STATEMENT BY SELECTMEN

To the Citizens and Taxpayers of Farmington:

We submit herewith our annual report for the year, 1958, for your consideration.

“WELL DONE, THOU GOOD AND FAITHFUL SERVANT”

With these well chosen words, we want at this time to publicly commend Leslie E. Ham. It was with deep regret we accepted his resignation from the offices of Town Clerk and Tax Collector. His many years of dedicated services to the duties of these offices have won for him the lasting respect of each and every individual in this community. His daily presence is greatly missed by the personnel of the several departments and we take this opportunity to wish him rich rewards for many years to come for his ever faithful services.

TOWN HALL AND TOWN HALL FIRE

As a result of the fire of two years ago it was felt by this Board that additional coverage was needed on our town hall. The amount of insurance was doubled in the past year, resulting in a heavy initial expenditure, but with a gradual leveling off over a period of five years to an average expenditure of \$1,000.00 yearly. With the balance left at the beginning of the year from the damage settlement, we were able to build two outside rest rooms for the convenience of the public, together with the installation of permanent bleachers, emergency lights, new election booths, all new lighting fixtures in the lower hall and a complete overhaul of the heating system. These expenditures reflected on the maintenance of the town hall and helped to ease the heavy cost of operation of our public building.

POLICE DEPARTMENT

To insure better service and regulation of the parking meters, additional coverage was added this year between the hours of 5 and 8 P. M. in the afternoon. This added cost was more than compensated by the sizeable

increase in the net revenue obtained from parking meters over previous year's incomes. With this additional coverage this department is now giving the townspeople twenty-one hours daily of protection and service.

HIGHWAY DEPARTMENT

Under our winter and summer maintenance, we have tried to meet each individual complaint or request with the prime purpose of eliminating or alleviating the situation. As has been the policy in the past, we continued to tar and resurface at least one-third of the town roads, the installation of new culverts and the replacing of old culverts with new. Under T R A we were able to widen, rebuild and tar six-tenths of a mile on the Ten Rod Road, together with additional work on the Cardinal Hill Road. It is the tentative plan for this year to add more on the Cardinal Hill, also new construction to the extent of the funds available on one of the other Class V roads. Under the general maintenance of this department we were faced with unusual heavy expenditures on the several breakdowns of the equipment. Despite the purchase of a new grader which has proven to be a valuable investment, we are still faced with the problem of maintaining several pieces of equipment which are fast wearing out and necessitating innumerable repairs. Because of this condition, we have considered the purchase of a new and heavier truck to replace one of the older ones. We, therefore, have asked in the town warrant under Article 9 authorization to purchase this much needed piece of equipment. With a long range program of replacement, it is hoped that the cost of repairs could then be somewhat lessened, thereby leveling off to a great degree the heavy burden of expenditure in maintaining our trucks and other equipment.

During the past year, we have been very fortunate to meet the needs and requirements imposed on this department and still operate with no overdraft. This was due largely to a very close supervision and investigation as to the needs of each and every application. However, despite these savings, we do feel that this department is one that the costs of which are more or less fixed.

(Continued on Page 120)

BUDGET OF THE TOWN OF FARMINGTON

	Estimated Revenue	Actual Revenue	Estimated Revenue
	1958	1958	1959
SOURCES OF REVENUE

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Farmington qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Farmington on Tuesday, the 10th day of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, three budget committee members for three years, and all other necessary officers and agents for the ensuing year.

You are also notified to meet at the said town hall at seven o'clock in the afternoon on the same date, to act on the following subjects:

Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 3. To see what sum of money the town will vote to raise and appropriate for the police department.

Article 4. To see what sum of money the town will vote to raise and appropriate for fire protection.

Article 5. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to be applied to the payment of services of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association, Inc.

Article 6. To see what sum of money the town will vote to raise and appropriate for the health department.

Article 7. To see what sum of money the town will vote to raise and appropriate to vital statistics.

