STATEMENT OF SELECTMEN

We, the Selectmen of Farmington, herewith submit our annual report for the year 1963, for your consideration.

We would first like to call your attention to the financial report. Our surplus this year is \$7,998.18. This in part is due to the operation of every department with the maximum of service combined with a minimum of expense. The end result of these efforts enabled us to stay within our overall budget and resulted in an increase in our surplus amount. The value of having a surplus was appreciated this year when we were compelled by necessity to put a new roof on the Town Hall. With approval of the Budget Committee we drew from our surplus the sum of \$5,300.00 to do this work and not effect our tax rate by having to raise the money by taxation.

With the money from the Parking Meter Reserve fund we continued to build and repair sidewalks on Central Street and other streets where we found it necessary, also the gutters on Central Street from Main Street to the Post-office were all rebuilt bringing a much needed improvement in that section. It is still our plan to use the monies from this reserve fund for more improvements in other sections of the town.

The appropriation for summer maintenance will be used as a continuation of re-surfacing the streets, installation of culverts, improvement of our drainage system and all other improvements as may be deemed necessary of the roads in all sections of town.

The money appropriated for T.R.A. or Town Road Aid was used to complete approximately 1 mile of the Meader-

boro Road. This money will be used in different sections of the town each year to improve our roads.

Under the welfare departments we find it necessary to ask for an increase of \$3,000.00 as this is increasing each year with more old age assistance and town poor.

We wish to extend our sincere appreciation for the fairness and understanding given us by the townspeople and so hope that our efforts resulted in benefits to both the individual and the town.

CLIFFORD L. TATTRIE
FRED O. TEBBETTS
CARROLL H. KIMBALL

AUDITOR'S CERTIFICATE

AUDITOR'S CERTIFICATE

We hereby certify that we have examined the accounts of the selectmen, tax collector, town clerk, town treasurer, trustees of the trust funds and municipal court, have compared their several accounts, vouchers and bank statement of funds on deposit and find these accounts in agreement and believe these reports to be a true account of the town business for the year ending December 31, 1963.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Farmington on Tuesday, the 10th day of March next, at nine o'clock in the forenoon, to act on the following subjects.

Article 1. To choose one selectman for three years, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, three budget committee members for three years, and all other necessary officers and agents for the ensuing year.

Article 2. To choose Delegates to the Consitutional Convention.

Article 3. To vote on the question "Shall sweepstake tickets be sold in this city or town?"

You are also notified to meet at said Town Hall at seven o'clock in the afternoon on the same date, to act on the following subjects:

Article 4. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 5. To see what sum of money the town will vote to raise and appropriate for the police department.

Article 6. To see what sum of money the town will vote to raise and appropriate for fire protection.

Article 7. To see what sum of money the town will vote to raise and appropriate for the health department.

Article 8. To see what sum of money the town will vote to raise and appropriate to vital statistics.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the Farmington Public Library Association. (By request)

Article 10. To see if the town will vote to raise and appropriate the sum of \$1,800.00 to be applied to the payments for services of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association (By request).

Article 11. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges and for the general expense of the highway department.

Article 12. To see if the town will vote to raise and appropriate the sum of \$925.01 in order to assure State aid in the amount of \$6,166.75 for the improvement of Class V Highways.

Article 13. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.

Article 14. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 60, American Legion, to be used for Memorial Day observance.

Article 15. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.

Article 16. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 17. To see what purpose or purposes the town will vote to appropriate the balance of the parking meter

fund not otherwise earmarked and the income over and above the maintenance expenses, in accordance with the provisions of Laws of 1947, Chapter 74, Section 2.

Article 18. To see if the Town will vote to extend the sewer line up Main Street from their present terminal to terminate in the area of the town reservoir near the houses of Harry W. Knox and Ira Brown and to raise and appropriate the money necessary for this expansion of the sewer. (By request)

Article 19. To see if the Town will authorize the Selectmen to sell a certain parcel of Town land to William Vachon for an agreed price, said land being located on the corner of Winter Street and Lone Star Avenue Extension, abutting the Vachon homestead and being approximately 80 x 75 feet in size. (By request).

