## STATEMENT BY SELECTMEN

We, the Selectmen of the town of Farmington, herewith submit our annual report for the year 1957 for your consideration.

### HIGHWAY DEPARTMENT

We have completed the Chestnut Hill Road project under our TRA program. We feel that by having a specific program or plan for using the money available from TRA appropriations, together with the appropriation for summer maintenance, we can consistently improve our highways. Rather than skip around each year, patching and repairing, we set up a three year plan. The completion of the Chestnut Hill Road, and the tarring of the streets in the town proper, one third-section each year, has proven the value of this system for the maintenance and improvements of our roads. It is the intention and plans of this Board to start on a second three-year plan, using the TRA funds in another section of the town.

You will find under Article 10 and 11 of the town warrant that we are asking the town to authorize the Selectmen to buy a new grader. This is a much needed piece of equipment as it is used both in the winter for plowing snow, and in the summer for the grading of our highways. Our present grader, because of its age and constant use in the past years is in need of a lot of repair to keep it in operation. It has also been proven by the expenditures of this department that the cost of repairing our other pieces of equipment is a constantly growing figure.

### POLICE DEPARTMENT

We feel that there has been a great improvement in this department, first by having extra protection on Fri-

day and Saturday nights; secondly, by having a more efficiently operated police force. We have had few, if any complaints against this department.

We feel quite certain that the project on the Cochecho River (Lower end) will be completed this year, also that the engineering of the sewer disposal plant will be completed at no cost to the town, thereby laying the groundwork for this much needed unit.

We are also happy to state that the town hall has been restored since the fire of a year ago and that we were able to make repairs and improvements in other parts of the building from the amount received from the insurance settlement.

#### MISCELLANEOUS

Without elaborating on these and other subjects to any great length, we conclude by stating that we have tried to keep within our budget. And in the coming year, even with new equipment for the highway department, our budget will not increase more than a few hundred dollars. It has been our aim to keep the town budget at the same level in order not to increase the tax rate, and at the same time improve our several departments.

CHESTER E. GLIDDEN

FRED H. CHESLEY

CLIFFORD L. TATTRIE

Selectmen of Farmington

# BUDGET OF THE TOWN OF FARMINGTON

## SOURCES OF REVENUE

	Estimated Revenue 1957	Actual Revenue 1957	Estimated Revenue 1958

# TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Farmington on Tuesday, the 11th day of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, three budget committee members for three years, and all other necessary officers and agents for the ensuing year.

You are also notified to meet at the said town hall at seven o'clock in the afternoon on the same date, to act on the following subjects:

Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 3. To see what sum of money the town will vote to raise and appropriate for the police department.

Article 4. To see what sum of money the town will vote to raise and appropriate for fire protection.

Article 5. To see if the town will vote to raise and appropriate the sum of \$150.00 for Civil Defense.

Article 6. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to be applied to the payment of services of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association, Inc.

Article 7. To see what sum of money the town will vote to raise and appropriate for the health department.

Article 8. To see what sum of money the town will vote to raise and appropriate to vital statistics.

Article 9. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges, and for the general expenses of the highway department.

Article 10. To see if the town will vote to authorize the Selectmen to apply the balance of \$6,250.00 of the original appropriation of \$11,000.00 under Article 24, Town Warrant of 1956, toward the purchase of a new grader, and to apply the trade-in allowance on the present grader toward the purchase price of this new piece of equipment.

Article 11. If the above article is adopted, to see if the town will vote to authorize the Selectmen to either hire on serial notes the sum of \$10,500.00, or transfer from the Net Surplus account the sum of \$7,500.00 and hire on serial notes the sum of \$3,000.00, said sums to also be applied toward the purchase of a new grader.

Article 12. To see if the town will vote to raise and appropriate the sum of \$998.72 in order to assure state aid in the amount of \$6,658.14 for the improvement of Class V highways.

