TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Farmington on Tuesday, the 10th day of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, one selectman for one year, a town clerk, two auditors, a trustee of the trust funds for three years, and three budget committee members and all other necessary officers and agents for the ensuing year.

You are also notified to meet at the Town Hall at seven o'clock in the afternoon on Wednesday, the 11th day of March, to act on the following subjects:

Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 3. To see what sum of money the town will vote to raise and appropriate for the Police Department.

Article 4. To see what sum of money the town will vote to raise and appropriate for the fire protection.

Article 5. To see what sum of money the town will vote to raise and appropriate for insurance for the town employees.

Article 6. (By request) To see if the town will vote to raise and appropriate the sum of \$1,800.00 to be applied to the payment for ser-

vices of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association.

Article 7. To see what sum of money the town will vote to raise and appropriate for vital statistics.

Article 8. To see what sum of money the town will vote to raise and appropriate for the Health Department and Town Dump.

Article 9. To see what sum of money the town will raise and appropriate for summer and winter maintenance of highways and bridges and for the general of the Highway Department.

Article 10. To see if the town will vote to raise and appropriate the sum of \$1,301.59 in order to assure State Aid in the amount of \$8,677.27 for the improvement of Class V Highways.

Article 11. (By request) To see if the town will vote to raise and appropriate the sum of \$4,500.00 for the Farmington Public Library Association.

Article 12. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers aid.

Article 13. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post No. 60, American Legion, to be used for Memorial Day observance.

Article 14. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.

Article 15. To see what sum of money the town will vote to raise and appropriate for the care or removal of dead trees located specifically on town property.

Article 16. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 17. To see if the town will vote to raise and appropriate the sum of \$500.00 for the maintenance of the Cocheco River Project.

Article 18. To see if the town will vote to raise and appropriate the sum of \$969.76 to pay for water service at Davidson Rubber.

Article 19. To see if the town will vote to raise and appropriate the sum of \$2,713.65 toward the purchase of a wing assembly for the new truck.

Article 20. (By request) To see if the town will vote to raise and appropriate the sum of \$185.00 to help defray the cost of Christmas lighting.

Article 21. (By request) To see if the town will vote to authorize the selectmen to have all taxable land and buildings in the town revaluated for a sum not to exceed \$20,000.00 (and to issue serial noted in equal amounts up to a period of five years.)

Article 22. (By petition) To see if the town will authorize the Selectmen to appoint a Town Manager to administer the affairs of the town under the supervision of the Selectmen and in accordance with the duties and powers of a manager as set forth in Chapter 37 R. S. A.

Article 23. (By petition) If the above article is adopted, then it is the purpose of this article to see if the town will authorize the Selectmen to appoint the town manager to also be Collector of Taxes within and for such town and to fix his compensation therefor.

Article 24. (By request) To see if the Town will

vote to authorize the Selectmen to accept the roadway leading westerly from So. Main Street into the Pearson development, as a public town highway and to further authorize the Selectmen to determine the length, width, construction details, name and other details of said road in the interests of the town and report the same to the Town Clerk as required by statute.

Article 25. (By request) To see if the town will authorize the Selectmen to accept the roadway leading easterly from Spring Street into land of George Sargent, as a public town highway and to further authorize the Selectmen to determine the length, width, construction details, name and other details of said road in the interest of the town and report the same to the Town Clerk as required by statute.

Article 26. To see what action the Town will take in removing or reinstalling the parking meters.

Article 27. (By petition) To see if the Town will assume responsibility of road maintenance at Lancelot Shores.

Article 28. To hear reports from the Sewer Committee and Planning Board and to transact such other business as may legally come before this meeting.

Given under our hands and seals this 23rd day of February, 1970.

This is to certify that I have examined the account of Eleanor M. Prescott, Clerk of the Municipal Court of Farmington, for the year ending December 31, 1969 and I find them as set forth in the above statement with all payments to the Selectmen and otherwise properly received for with a checking account balance of \$ 0 remaining.

Eugene Nute
Justice

FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

FIRE PERMIT

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

EXCEPTIONS

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations.

Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

PENALTIES

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1970, at 9:00 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
- 3a. To choose a Member of the School Board for the ensuing two years.
4. To choose a Treasurer for the ensuing year.
5. To choose Auditors, and all other necessary officers and agents for the ensuing year.

Given under our hands at said Farmington this 20th day of February, 1970.

WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Farmington High School in said district on the 18th day of March 1970, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To choose agents and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district.
5. To see if the district will raise and appropriate the sum of two thousand dollars to provide transportation for students in grades 1 through 6, attending the Farmington Schools, said students to be transported if they live between the point determined by the School Board to be two miles from the schools to a point where the sidewalks begin along the presently established bus routes.
6. To see if the district will vote to raise and appropriate the sum of \$3,000.00 for a Contingency Fund, as provided by the New Hampshire Revised Statutes Annotated, 196-4b.
7. To transact any other business that may legally come before this meeting.

Given under our hands at said Farmington this 20th day of February, 1970.

Mr. Robert Lord	Mrs. Karen Cote	Sciences
Mrs. Michele Bowen	Mrs. Nancy Joy	Home Ec.
Mr. Alan Wentworth	Mrs. Gail Merrill	Mathematics
Mr. Terrence St. Germain	Mr. Bruce Stearns	Soc. Studies
Mrs. Lydia Lloyd	Miss Mildred Whipple	Grade 2
Mrs. Carol Lachance	Mrs. Susan Clough	Grade 3
Mr. Robert Grondin	Miss Priscilla Gagnon	French
Mrs. Wendy Leriche	Mr. Robert Grondin	English
Mr. Charles McCoy	Mr. William Jerram	English
Mr. Warren Stiber	Mrs. Gertrude Moore	Sciences
Mr. Richard Welch	Mrs. Ruth Scruton	Grade 5
Mr. Daniel Lachance	Mr. David Seavey	English
Miss Patricia Hill	Mrs. Margaret White	Grade 2

As may be seen from the above, the recruitment of professional staff continues to be a problem. Teachers continue to be in short supply with no real relief in prospect. The effect of the new selective service lottery system on recruitment cannot be determined at this writing. This fact, combined with the continued effects of inflation in regard to salary demands, and the scarcity of starting teachers from the colleges and universities contributes to the complexity of the staffing problem.

it would be advisable for the district to do what it can, financially, to induce the competent teachers of the system to remain with the district for as long a period of time as possible.

It would appear that the problem most difficult for the school districts of New Hampshire to solve is that of providing an adequate education for their young people. This education must provide the knowledges necessary to enable young people to compete with others; not only of this state, but of the nation, in obtaining economic and personal independence. School costs, as do all other costs, continue to rise, yet the tax base used for the support of schools has not increased at the same pace. Had the last session of the General Court provided the funds to implement full funding of the educational programs now authorized by law, the Farmington School District would have received over three hundred thousand dollars. However, due to increasing the values placed on the local tax base by the State Tax Commission, and the fact that the legislature did not fully fund its programs, Farmington actually received less state support this year. (1969-1970)

At the present time, a Building Needs Committee of the School District, composed of Mr. Paul Pease, Chairman, Mr. Norman Irish, and Mr. Cornelius Sullivan, Jr., are meeting. This committee was authorized by the last School District Meeting, and was appointed by the moderator at the direction of the voters. It is hoped that the report of this committee, in whole or in part, together with its recommendations, will be found elsewhere in this publication.

Another committee, authorized by the last School District Meeting to study with a committee of the Middleton School District the feasibility of forming an Authorized Regional Enrollment Area of the two districts, has not met as of this writing. However, the Middleton District has been assured of a place for its students to attend school by the signing of a five year contract with the District of Farmington. There are further advantages to be obtained by both districts should they agree to the AREA arrangement. For example, the state school building aid would increase by 10% under this arrangement. With interest rates at the high level they are at this time, the present 30% building aid would not cover an interest rate greater than 5%.

Each year, local transportation presents a problem to the district. The Farmington School Board has ruled that no student who lives less than two miles from school will be carried at district expense, starting in September of 1970. However, it is being asked to insert an article in the warrant to provide transportation for students who live within the two mile limit, and more than one mile from school. It is estimated that a "shuttle bus" to provide this service would cost the District a minimum of \$2,000.00 per year. This would provide a run covering North Main Street, across the Waldron Cross Road to the schools via Charles Street; then out Spring Street and back to the schools via Central or Tappan Streets; then from the schools out Elm Street to the Watson Corner Road, then back to the Schools via South Main Street. At the present time, the buses running out to the country areas are loaded to capacity by the time they reach the two mile points.

Citizens are encouraged to refer to the reports of other school personnel for details as to the operation of local schools, and the statements of progress being made in the various aspects of public education locally.