Article 20. To see if the Town will vote to establish a Planning Board of five members, consisting of one Selectman and four other citizens appointed by the Selectmen with duties and powers as set forth in RSA 36, said Board to make a study of the present and future development of the Town and to make appropriate recommendations for the improvement and development of the area in the best interests of the Town (By request).

Article 21. To see what sum of money the town will vote to raise and appropriate for the care or removal of dead trees located specifically on town property.

Article 22. To see if the Town will vote to authorize the Selectmen to hire on serial notes the sum of \$10,000 and to transfer from the net surplus account the sum of \$5,087.00, to apply the trade in allowance on the 1947 Oshkosh toward the purchase price of a new truck, wing & plow.

Article 23. If article 23 is not adopted, to see if the Town will vote to authorize the Selectmen to transfer from the net surplus account the sum of \$5,000.00, said sum to be

used toward the purchase of a used truck, w ing & plow or to repair the 1947 Oshkosh.

Article 24. To see if the town w ill vote to authorize the Selectmen to file in behalf of the Tow n an application (in form and manner required by the United States and in conformity with p. 1. 560, 83rd Congress) and do waht- ever else may be required for an advance in the amount of \$60,000.00, to be made by the United States to the Tow n of Farmington, New Hampshire, to aid in defraying the cost of final plan preparation for sewerage and sewage treat- ment facilities for the Town of Farmington, New Hamp- shire, and, further, to see if the Town will make the nec- essary arrangements to provide such additional funds as may be required to defray the cost of final plan prepara- tion.

Article 25. To see if the Town will vote to authorize the moderator to appoint a committee of five, to work in conjunction with the Selectmen on all phases relative to the sewerage and sewage deposal plant in accordance with Order #842 of the New Hampshire Water Pollution Commission.

Given under our hands and seal this 21st day of February, 1964.

REPORT OF THE FOREST FIRE WARDEN AND YOUR
DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience - a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump - its safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

HEALTH OFFICER'S REPORT

December 31, 1963

903 hours were occupied with Health Officer's work in 1963.

FOREWORD:

The older order of Health Officers' work has undergone a multitude of magnified duties within the experience of the current administration. It entails constant study, going to school and the application of experience to the many facets embraced in the merger of the HEALTH, EDUCATION & WELFARE DEPARTMENTS.

Nineteen Hundred and Sixty-three was normal in basic factors, with some new experiences and problems posed. In the foreseeable future, Farmington will face some unavoidable and mandatory projects, with incidental costs running into high figures. The sewage disposal problem is an example. All, or most of these, as officially scanned, will be eligible for percentage assistance from State and Federal governments. All of these now are existing and remedies circumvented rather than avoided. No budgets set up for them can be accurately anticipated, or the cost of any year of Health Work, largely a matter of emergency, and no less demanding than the major items of government expense. THEY MUST BE MET.

Again it is the privilege of your HEALTH OFFICER to express THANKS for the unstinted cooperation of all town and precinct departments, local physicians, school personnel, school and visiting nurses, patriotic, fraternal and charitable organizations and agencies, the press, THE GENERAL PUBLIC AND KENNETH E. GUNN (the always on-the-job DISTRICT CHIEF) and the home offices of the STATE HEALTH DEPARTMENT.