Article 13. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the Farmington Public Library Association.

Article 14. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.

Article 15. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 60, American Legion, to be used for Memorial Day observance.

Article 16. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.

Article 17. To see what sum of money the town will vote to raise and appropriate for employees' retirement and social security.

Article 18. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 19. (By request. To see if the town will vote to raise and appropriate the sum of \$316.91 which is  $\frac{1}{100}$  of 1% of the assessed valuation of the town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town, in cooperation with other towns in the Lakes Region.

Article 20. To see what purpose or purposes the town will vote to appropriate the balance of the parking meter fund not otherwise earmarked, and the income over and above the maintenance expenses, in accordance with the provisions of Laws of 1947, Chapter 74, Section 2.

Article 21. To see if the town will vote to authorize the Selectmen to install new parking meter heads in accordance with the provisions of Laws of 1947, Chapter 74, Sections 1 and 2.

Article 22. To see if the town will vote to authorize the Selectmen to transfer from the Net Surplus account an amount not to exceed \$2,000.00 for the purpose of making available monies to be expended in order to meet the assurances required by the federal government prior to the commencement of the Cochecho River Local Protection Project.

Given under our hand and seal this 21st day of February, 1958.

CHESTER E. GLIDDEN,  
FRED H. CHESLEY,  
CLIFFORD L. TATTRIE,

Selectmen of Farmington,

A true copy attest:

## FIRE WARDEN'S REPORT

### FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem—97 percent of all our forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning, improperly extinguished debris, camp and cook fires—all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems

2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material—cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.

4. Make certain that your debris, camp and cook

fires are completely out before leaving them.

5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.

REMEMBER—FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT UNDERTAKING

### 1957 Forest Fire Record For Your Town

Number of fires 3

Acreage burned 5½

Number of permits issued 40

## HEALTH OFFICER'S REPORT

December 31, 1957

In the bracket of our national "Health, Education and Welfare" programs, "Public Health Service" ranks in first place. Regardless of how much or how little importance an individual community places on public health work and its accomplishments; how administered and of what effect, reports reflect but little, short of terse enumeration.

Actual accomplishments are not measured by the administration of a single individual, or a group charged with official responsibility, but are the results of community-wide cooperation and a sense of Good Citizenship, with respect for the rights and privileges of others.

In this, Farmington need make no apology to any source of public accounting in civic responsibility. Toward this end your health officer has pursued the policy of Good Will, without selfish ambition, rather than persecution, prosecution and discriminations. In following this policy, he has the support and endorsement of the state department, with constant recourse to its research, training and advices and pledges continuance under its directives and guidance of the State Health Manual and Public Laws. The cost of ever-increasing study, investiga-

tions, reporting and incidental local work, is absorbed in the "Health Officer's Salary and Expenses", as detailed in your Town Report.

The past year has recorded mounting responsibilities complicated with one bad fire and an epidemic of flu, aside from usual routine. The town and state are cooperating on new and more effective sewage disposal plans which are active and not put aside. Eventual reclassification of the waters of the Cocheco River, in relation to sewage, will be a determining factor.

The Salk vaccinations against crippling polio must be given much credit for no cases reported last year and the treatment is urged for all children of age-eligibility, adults (including middle age groups) and, especially, expectant mothers.

Observance of standard requirements for sanitation are a MUST.

Appropriation for Health Officer's salary does not provide for patrol work. All complaints will be investigated.

**IN CONCLUDING:** My sincere thanks to every citizen, Farmington physicians, school board, superintendent, school and visiting nurses, teachers, the selectmen, police, fire and highway departments, the press, charitable organizations and welfare agencies and the handlers and carriers of waste accumulations, who help to keep our town clean.