- Article 8. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges, and for the general expenses of the highway department.
- Article 9. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for the purchase of a new truck for the highway department.
- Article 10. If Article 9 is adopted, to see if the town will vote to authorize the Selectmen to apply this appropriation and the trade-in allowance on one of the old trucks toward the purchase price of this new piece of equipment.
- Article 11. To see if the town will vote to raise and appropriate the sum of \$947.18 in order to assure state aid in the amount of \$6,314.52 for the improvement of Class V highways.
- Article 12. (By request) To see if the town will vote to raise and appropriate the sum of \$2,500.00 for the Farmington Public Library Association.
- Article 13. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.
- Article 14. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 69, American Legion, to be used for Memorial Day observance.
- Article 15. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.
- Article 16. (By petition) To see if the town will vote to raise and appropriate the sum of \$800.00 for the purpose of purchasing building materials with which to construct a permanent band stand at Fernald Park for use of the town.
- Article 17. To see what sum of money the town will vote to raise and appropriate for employees' retirement and social security.

Article 18. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Article 19. (By request) To see if the town will vote to raise and appropriate the sum of \$322.19 which is 1/100 of 1% of the assessed valuation of the town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town; in cooperation with other towns in the Lakes Region.

Article 20. To see what purpose or purposes the town will vote to appropriate the balance of the parking meter fund not otherwise earmarked, and the income over and above the maintenance expenses, in accordance with the provisions of Laws of 1947, Chapter 74, Sections 1 and 2.

Article 21. To see if the town will vote to authorize the Selectmen to sell the old 1939 Ford truck no longer being used by the highway department.

Article 22. (By request) To see if the town will vote to authorize the Selectmen to deed to the Farmington School District that portion of land between School Street Extension and other land of the school district.

Given under our hands and seal, this twenty-first day of February, 1959.

FRED H. CHESLEY,

CLIFFORD L. TATTRIE,

FRANK W. LORD,

Selectmen of Farmington

FIRE WARDEN'S REPORT

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate

around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself.

It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires	1
Number of acres burned	1/2
Number of permits issued	30

ROBERT W. SMITH,

District Fire Chief

HEALTH OFFICER'S REPORT

December 31, 1958

The importance of public health work ranks no less than has been pointed out in preceding reports and continues to engage research, training and experience on the highest levels of "Health, Education and Welfare". The results of such explorations are digested in clinics, seminars and literature and passed on to group or individual administration, so that even the smaller communities are

charged, not with proportionate, but full responsibilities. Study and application of governing rules are committed to legislative action, eventually transferred to administrative officers' manuals and statutes, which regulate and prescribe remedies and penalties in specific cases. Most effective in the administration of these facets is public cooperation, with every individual sharing in the operation and results of harmonious progress and, at the same time, safeguarding self and family.

Following an established policy of public participation and the encouragement of good citizenship, the local health program will be progressed, with every contributor and, the entire community, sharing in its bounties.

THE SINCERE THANKS OF YOUR HEALTH OFFICER TO: the selectmen, local physicians, school board, superintendent, school and visiting nurses, teachers, youth organizations, police, fire, precinct and highway departments, charitable organizations and welfare agencies and the press, FOR ANOTHER YEAR OF COMMUNITY PROGRESS IN THE ESSENTIALS OF PUBLIC HEALTH.

FOLLOWING ARE THE STATISTICS:

Miscellaneous complaints investigated, 333; hearings, 0; prosecutions, 0; complaints outstanding, 1; polio, 0; meningitis, 2; Roseola Infantum, 2; scarlet fever, 3; strep and septic throats, 33; mumps, 11; measles, 17; chickenpox, 19; tuberculosis, 2; venereal diseases, 2; occupational diseases, 3; pneumonia (all types), 7; hepatitis, 2; hospital discharge (patients to be observed), 2; homes vacated (unsanitary, probably infectious bedding, linen, vessels, waste matter), 2; board, foster care and convalescent homes inspection, 9; scalp infections, 2; label violation, 1; improper food displays (exposed), 2; plumbing inspections, 3; welfare case sanitation, 1; quarantines for communicable diseases, 5; dogs quarantined, 19; dog bites, 19; Poultry house inspection, 1; Keeping and feeding swine, 2; unidentified dead domestic animals, 49; disposal dead goats, 2; collection of water, milk, cream, milk drinks, food and cereal products (open & packaged), 11.