* * * *

THE VITAL STATISTICS:

Complaints investigated 319; hearings, 0; prosecutions, 0; investigations, injuries to cattle claimed from drinking dairy chlorinated drainage, 2; contacts with health immigration officers at Hoboken, N. J., clearance after waiting period for tourists returning home after exposure in small pox areas of Europe, 2; vaccination certificate-clearance for tourists going out of the country, 6; inves-

tigation of rabies suspected in cat scratch-bite case, 1; Gamma Globulin secured for out of town physicians treating local patients, 3 family-cases; Polio, 0; hepatitis, 8; scarlet fever, 0; strep throats, 21; mumps, 3; venereal diseases, 2; occupational diseases 2; measles, 9; tuberculosis, 2; pneumonia, all types, 11; foster board, care, convalescent homes and restaurants inspected, 10; barber shops, 2; improper display of foods and edibles, 2; dairy inspections, 5; quarantines for communicable diseases, 0; dog bites, 19; disposals of dead domestic animals, 27; collection of dairy products, open and packaged, 9; inspection of premises vacated (unsanitary), 2; Orders issued following investigation of complaints, 4; complaints outstanding, numerous in areas, (general); assists in state-supervised patrols and surveys, 4; Conference with superiors, in town and out, 10.

Respectfully submitted

Carl B. Canney

Health Officer

Farmington, N. H.

The printer of this report wishes to extend his apologies for the late delivery of the job.

At the time of accepting copy, it was planned to produce it letterpress method, but, due to a chain of circumstances too lengthy to relate here, it was necessary to produce them by the offset process.

The printer wishes all concerned to realize the late delivery was production problems, and not the fault of Selectmen or Town officials.

Sincerely,

A handwritten signature in cursive script that reads "Donald C. Taylor".

WARRANT FOR SCHOOL DISTRICT MEETING

THE STATE OF NEW HAMPSHIRE

Polls open at 9:00 A. M.

To the Inhabitants of the School District in the Town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1964, at nine o'clock in the forenoon, to act upon the following:

Article I. To choose a Moderator, a clerk, a Member of the School Board for three years, a Treasurer, Auditors, and all other necessary officers and agents for the ensuing year.

Given under our hands at said Farmington this day of February 1964.

Roger A. Nutter
Beulah L. Thayer
Alex C. Haskell
School Board

A true copy of warrant--Attest:

Roger A. Nutter, Beulah L. Thayer, Alex C. Haskell
School Board

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of FARMINGTON qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 18th day of March 1964, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To choose agents and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
5. To transact any other business that may legally come before this meeting.

Given under our hands at said Farmington this 24th day of February 1964

Roger A. Nutter
Beulah L. Thayer
Alex C. Haskell

SUPERINTENDENT OF SCHOOLS REPORT

To the School Board and Citizens of Farmington:

This year I should like to deviate from the normally formal type of report to a question and answer type report. This type of report is inspired by the many questions which have arisen in the past about the State School Organization, School Boards, Teachers, School Districts and School Money. The answers will be as interpreted by this office.

Must we have a State Department of Education?

Yes. There shall be a department of education consisting of a state board of education of seven members, a commissioner of education and such other officials and employees as may be authorized. RSA 181:1

What are the powers of the state board of education?

The state board shall have the same powers of management, supervision, direction over all public schools in this state as the directors of a business corporation have over its business, except as toherwise limited by law .RSA 186:5

Can the state board make rules and regulations?

Yes. The "Minimum Standards and Recommended Practices for New Hampshire High Schools," Grades 9-12, adopted June 18, 1962 and the "Regulations Governing the Certification of Professional School Personnel" in the Public Schools and Approved Private Schools, adopted July 1, 1962, are examples. 186:5 RSA

Must the local school board comply with these regulations?

Yes. They shall comply. RSA 186:5

What are the powers of the local board?

They shall determine the salary and term of employment of all professional and non-professional personnel, authorize all purchases, provide suitable accomodations of

the pupils in approved schoolhouses, seasonably prepare a budget of school expenditures and they shall exercise all powers and perform all duties vested in and imposed upon the school board by law or regulation of the state board which are not committed to the superintendent or by them expressly delegated to him. STATE BOARD REGULATION

What are the powers and duties of the Superintendent?

He shall give his entire time to the performance of the duties prescribed by law and by regulation of the State Board. He shall enforce or cause to be enforced the rules of the school board, the regulations of State Board and all laws relating to the administration of the public or private schools or affecting the welfare of children.

How is the superintendent selected?