In closing, the undersigned would like to express their appreciation of the cooperation they have received from the local citizens, school board members, and the professional and custodial staffs. During the days ahead we will appreciate, as in the past, your continued cooperation in the best interest of good education.

Respectfully submitted,

RAMON MARTINEAU
Superintendent of Schools

CHARLES H. MORGAN
Assistant Superintendent

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

The undersigned herewith submits this annual report for the period beginning January 1, 1969, and ending December 31, 1969.

The 1969-1970 school year began on Wednesday, September 3, with 350 students in Grades 8 - 12 broken down as follows: Grade 8 - 91; Grade 9 - 73; Grade 10 - 72; Grade 11 - 52; and Grade 12 - 62. Eight (8) classroom positions were filled and five (5) previous staff members were re-assigned to areas more in conjunction with their training, their background and their desire.

The demands placed upon public secondary education today are enormous: enormous in their importance and enormous in their expenses. Curriculum must be constantly edited, revised, changed or deleted. New course offerings are necessities if the Farmington High School student is to be equipped to compete in post-secondary endeavors with his counterpart from surrounding areas. In line with this reasoning, we have added or revised the following disciplines in the 1969-1970 school year: Introductory Physical Science (Freshman and Senior); Earth Science (Sophomore and Junior); Reading (all Eighth Grade Students); Psychology (Junior and Senior); U. S. History II (all Seniors); and Guidance (Eighth Grade). Internal revisions have occurred in the following areas: Home Economics, Industrial Arts, French and Science in Grades 9 - 12.

This is but a start, and it is my sincere hope that we shall continue to evaluate and re-evaluate to better achieve our goal, "the fundamental task of public schooling is to provide every person with an opportunity to become an educated citizen, to identify and develop fully his unique talents and interests."

Our physical plant is beginning to place serious limitations upon these and other goals. Many sound experimental concepts cannot be attempted because we do not have the physical ma-

chine to accomodate these ideas. Classroom combinations, outside resource experts, core curriculum, team teaching and group dynamics are all hampered by the lack of adequate and suitable space.

The key, however, to the success or failure of any educational institution lies in its staff. The continuity of the educational process suffers greatly by the lack of continuity on the part of the teaching staff. In the 1968-1969 school year, Farmington High School had eleven (11) new teachers and in the 1969-1970 school year, Farmington High School has had eight (8) new teachers. This is entirely too high, and it is the children of the community who suffer most. Farmington, I feel, must be in a position where it can compete with surrounding areas for qualified teachers and then hold these teachers. I'm sure the answer lies in increased salaries, more benefits, better working conditions, etc., which, to say the least, are most unpopular items. However, I don't see that Farmington has any choice if the situation is to be corrected . . . and it must be corrected.

An encouraging aspect of the current year is the Hot Lunch Program. With the aid of special federal funds, we have been able to lower the cost of each individual lunch to 25¢ for high school students and 20¢ for elementary students. This, accompanied by the addition of Mrs. Kiki Morris as director of the program, has allowed us to serve approximately 500 students hot lunch daily. Much of the credit goes to Mrs. Morris and her staff for their ability and their interest.

In closing, I should like to thank the administrative staff of Supervisory Union #44, the elected school officials, the staff at Farmington High School, parents, and students in the Town of Farmington for their cooperation and their assistance. Much still is to be done, and I shall do all in my power to see that it is done.

Respectfully submitted,

R. Marston Erwin

MAIN STREET SCHOOL

ELEMENTARY PRINCIPAL'S REPORT

To the Superintendent of Schools:

Enrollment at the beginning of the school year again showed an increase, rising from 265 to 271. This has increased the strain on our facilities.

We continue to remain fortunate in maintaining the continuity of our staff. We began the year with the same staff as we had last year. We were all saddened by the death of Mrs. Ruth Scruton early in the school year. The sixth grade position thus left vacant was filled by Mr. Richard Welch.

This year we completed our gradual introduction of a modern mathematics system into our curriculum. Sufficient seventh grade texts were purchased to complete the implementation of this program.

Improvements to the plant included resurfacing to the flat roof at the rear of the building and the painting of three of the classrooms.

The state's educational television network continues to provide improving service of which we increasingly take advantage.

We consider ourselves to be very well served by the implementation of the teacher's aide program at our school. Much more of our teachers' time can now be used for purely educational activities.

The provision of a special class for the Farmington school system continues to be a real need. If sufficient funds can be found, this should receive very careful attention in the immediate future.