**FOLLOWING ARE THE STATISTICS:**

Miscellaneous complaints investigated, 319; hearings, none; prosecutions, none; complaints outstanding (no exposures during winter season; will be activated April 1, 1958), 2; polio, none; meningitis, 1; scarlet fever, 3; strep and septic throats, 19; mumps, 13; measles, 21; chicken pox, 33; virus and/or Asian Flu, 1133; premature birth (out of state hospital), 1; occupational diseases (infections), 14; tuberculosis (reported to health officer), 2; venereal diseases (reported to local health officer), 2; pneumonia (all types), 11; boarding and convalescent homes inspections, 3; permits for foster homes, 11; hepatitis, 2; edibles & supplies (permit to destroy), 1 volume

package; scalp infections, 2; dog bites, 29; unlabeled beverages, 1; disposal unidentified dead animals, 61; improper food displays, 2; plumbing facilities, 3; collection water samples (foster homes), 3; collection of dairy products and food samples (open and packaged), 11; welfare case sanitation, 3; patients quarantined with communicable diseases, 7; keeping and feeding swine, 2; inspection rabbit hutches, 2; poultry houses, 2; dogs quarantined or restrained for observation, 29.

N. B. Three of the cases of communicable diseases reported above were local residents treated by out of town physicians.

Respectfully submitted.

CARL B. CANNEY,

Health Officer.

# REPORT OF AUDITORS

## AUDITORS' CERTIFICATE

We hereby certify that we have examined the accounts of the selectmen, tax collector, town clerk, town treasurer and the trustees of the trust funds, have compared their several accounts, vouchers and bank statement of funds on deposit and find these accounts in agreement and believe these reports to be a true account of the town business for the year ending Dec. 31, 1957 with the following exceptions:

Town Clerk: Overpaid the Motor Vehicle Permits \$153.44.

Selectmen: Total of 1953 polls uncollected appearing in the general ledger is \$2 less than the correct amount. Total of 1956 head, property and polls appearing in the general ledger is \$24.60 less than the correct amount. 1956 interest was overpaid by 65c. Total of 1957 head, property and polls appearing in the general ledger is \$35 less than the correct amount. These were caused by overpayments on the part of the tax collector and were corrected in 1958 during the audit.

## SCHOOL WARRANT

### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 18th day of March, 1958, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriations, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate the sum of \$1,000.00 to help defray expenses of the School Lunch Program. (without recommendation)

10. To see if the school district will vote to become a part of a cooperative secondary school district comprising the present school districts of Farmington, Middleton and Milton.

11. To see if the district will elect one or two representatives to work with others elected by the other districts for the purpose of preparing a budget for the proposed cooperative school district.

12. To transact any other business that may legally come before the meeting.

Given under our hands at said Farmington this 11th day of February 1958.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Farmington :

Recently, the Department of Education issued a bulletin entitled, "Minimum Standards and Recommended Practices for New Hampshire Secondary Schools (Grade 9-12)". The standards established by the Department are to be effective as of September 1958 and after that date, schools that fail to meet the minimum will not be approved.

A team of representatives from the Department of Education will visit your school and evaluate its program and facilities. These visits have a double purpose: first, to make clear to the superintendent of schools, and through him to the school board and the community, just what steps must be taken before September of 1958 if the high school is to be approved during the school year 1958-1959; second, to point out those aspects of the school plant and program which are in urgent need of attention *if the school is to be something substantially more than a minimum school*. Results of the evaluation will be released to the press as soon as they are made available.

Curriculumwise, I feel confident that your high school will meet the minimum standards. However, based on the evaluation of other schools in this area, it is reasonable to assume that many recommendations will be made on the physical facilities, such as; lack of a school library, auditorium, health program, physical education, guidance, school lunch, and the fine arts.

Therefore, every voter is urged to read and study the comprehensive brochure proposing a Cooperative School District for grades 9-12 as the best solution for Farmington, Middleton and Milton. A study of a proposed plan on the local level will be released simultaneous with the Cooperative School District proposal. The impact of our high school population is here. The optimum enrollment impact will be in 1962. Time to make plans is NOW.