He is nominated by the joint-board of Supervisory Union #44 and elected by the State Board of Education. RSA 189:43

Who determines the supervisory union budget?

The school board of the several districts fix the salary or salaries, and apportion the same among the several districts. RSA 189:43

Must a high school or comprehensive high school be approved by the state board in order to qualify for financial aid?

Yes. In order to be approved, a high school or a comprehensive high school must meet statutory requirements and state board regulations.

What is the difference between an approved and a comprehensive high school?

Basically, an approved high school offers a minimum of academic subjects, a comprehensive approved high school offers an academic program and a vocational program of at least 14 units plus additional special services. (194:23, 194:23a)

Can a student attending an approved high school request permission to attend an approved comprehensive high school?

Yes. A student can request permission to attend an approved comprehensive high school to take courses better suited to the need and capabilities of said student. RSA 194:23d

Who is responsible for the tuition?

The school district. RSA 194:23d

Must either type of approved high school have a library and a certified school librarian or teacher librarian?

Yes, a school the size of Farmington High must have a minimum of one period daily for each 100 pupils. It is recommended that library service be provided on the basis of one period for each 75 pupils. In either case, the library must be open during school hours. (State Board Regulation)

Must an approved high school provide guidance services?

No, not for an approved high school.

Must an approved high school provide physical education, offering in the Fine Arts, and school health service and school lunch program?

No, these are not required to meet state board approval, however, they are highly recommended.

Must a professional school personnel be approved by the state board of education?

Yes, regulations governing the certification of professional school personnel in the public schools were adopted by the State Board of Education March 12, 1962.

Must a teacher become a member of the N.H. Teachers' Retirement System?

Yes, any person who becomes a teacher after date of establishment of said system shall become a member as a condition of employment.

The above resume of some of the requirements which govern the administration of the public schools in your community by the school board, the administrators and teachers should clarify in the mind of the public the necessity for an understanding of the facts and a willingness to face the issue of local support without emotion.

In conclusion, I would like to express my appreciation for the cooperation given me during the year by the citizens, school board, pupils and teachers of Farmington.

Respectfully submitted,
Ramon Martineau
Superintendent of Schools

REPORT OF THE PRINCIPAL FARMINGTON HIGH SCHOOL

To the Superintendent of Schools:

The undersigned herewith submits his report for the period from September 1st, 1963, to January 27th, 1964.

On the opening day of school the enrollment in grades eight through twelve was 273 pupils. Since then, there have been 6 pupil transfers to other schools; 8 pupils have left school; and 9 new pupils who have enrolled since school began. The present enrollment is 268. The overall loss in enrollment has been 5 pupils. In addition there is one post graduate student attending on a part time basis.

In June of 1963, Farmington High School graduated 31 students. Of this total, 14 elected to continue their educations in colleges, universities, business schools, nurse's training schools, and other institutions. Two entered the Armed Forces, and 3 became housewives; the remaining 12 graduates are gainfully employed.

At the beginning of the school year, the World Geography course was discontinued because of lack of interest and three new courses - Psychology, Economics, and Sociology - have been added to the program of instruction. These three courses are designed to increase the

number of electives available for upper classmen, and to broaden the educational background of Farmington High School graduates.

The students have had a very limited educational guidance program offered to them. It is recommended that this program be expanded to the point where it would meet the minimum requirements of all high school students. Those pupils who have had an opportunity to avail themselves of this service report that it has been very helpful to them. It is also worthwhile to indicate that this extension of educational guidance could be made without adding to the total number comprising the high school staff.

At this juncture, it would seem appropriate to point out that an additional eighth grade teacher will be required during the 1964-1965 school year. This is made necessary by an anticipated increase in the eighth grade enrollment from the present 56 to 90 pupils, and to the fact that the high school enrollment is expected to increase. It would seem realistic and consistent with current practices to strive to maintain a pupil-teacher ratio of 30 to 1 in the eighth grade.