N. B. Three of the cases of communicable diseases reported above were local residents treated by out of town physicians.

Respectfully submitted,

CARL B. CANNEY,

Health Officer

REPORT OF AUDITORS

AUDITORS' CERTIFICATE

We hereby certify that we have examined the accounts of the selectmen, tax collector, town clerk, town treasurer and the trustees of the trust funds, have compared their several accounts, vouchers and bank statement of funds on deposit and find these accounts in agreement and believe these reports to be a true account of the town business for the year ending Dec. 31, 1958 with the following exceptions:

Town Clerk: Overpaid the Motor Vehicle Permits \$5.10. Overpaid on Dog Licenses \$5.50.

Selectmen: Total of 1954 polls uncollected appearing in the general ledger is \$4.00 less than the correct amount. Total of the 1958 polls is \$4.00 less than the correct amount. These were caused by overpayments on the part of the tax collector and were corrected in 1959 during the audit.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said Town and District on Wednesday, the 18th day of March, 1959, at 7:30 o'clock in the afternoon, to act upon, the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriations, which balance is to be raised by taxes by the town.
9. To see if the district will vote to accept the report and adopt recommendations of the Cooperative School District Committee.
10. To see if the district will vote to authorize the School Board to purchase in the name of the district for the sum of \$1.00, from the Town of Farmington the tract of land upon which the Memorial Drive School is now situate, consisting of approximately fifteen (15) acres.

11. To see if the district will vote to authorize the constructing and equipping of a new High School and Memorial Auditorium-Gymnasium on the present site, westerly of and connecting with the present Elementary Memorial Drive School, with necessary additions and alterations to the present Memorial Drive School, including the purchase of necessary equipment and furnishings for same, substantially in accordance with plans and specifications entitled "Proposed High School and Memorial Auditorium-Gymnasium for Farmington School District, Farmington, N. H." to be prepared by Irving W. Hersey and Associates of Durham, N. H., and appropriate money therefor and raise the same by the issue of bonds, notes or otherwise, authorize the School Board to execute any and all contracts relating thereto, including the employment of an architect and counsel and to take such other action with respect thereto as may be necessary or advisable. (Submitted without any recommendation of Budget Committee.)

12. To see if the district will: (a) vote to raise and appropriate a sum or sums of money, not to exceed \$400,000., in the aggregate, for the purpose of preparing plans, specifications, constructing, equipping and furnishing the new High School and Memorial Auditorium-Gymnasium, including any alterations and additions to the Elementary Memorial Drive School made necessary thereby; (b) vote to accept any gift, contribution, grant or otherwise to or for the benefit of the district, from any source, including but not limited to the State or Federal Governments, or any department or agency thereof, available or to become available for such proposed constructions; (c) vote to use and apply capital reserve funds, if any, together with any accrued interest, previously raised and appropriated or otherwise available, for the aforesaid purpose; (d) vote to authorize the School Board to issue serial notes or bonds, or both, upon the credit of the district under the Municipal Finance Act, or any other enabling authority, to pay for all or any portion of the sum of sums so appropriated and to authorize the School Board to determine the terms, conditions and provisions upon which said notes or bonds, or both, shall be issued; and (e) vote to authorize the School Board to take any other action incidental to or connected with the foregoing in order to carry out the purposes and intent of said votes.

13. To see if the district will vote to authorize the establishment of a Building Committee, so-called, to su-

pervise up to the point of completion and turning over to the district the new proposed High School and Memorial Auditorium-Gymnasium, to consist of a committee of five members, made up as follows: the three members of the School Board and two additional members at large, who shall be qualified voters of the district; all members shall have equal voting power, all vacancies to be filled by vote of the members of said Building Committee, and all members of said Committee to serve until said project is completed and turned over to said district.