As we enter the Space Age many discernible trends in American Education took place in 1957. Outstanding developments which merit close watching are listed below:

1. An insistence that educators and lay administrators give greater consideration to the problems and needs of our public schools. The need to give more attention to the basic subjects. Standards that will compare favorably with those of European countries. Elimination of "soft" courses. The need to respect and reward intellectualism.
2. Greater consideration should be given to the problems and needs of gifted children. Every effort must be made to get maximum returns from the training of talented students as future leaders of the nation.
3. Greater interest in community planning by larger groups of informed citizens. This is reflected in the growth of the Councils for Better Schools throughout the country.
4. There has been a marked increase in the number of communities giving careful study to the possibilities of year round education as one method of reducing costs and providing special programs.

The above are proposed merely for your thoughtful consideration.

I should like to express my appreciation for the cooperation given me during the year as your superintendent of schools by the citizens, school board, and teachers of Farmington.

Respectfully submitted,

RAMON F. MARTINEAU,

Superintendent of Schools

January 24, 1958

## REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

It is with pleasure that I submit my annual report for Farmington High School.

In years past, this report has covered the current school year, but I would like to change that and make my report for the calendar year of 1957.

Starting with the second semester, which began at the end of January 1957, school was progressing along on its normal course. From time to time we had students drop out, the majority of which did so upon reaching the age of 16, when compulsory school attendance ends. By the end of the school year we had a total enrollment of 213, as compared with a total of 240 pupils which entered the previous September.

During the second semester, the faculty had one change with the resignation in April of Mr. C. Vaughn Overman. He was replaced for the remainder of the year by Mrs. Evelyn Glidden.

Shortly after the basketball season and just as we were beginning rehearsals for our one-act plays, the fire at the town hall stopped all activities using the hall. This condition existed throughout the rest of the 1956-57 school year and up until December 2 of the 1957-58 school year. All activities including commencement exercises had to be changed to another location or cancelled.

One of the outstanding events taking place during the spring semester was the class of 1957's trip to Washington and New York. I believe this was the first time in 25 years that a class, as such, has taken such an extensive tour. They left Dover by train on Easter night and after spending a night in Baltimore, a night in Washington, and a night in New York, they returned the following night via train to Dover.

Things of interest seen during this time included Annapolis, the White House, the Capitol Building, Mount Vernon, Arlington National Cemetery in Washington, the tour of Manhattan by both land and sea, the Rockefeller Center, and Times Square at night. It was a most enjoyable and educational trip.

The graduation exercises for the class of 1957, with the exception of the baccalaureate service, were held in St. Peter's Parish Hall. The baccalaureate service was held in the Congregational Church. Because of limited seating capacity in the Parish Hall it was found necessary that admission was by ticket only, and on both nights, class night and graduation, the hall was filled. Franklin P. Liberty was the graduation speaker.

Starting the new school year in September there were several changes. Following is a list of the new teachers and the subjects for which they are responsible:

Maurice Bernier	Science
Edward Chamberlain	Industrial Arts
Richard Keith	Social Studies
Mrs. Gertrude McClintock	Home Economics
Peter Poirier	Languages

The teachers that were held over from the previous year and their subjects are:

Mrs. Lillian Emerson	English
Miss Olive Lawrence	8th Grade
Stanley Towle	8th Grade
Mrs. Pauline Lefavour	Commercial
Walter Sundstrom	Math

I would like to state at this time that the faculty is good and they work well together. I have enjoyed having them here.

A physical change in the school plant this year was the addition of an automatic bell ringing device. In years past the bells were rung manually and many times office girls or principal would lose track of time and the periods would be of different length from day to day. With the new system, periods are of equal duration each day and the uniformity is good for the well being of the school.