In endeavoring to develop an educational opportunity comparable to that of neighboring communities, and harmonious with state recommendations, it is hoped that the present strong College Preparatory and Business Training programs can be continued, and that the Home Economics and Industrial Arts curriculums can be strengthened by the addition of four subjects. This would enable vocationally minded boys to pursue a four year sequence of industrial arts courses; and the girls who intend to enter homemaking to follow a three year sequence in the field of home economics. In addition, it would be desirable to add a fourth course for those girls who have not had an opportunity in this area because of the election of a college preparatory or business program. These program extensions could be incorporated in the program of instruction with no additional increase in number in the high school faculty.

The students have open to their use a fairly large number of co-curricula activities. Among these are eight ath-

letic teams, (soccer, volleyball, varsity and junior varsity basketball for boys and girls, baseball, and softball); three clubs, (the Science Club, the Dramatics Club, and the Future Teachers of America Chapter); the Student Council; and the five Class organizations. It might be well to note at this time that the Student Council seems to have the student driving problem well controlled, and is assuming more responsibilities about the school. The other groups mentioned above are carrying out very active programs, also.

The district is fortunate in having a faculty of experience and skill at its disposal. It is the part of wisdom to encourage these teachers to remain in Farmington, for the return on the investment is far greater than the increase in salaries. It is true that less experienced instructors would be less expensive to engage, but the children would suffer in receiving a poorer education, and from the on-the-job learning by the new instructor. The latter is often a very expensive luxury.

The building has remained in good condition and requires no more than the usual precautions necessary to preserve the district's investment. As time goes on, and the district is able, consideration should be given to the addition of new equipment and furnishings. It might be wise to consider the necessity for additional classroom space in the future, as the enrollment projection continues its upward trend.

In closing, the writer would like to express his appreciation of the fine cooperation he has received from the Farmington School Board, the Superintendent of Schools, fellow principals, faculty and staff, and from the pupils and parents.

Respectfully submitted,
Charles H. Morgan
Principal

MAIN STREET SCHOOL ELEMENTARY PRINCIPAL'S REPORT

To the Superintendent of Schools:

ENROLLMENT

During the 1963 - 1964 school year the Main Street School housed grades 5 - 7. The initial enrollment, by grades, was as follows:

Grade 5 (2 Sections)	62 pupils
Grade 6 (3 Sections)	88 pupils
Grade 7 (3 Sections)	90 pupils

STAFF

The teaching staff and assignments have been as follows:

Grade 5A - Miss Stevens
Grade 5B - Mrs. Chellis
Grade 6A - Mrs. Maxfield
Grade 6B - Mrs. Batchelder
Grade 6C - Miss Filgate
Grade 7A - Mr. Roberts
Grade 7B - Mrs. Spear
Grade 7C - Miss Gainor

Each section of the fifth and sixth grade classes operates on the basis of the regular elementary self-contained classroom.

The seventh grade operates on the basis of a modified type of departmentalization. It is hoped that this will prepare these students to make the adjustment more easily to the considerable differences they will find between the elementary and secondary school systems when they move on to high school.

CHANGES OR IMPROVEMENTS

The continuous development of our school library as a strong and highly effective element in our total school learning environment was further enhanced this year by

the purchase of a considerable number of new volumes of various topics and age and interest levels.

Further improvements were made in our textbook supply. Our program of replacing our language series was completed this year with the purchase of seventh grade texts. This, as with our similar programs in other subject areas, was a three year program. The first year the fifth grade received the new books, then the sixth grade, and then the seventh. In this way each child has the benefit of following a program of instruction that has maximum correlation as the result of using the planned series of a particular publishing company.

In a similar manner the renewal of our social studies tests was nearly completed.

SPECIAL INSTRUCTION

We have had the advantage of the services of four special instructors this year.

Our vocal music program has been supervised by Mr. Julian Leach.

Mrs. Bassett, again, has been providing our pupils with instrumental instruction. Many get individual lessons at this building, and some receive further group instruction at the high school in their capacities as members of the school band.

The Rindhart writing program is still in effect. A continuing high quality of hand writing seems to be its result.