Respectfully submitted,

David Roberts

MEMORIAL DRIVE SCHOOL PRINCIPAL'S REPORT

To the Superintendent of Schools:

Our grades continue to be divided into three sections with the following teacher assignments:

Grade 1 -- Mrs. Larow, Mrs. Clough, Mrs. Cook
Grade 2 -- Miss Skidds, Miss Hill, Mrs. Lloyd
Grade 3 -- Mrs. Gardner, Mrs. Sawyer, Mrs. Lachance
Grade 4 -- Mrs. Glidden, Mrs. Carr, Mrs. Parshley

We have two changes in our faculty this year. Mrs. Lloyd replaced Miss Whipple in Grade 2 and Mrs. Lachance took over Mrs. Susan Clough's duties in Grade 3.

Our initial enrollment was 334. It has increased to 350.

Our first grade now registers 103, which is too large a number for Grade 1 to be divided among three teachers, but lack of space prevents us from considering other plans.

Although our school is "traditional" we follow some of the "open concept" procedures in that we send children for instruction to other rooms and grades where their individual needs can best be met.

Each year sees improvement in educational TV. I hope the time will comewhen the children can see some of these programs in color -- particularly those dealing with science lessons.

Our teacher aide gives valuable help in clerical work, duplicating, procuring library books, etc. -- thus providing more actual instruction time for teachers.

Miss Skidds is teaching the vocal music in Grades 1 - 4 thereby alleviating Mrs. Bassett's heavy schedule.

Our most outstanding assembly for this year was a safety program presented by Office Pressley and his trained dogs. This program is sponsored by the American Trucking Association and has a valuable "follow through" with its pictures and certificates.

Grades 2 and 4 participated in the October state testing program.

Holidays have been properly noted under terms of the law.

Due to federal reimbursement, our children pay only \$1.00 for five lunches. This has greatly increased the number of children buying hot lunches. About twenty children out of our 350 go home for lunch. Our hot lunch director, Mrs. Morris, does a fine job.

Our report would not be complete if we did not express our appreciation for the fence bordering the first and second grade playground. It has been of tremendous help in supervising play periods.

Principal Erwin and the high school pupils are always willing to give us aid when a need arises.

In closing, I wish to express appreciation to my teachers, school officials and parents for their cooperation.

Respectfully submitted,

Bernice A. Parshley, Principal

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The School Nurse herewith submits her report for the 1968-1969 school year.

The communicable disease incidence was average with the following number of cases found: two chicken pox, one mumps, nine impetigo and three scarlet fever.

There were 13 cases of Pediculosis (head lice) last year. All 13 cases were reported and properly treated.

The School Dental Clinic, sponsored by the Farmington Visiting Nurse Association, was started in January 1969. Grades one through seven participated with a total of three hundred and sixteen children taking advantage of the clinic. The teeth were cleaned, examined and given a fluoride treatment: all parents were notified of any defects and advised to take their children to their family dentist as soon as possible.

An orthopedic clinic was held in Dover during March and three children attended.

The Pre-School Round-Up was held on May 5, 6 and 7, 1969 and eighty-four children were registered at the round-up to start school in September 1969. Each child received a vision test, a hearing test, was weighed and measured, and had a dental check. A medical history was also taken of each child.

Operation Head Start was a summer program with 16 pre-school children participating in it for six weeks.

Heaf Testing (for tuberculosis) was offered to grade one and sixty-four children took advantage of this test.

School health physical examinations were carried out by the school physicians, Dr. George E. Quinn and Dr. Robert E. Lord. Four hundred and ninety-one children were examined. Whenever there was an abnormal condition found, the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Vision testing was administered to six hundred and thirty-

nine students. Hearing tests with the Maico Audiometer were done throughout the school year to help students. Two hundred and eighty-eight were tested.

No child needs to go without glasses because financial assistance is available in obtaining proper diagnosis and corrective treatment. This may be arranged through the school nurse with the help of various organizations.

During the school year, two hundred and twenty home calls were made by the school nurse.

In concluding this report it is a privilege to cite the cooperation of the following organizations and groups who helped in many ways and many times throughout the school year: Kiwanis Club, Salvation Army, Farmington Woman's Club, American Legion, Legion Auxiliary, Elks Club, Rainbow Girls, 500 Boys Club, and Ladies' Church Service Organizations. These clubs and organizations are continuously serving and helping to provide suitable clothing, dental and visual aid, food and many other things for the school children. By doing so they help build a better and healthier community.

