratulations" screen, click Finish

Your new entry should show up in the list Directories

Select desired suffolk list from the list of Directories.

Click Properties

Change "Don't show more than 100 results" to be 1000 results

Click OK

In the address book window just below your personal address book, there should be a line

called suffolk_list. Click on that to search. You can search for the first name, last name, or

part of a name by typing in the first few letters. Once you have

found the person you are looking for, you can view his/her name, department, phone

number and email by double-clicking on the name. You can also click on the first few

information into your personal address book on the "Advanced" tab.

Click on the "Advanced" tab.

For more advanced searches, click on the "Advanced" tab.

Click OK

Then click Close

Click on "Create Mail" tab, then click on the Yes button

Click on Find

In the "Look in" drop-down menu, make sure suffolk_list is selected.

Under the "People tab", enter the name, email address of the person you want to search

Click on the Find Now to begin search.

For more advanced searches, click on the "Advanced" tab.

Please note: MTS only supports Outlook Express

For Netscape 7.1

Open Netscape Communicator

Once Communicator has loaded, click upper left of screen:

Window

Address Book

Once the "address book" window is open, click:

File

New, Choose Option "LDAP Directory"

A window will pop-up. Fill in the following information exactly as written below:

Name: Suffolk_list

Host Name: idigress.suffolk.edu

Base DN: o=suffolk university,c=US

Under the "Advanced" tab fill out the following information:

Leave Port Number as it is