Our biggest boon in this area this year has been the return of the greatly needed and fully utilized service of remedial reading on a full year basis, even though it is only for half a day. More time is needed for this service if it is to realize its full potential in aiding those students who need and can benefit by special help in this vital area of reading.

U. S. SAVINGS STAMP AND BOND PROJECT

The students are again provided with an opportunity to buy U.S. savings stamps at school. The program is almost

SD31

entirely student operated, so it serves a dual function: (1) to encourage habits of thrift and patriotism, and (2) to develop the students' sense of responsibility and service.

Respectfully submitted,
David C. Roberts,
Principal
Main Street School

MEMORIAL DRIVE SCHOOL

Principal's Report

To the Superintendent of Schools:

On the opening day of school, September, 1963, our enrollment was as follows:

Grade 1	Mrs. King	29 pupils
Grade 1	Mrs. Clough	33 pupils
Grade 1	Mrs. Cook	32 pupils
	Total Grade 1	94
Grade 2	Miss Skidds	31 pupils
Grade 2	Mrs. Shaw	31 pupils
Grade 2	Mrs. Parkinson	30 pupils
	Total Grade 2	92
Grade 3	Mrs. Gardner	35 pupils
Grade 3	Mrs. G. Clough	36 pupils
	Total Grade 3	71

Grade 4	Mrs. Collins	30 pupils
Grade 4	Mrs. Larow	30 pupils
Grade 4	Mrs. Parshley	20 pupils
	Total Grade 4	80
	Total	337

Our present enrollment is 337. Total enrollment so far this year has been 343.

During the year, our staff has been making a study of various aids and advances in the teaching of primary reading and arithmetic. We are putting some findings to practical use and, with additional material, plan functional use of others for the next school year.

We are fortunate in having the following special teachers: Mr. Julian Leach--vocal instruction, Mrs. Dorothy Bassett--instrumental music and Mr. and Mrs. Metava, instructors of the Rinehart writing system.

We have taken advantage of some fine, educational T.V. programs. We average one assembly a month--devoted to an appropriate subject.

The application of blacktop to more of the playground and the strip surrounding the building has made a great improvement. Our long hall has also been made much more light and attractive by painting it a lighter color. There is still a need for playground equipment on the third and fourth grade play area.

Many of our pupils take advantage of the Hot Luch Program. In this connection, a report of our school would not be complete without expressing appreciation to the Future Teachers' Club of Farmington High School, who has helped, not only with this program, but in many other ways.

Although Farmington High School and Memorial Drive function as separate units, there are occasions when we must share certain common facilities. Schedules have been set up whereby this is done harmoniously and to our mutual benefit.

Respectfully submitted,

Bernice A. Parshley
Principal

READING CONSULTANT'S REPORT

To the Superintendent of Schools:

In September 1963, all the children in Grades 5, 6, and 7 were tested in word attack skills (ability to read words at sight and out of context). This test usually reveals the child ability to use phonics in attacking new words and gives his level in sight vocabulary.

A total of 244 children were tested. Of these, 142 were found to be either above grade level, on grade level, or 1/2 year below grade level. The rest, 102, were from one to five years below grade level. Breaking it down by grades shows the following results:

Grade 5 - 33 O.K. - 31 not O.K.
Grade 6 - 38 O.K. - 51 not O.K.
*Grade 7 - 71 O.K. - 20 not O.K.
Total 142 O.K. 102 need help

*In Grade 7 - 20 of the 71 had remedial reading help in Grades 5 and 6.

Remedial reading help has been given 5 one-half days a week to 20 children. As a child reaches his level, he is excused from the group and another child replaces him. As of January 1964, 20 children have achieved their level and another 20 are now receiving help. Work has been directed toward Grades 6 and 7 in order to help them before they move to the High School building. With the great number of children needing help, those in Grade 5 will have to wait until the upper grades are cleared.

Respectfully submitted
Leona Haskell
Reading Consultant

REPORT OF SCHOOL NURSE

To The Townspeople, School Board and Superintendent of Schools;

The following report is for the school year 1962 to 1963.