At the opening of school in September we had 166 students enrolled in grades 9 through 12 with 60 students in grade 8. The enrollment of classes of grades 8 through 12 is as follows:

GRADE	GIRLS	BOYS	TOTAL
8	31	29	60
9	33	32	65
10	21	18	39
11	19	14	33
12	16	13	29

This is a decrease of 14 over the previous year's total.

From the beginning of school until the end of the first semester we have had, in grades 9 through 12, 10 drop-outs and 10 new pupils, so our net total student enrollment has not changed. This is very favorable compared to the report of a year ago when, at this time, we had a net loss of 14 students. Of those that have dropped out this year, 4 were students who had dropped out in previous years and returned to school this year for another try. One student transferred to another school district. One left to join the service and the remainder left because of lack of interest. Of the total number added during this semester, 6 were boys and 4 were girls, while the drop-outs were 7 boys and 3 girls.

Because of our not being able to use the town hall during the fall, we found that some hardship was created. During the soccer season we could not use the shower room and visiting teams had to dress before they came. We also had to cancel two assembly programs scheduled for the hall. One of these, however, was scheduled for Al-

ton High School and we transported our science students there for a program on atomic energy. Our first use of the hall came on December 2, the day of our first basketball game, when we held a pep rally. Since that time we have used the hall for our games and also for our eighth grade physical education program.

I believe that the school has run well this year through the cooperation of students and the ability and effort of a fine faculty. We are now waiting for an evaluation by the State Department of Education as to whether or not Farmington High will be an approved school. There are several shortcomings. The greatest of these will probably be in the amount of space available for instructional needs. It is still my feeling that the interests of the children of Farmington would be best served by a cooperative school in a new building where there would be plenty of space and a greater variety of courses, to meet their needs, could be offered. I also believe that such a school would be the most economical method for the town of Farmington to operate. Such a school would also be an approved secondary school of the state of New Hampshire.

I would like to thank the school board, townspeople, teachers, custodians, pupils, and superintendent for their support and cooperation during this school year.

Respectfully submitted,

JOHN P. BALL.

Principal

January 22, 1958

## REPORT OF PRINCIPALS OF ELEMENTARY SCHOOLS

Enrollment summary for Glen Street, School Street,  
and Memorial Drive schools, as on January 17, 1958.

I	II	III	IV	V	VI	VII	Total
86	58	62	97	90	72	64	529

Tuition Pupils—Middleton 49

New Durham 5

### TEACHERS

Teacher replacements for this year are as follows: Grade V—Mrs. Florence Gerrish; Grade VI and Principal of Glen Street school, Mr. Harold Thompson; Principal of Memorial Drive and School Street schools and music supervisor, Mrs. Leona Foster.

### INSURANCE

Signed up in the Vermont Accident Insurance policy are three hundred and seventy two (372) pupils, teachers, nurse, and Hot Lunch workers. This economical policy covers accidents at school or on the way to and from school.

### SCHOOL LUNCH

A Federally approved school lunch program is again offered under the supervision of Mrs. Marion Richardson, Mrs. Arlene Goodstone and Mrs. Marguerite Furber are assisting. For \$1.25 a week children are given a well balanced meal with milk. Through the generosity of the Middleton Gospel Church, the Kiwanis Club, and some private individuals, we are able to offer to some needy children a "free or reduced rate" meal. We have also received some federal surplus commodities, (although to no extent as in the past four years), and are given a 5 cent per meal subsidy from state-federal funds. Without these aids we would not be able to operate. In addition to Memorial Drive children, this year the program has been offered to School Street. These children eat in the corridor at tables, which are taken care of by Mr. Densmore. The average number of daily meals served is two hundred (200)

## CHANGES OR IMPROVEMENTS

The teachers' room has been converted into a Remedial Reading room and is used all morning by Mrs. Winifred Kimball. This year she has been working with some 1st and 4th graders. There is a great need for this type of instruction, but it is felt that a good start has been made. Help of this type has to be done with small groups, and when it is seen that a child no longer needs this help, he or she is replaced by another.