The following is the statistical report of the school health work for the school year 1968-1969 with Jean Perkins, R. N., acting as school nurse from September until March due to the absence of Rachel N. Feeny, R.N., school nurse, who returned in April.

Pupils examined by school physicians	491
Pupils examined by school nurse	639
Defects found by school physicians	5
Defects found by school nurse	102
Defects treated	89
In spections of heads	1,644
First Aid to children	1,100
Ill children transported home	65
Ill children transported to doctors	62
Home visits made by school nurse	220

Respectfully submitted,

Rachel N. Feeny, R.N.
School Nurse

REPORT OF THE GUIDANCE COUNSELOR

Report of the Guidance Counselor to the Superintendent of Schools:

The counseling services are concerned in acquiring a thorough knowledge of each student as an individual; to know his abilities, interests, aptitudes, mental, physical, and emotional condition, family background including economic status, and other pertinent information which indicate the way to his best adjustment now and in later life. As in previous reports, I still hold to the philosophy of counseling.

Typical occasions or conditions that may indicate a need for counseling are: (1) personal problems; (2) armed service or occupational information; (3) interpretation of test scores; (4) dropouts, (5) discipline problems; (6) vocational, business, beautician, junior college, and college admissions; (7) educational, vocational, or avocational problems; (8) college scholarships; (9) school adjustment; (10) home problems; (11) health problems; (12) four year program planning; (13) vocational exploration; and (14) school grades and underachievement. Small groups of students who have similar problems or interests attend group counseling sessions. Counseling sessions vary from five minutes to two hours depending upon student needs.

Three projects which the guidance department has undertaken this year are perhaps worthy of note. One of these projects is the Crotched Mountain Foundation Comprehensive Diagnostic Evaluation Program. This program is an additional resource available to Junior High and High School counselors for their students who would benefit from a systematic diagnostic evaluation. A twelve day comprehensive diagnostic program has been designed to systematically assess the educational and vocational abilities and limitations of the individual student. It includes documentation and interpretation of the student's optimal modes of learning in vocational as well as educational areas, with specific recommendations for future remedial programs. This program will assist students of limited academic interest and ability and to acquaint them with the world of work.

The second project, the tutorial, is a project continued from the school year of 1968-1969. Upperclass students assist un-

derclass students who have academic problems during a study period. This one-to-one relationship has greatly helped these students obtain better grades.

The third project is providing educational and vocational information to the eighth grade in large groups. The service provides the eighth graders information about: (1) high school programs, courses, graduation requirements, and miscellaneous; (2) alcoholic and narcotic abuse; (3) college, vocational school, beautician, junior college, business, art school and technical school; and (4) career information.

In closing, no guidance program would be successful unless you have the cooperation of the administration, faculty, school secretary, students, community, and the local governmental agencies. To them, I am grateful.

The following is a statistical report from January 2, 1969, to December 23, 1969.

Pupils interviewed	350
Counseling sessions	1,449
Group counseling sessions	557
Parent conferences	53
Testing sessions	62
Higher Education Representatives	30
Service Representatives	4
Registration and Scheduling	8 days

Respectfully submitted,

George Kourkounas

FARMINGTON BUILDING NEEDS COMMITTEE

Preliminary Report

The Farmington School District Building Needs Committee was authorized by an affirmative vote on Article 7 of the School District Warrant for the meeting of March 19, 1969. The Moderator, at the District's direction, appointed Mr. Paul Pease, Mr. Norman Irish, and Mr. Cornelius H. Sullivan, Jr. as members of the committee. Mr. Sullivan was appointed as the representative of the School Board. At the first meeting of the committee, Mr. Paul Pease was elected to serve as chairman.

As of this writing, January 27, 1970, the committee had met four times. It organized itself, it inspected the Farmington School Buildings, and it studied information made available to it in regard to minimum standards, enrollment projections, and the general educational philosophy of the District as seen by the School Board.

At this time, the Building Needs Committee has reached the following conclusions in regard to this problem:

- a. There is a need for increased space in the Farmington Schools.
- b. This committee, or a similar one, should continue its work, and, after further study, make recommendations to the District in an attempt to solve the space problems now beginning to emerge.
- c. This committee should be funded in order that it may obtain professional consultation services from outside the District.

Respectfully submitted,

PAUL PEASE, CHAIRMAN
NORMAN IRISH