The communicable disease incidence was low with thirty-one cases of chicken-pox, five cases of german measles, twenty-three cases of impetigo, one case of infectious hepatitis and one case of infectious mononucleosis.

The annoying incidence of pediculosis (head lice) totaled seventeen cases which was in the first half of the school year and the parents were notified and the child was excluded from school while the treatment was carried out.

A Chest Clinic was held in Dover, N.H., and twenty-one students were transported to it April, 1963.

The Orthopedic Clinics were held in Dover, N.H., and three students were transported to it in September, 1962, six students in November, 1962, four students in March, 1963 and four students in May, 1963.

Two Sabin (Oral) Polio Clinics were held and two-hundred and nineteen children received their second (#3) and third (#2) drink.

The usual health physical examinations were carried out by the school physicians Dr. Robert E. Lord and Dr. George E. Quinn. Four-hundred and ninety-seven students were examined and whenever there was an abnormal condition existing in any pupil the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Patch Testing was done on grades 2, 4, 6, 8, 10, and 12 in April, 1963, and three-hundred and eighty-five students were tested.

Vision testing was administered to check defective vision on four-hundred and fifty-five students and hearing test with the Maico Audiometer were done throughout the school year to help the student. No child needs to go without glasses because financial assistance is available in obtaining proper diagnosis and corrective treatment. This can be arranged through me (school nurse) through various organizations.

The Pre-School Round-Up was held May 6, 7, and 8, 1963 and eighty-three children were registered at the round-up to start school in September, 1963. Each child received a vision test, hearing test, was weighed, measured, and teeth were checked and a history was taken.

During the school year, four-hundred and sixty-three calls were made by the school nurse in person or by telephone.

One-hundred and sixty-seven ill children were transported home and eighty-eight children were transported to the doctors during the school year 1962-1963.

In concluding this report it is a privilege to mention the cooperation of the following service organizations and groups who have helped in many ways: Kiwanis Club, Salvation Army, Red Cross, Farmington Women's Club, Ladies Church Services Organizations, American Legion and also private parties.

These groups and organizations are continuously serving and providing suitable clothing, dental, and vision aid to the children and by doing so, help to build a better and healthy community.

Following is the statistical report of the school health work for the school year 1962-1963:

Pupils examined by the physician	497
Pupils examined by the nurse	455
Defects found by the nurse	101
Defects under treatment	84
Inspection of heads	1066
First Aid	630
Patch Testing by nurse	385
Sabin Polio Oral #3 and #2	219
Home Visits Made by Nurse	463

Respectfully submitted,
Mrs. R.N. Feeny, R.N.
School Nurse

LIBRARY FUND

REPORT OF THE LIBRARY FUND ACCOUNT

To the Superintendent of Schools:

A summary report of the library fund account is as follows:

RECEIPTS

Individual donations	\$108.00
APT Benefit Game	127.59
APT Gift	50.00
Main St. School, Gift	165.00
Future Teachers Club	20.00
High School War Bonds	175.00
Class of 1963	98.05
Civics Class Award	<u>250.00</u>
TOTAL RECEIPTS	\$993.64

EXPENDITURES

Granite State	\$8.50
Foster Press (Game)	4.75
Harcourt Brace (Books)	60.10
McGraw Hill (Books)	<u>19.01</u>
TOTAL EXPENDITURES	\$92.36

Receipts	\$993.64
Expenditures	<u>-92.36</u>
	\$901.28

The school board, superintendent, principals, teachers and pupils wish to express their thanks and appreciation to the people who have made individual donations; the APT; Main Street School pupils under the leadership of Mr. Roberts; the Future Teachers of America under the leadership of Mrs. Parshley; the High School under the leadership of Mr. Drake; the Civics Class under the leadership of Mr. Watman; to those who participated in the basket-ball game and to the Class of 1963.

Respectfully submitted,
Ardys Elliott
High School Secretary