The stock room has been used extensively this year for music instruction. All instrumental teaching is done there and when no piano is available, entire classes are taken there for vocal instruction. Through the generosity of Mr. Parkhurst, Mr. Prescott, Mr. George, Mr. Eaton, and the town of Middleton, five pianos have been given to the schools. These were moved by some of the High School boys and in Mr. Harvey Morphy's truck.

During the summer two classrooms and six bulletin boards were repainted. Thirty-five feet of tar were added to the playground extending the covered area farther out toward the edges. Up to now about two-thirds of the playground has been tarred, and it is hoped that the rest will be completed in 1958. It is surprising the amount of wear and tear this saves on the floors and the footwear of the children.

Two tether balls and two basketball backboards with rings were added to the playground.

The intense interest which Mr. Densmore has in the school and the children is reflected in the appearance of the building and the grounds.

In the fall, white lines were painted on the tarred area dividing it into separate divisions. This keeps the children in their own spheres and cuts down on accidents.

## GLEN STREET SCHOOL PLAYGROUND

Due to the crowded conditions on the playground, it was necessary to reorganize and have the girls and boys use different sections. Installation of another tether ball pole gives five in all to be used. Basketballs and nets were purchased and are being used to advantage.

### PHYSICAL EDUCATION

A program of physical education has been in effect at Glen Street school. The first half year activities included calisthenics, marching relays, and games. Fundamentals in basketball, volleyball, softball, and soccer were taught. Following the Christmas holidays, the classes used the Town Hall while the weather conditions were poor.

This program helps to develop the child physically and socially. The pupil is never too young to learn good sportsmanship and fair play.

### INSTRUMENTAL PROGRAM

This program has grown from ten pupils in September to a present thirty-three. Former members of the Farmington Town Band contributed several instruments to our schools and these have all been loaned and are in constant use. The best part of this program is that all (but one) instrumentalists are elementary children so it should be possible that in the years ahead Farmington should have a good band and orchestra. Mrs. Bassett continues with us as the instructor and is doing a fine job.

### SCHEDULE

Our school complies with the State Department of Education regulations concerning minimum hours.

Grade I	8:30 a. m.—11:15 a. m.	1:00 p. m.—2:15 p. m.
Grade 2-7	8:30 a. m.—11:45 a. m.	1:30 p. m.—3:00 p. m.
	Morning recess—10:15—10:30	

### TESTING

During January and February the California Mental Tests were administered to Grades 2, 4, 5, 6, 7. Grade 3 was tested last year. Because one mental test does not give a true picture of the child's ability, these should be given every two years and then a reasonable estimation of the child's ability is obtained. The teacher with this knowledge is better able to determine whether a child is working to capacity or not.

Besides the mental test, the Stanford Achievement Tests were given to all classes. Given at the end of the half year, a teacher can stop and take "count of stock".

She knows from these tests where the strong and weak points are in her children's learning and still has a half year to work on weak areas. By these tests our children are compared with those all over the United States.

### BOOKS

In Social Studies new textbooks were placed in Grades 5, 6, 7. The Follett series were chosen and are among the best published in the country. Music books correlating with the Social Studies books are being ordered as the need for replacements is met. Grade V at School Street has the book "Voices of America", "Voices of the World" (grade 6) and "Music Across our Country" (grade 4) will be ordered next.

### CHRISTMAS PARTIES AND PROGRAM

Through the generosity of the 500 Boy's Club, the American Legion, the Kiwanis, and the Business Men's Association it was possible for every child to have a gift at Christmas. In addition to this each teacher provided a tree, candy, and other goodies for her room. It was in truth, a "Merry Christmas".

Through the united efforts of all the Elementary teachers, a musical Christmas program at the Town Hall on Dec. 20 was the highlight of the month. Without this excellent cooperation and intense drill of the teachers, this would not have been possible. Over 500 children participated in this, and although none felt that it was perfect, we all were gratified at the performance of our children.

### PROFESSIONAL ACTIVITIES

All teachers are members of the New Hampshire Education Association: seven (7) are members of the National Education Association: Frances Doe and Clarice Lougee are Treasurer and Secretary of our local association. Leona Foster is a delegate from Union No. 44 to the Assembly of delegates, the law-making body of the N. H. E. A.

With the year half over, it seems appropriate to express to the town of Farmington, to the School Board, to Mr. Martineau, to the excellent and dedicated teachers,

and to the wholesome children, a sincere expression of appreciation for all that has been done to make this year an enjoyable and profitable experience.

Respectfully submitted,

LEONA FOSTER,

HAROLD THOMPSON,

Elementary Principals.

---

## REPORT OF SCHOOL NURSE

To the Townspeople, School Board and Superintendent of Schools:

During the last school year, the incidence of communicable disease has been low with the exception of a mild epidemic of German measles. There were nine cases of chicken pox, four cases of measles, one case of mumps, twenty-three cases of impetigo, five cases of scarlet fever, ten cases of skin ringworm and three of scalp ringworm all of which were animal form.

The usual annoying incidence of pediculosis (head lice) totalled one hundred and six cases throughout the school year. In most cases, when this condition was reported to the parents and the child excluded from school, prompt treatment was carried out by parents. However, in some cases, the treatment was not carried out correctly or else there was a lack of interest or means and the children missed a lot of time from school and other means had to be taken.

Ten students were transported to Rochester to the Orthopedic Clinic at one time or another throughout the school year and seven children (students) were transported to Rochester to the T. B. Clinic at one time or another during the school year. Eight students received Physiotherapy treatment at two different clinics during the school year. Miss Mary Bullock, R. N., State Physiotherapist, gave the care and instructions at the clinics.

There were four polio clinics in the school year. November 14th, 1956 three hundred and ninety-four students were vaccinated: December 12, 1956 one hundred and five students were vaccinated: May 22, 1957 seven hundred and one students were vaccinated and June 9, 1957 two hundred and fifty-five students were vaccinated against polio. Dr. George Quinn and Dr. Robert Lord, the school physicians, were the doctors at all the clinics.

The usual health and physical examinations were carried out by Dr. George Quinn and Dr. Robert Lord and whenever it was noted that there was an abnormal condition existing in any pupil, the parents were notified and advised to consult their own family physician. Minor defects were promptly treated.

Hearing tests with the Maico Audiometer were done throughout the school year to help the student in any way and vision tests were done also to help the student in any way. The parents were notified and advised to consult their family physician if any defects were found in the hearing or vision of a student. Financial assistance to those who need financial help in obtaining proper diagnosis and corrective treatment can usually be arranged so no child should go without proper visual correction.

The Pre-School Roundup was held May 13 and 14, 1957 and seventy children were registered at the round-up to start school in September 1957. Each child was weighed, measured, had a hearing and a vision test, also had their teeth checked. The history of the child was also taken at that time.

During the school year, sixty-three were transported home and it is advisable for any parent who works to be sure that either the teacher or school-nurse knows where the child is to be taken in case of illness in school and who is to be notified in an emergency.

In concluding this report it is a privilege to mention the cooperation of our service organizations and groups who have helped in many ways and many times: Kiwanis, Red Cross, Salvation Army, Ladies Church Service Organizations, Grange and the Welfare Council. These groups continuously serve in providing suitable clothing,

dental, medical and visual aid and are building the foundations of a thriving healthy community. As school nurse, I want to thank you all very much.

Following is the statistical report of the health work:

Pupils examined by physicians	444
Pupils inspected by school nurse	480
Defects found	168
Defects under treatment	143
Visits to homes	245
Visits to schools	370

Defects	Number	Number Under Treatment
Vision	40	30
Hearing	1	1
Inspections (heads)	106	106