14. To choose two members at large, who are qualified voters of the district, to serve as members at large on the Building Committee.

15. To approve, confirm and ratify the selection and engagement of Irving W. Hersey and Associates of Durham, N. H. as architect, and Stanley M. Burns of the law firm of Burns, Bryant & Hinchey of Dover, N. H. as counsel, to represent the School Board, District and Building Committee.

16. To see if the District will vote to authorize the School Board to apply for available funds from the Federal and/or State Government, or any departments or agencies thereof, for use in connection with school projects described in the preceding Articles and to provide for the use of said funds, if and when received, to pay for said school projects, or, for any bonds or notes issued to finance said projects, and to take any other action incidental to or connected with the foregoing.

17. To transact such other business as may legally come before the meeting.

Given under our hands and seals this 26th day of February, 1959.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Farmington:

For the past three years, the Farmington School Board and many interested citizens have explored the possibilities of forming a regional high school with surrounding communities. The results of these studies have indicated a disparity of wealth and enrollment in the various communities, therefore, the communities involved have decided that a regional high school project would be inexpedient to pursue. Each community must resolve its housing problem within itself.

As a result of the above conclusion, the Farmington School Board, with the help of C. Aubrey King and Wilfred Miller, who were elected at the last school district meeting, have made a study of the school housing problem in this community. This committee concluded that the immediate need for a new high school must be resolved in the near future. Your school board thought it feasible to appoint other interested citizens to this study committee in order that they could have a broader perspective of the problem. Consequently, Mrs. Lillian Emerson, Mrs. Elsie Hart and Mr. Henry Rondeau were invited to join the original committee.

This committee selected Irving Hersey Associates as consulting architect. After many program studies and meetings, a plan has been selected for presentation to the school district for its approval. With reasonable assurance that the Burtman-Rondeau Trust Fund would be available for a Memorial Recreation Building, the plan selected includes 17 classrooms, administrative suite, and the Burtman-Rondeau Memorial Recreation Building. A brochure containing a perspective of the proposed building and cost analysis has been distributed to the citizens of Farmington. You are urged to study this brochure in order that you may be well informed. The children of Farmington need your support.

Our present facilities are being taxed to their limit. Multipurpose rooms and auditoriums have already been

converted into regular classrooms. Our stock room is now being used for instrumental music; Memorial Drive Corridor is being used currently by the town and school as a cafeteria; our science department is inadequate; etc. So much for the need of school housing.

The cost of education continues to increase proportionately to the increases in other areas of our economy. Although Farmington enjoys the distinction of having the third lowest per pupil cost in the state, it has been necessary for your board to submit an increased budget over last year's. Another factor is the continued shortage of qualified teachers making it necessary to increase teachers' salaries in order to keep them. It is fundamentally essential that we retain our good teachers so that your children may have the benefit of the best education available.

Our testing program has been organized so that every child will receive a test of mental ability in grades 2-4-6-8. All grades receive a battery of the Stamford Achievement test at the end of the first semester, except grade 1; their test is given at the end of the first year. These tests are valuable to the teachers as a guide in determining the type of instruction to be administered.

The National Defense Act of 1958 will soon have its effect in the enrichment of the curriculum. The sections of the act which have a direct bearing to this community are as follows:

Title 3

- (a) Grants to states for the acquisition of Laboratory equipment for Science, Mathematics and Modern Foreign Language in public elementary and secondary schools and minor remodeling; to be matched locally on a 50-50 basis.

Title 5

Grants to state educational agencies to assist them to establish and maintain programs of testing, and of guidance and counseling in secondary schools. States to match dollar for dollar after the first year.

Title 2

Federal assistance to institutions of higher education in form of student loan funds; Federal 90%—Institutions 10%. Potential college students must make application to colleges participating in this program.

Educational TV in this area will also make its appearance in the coming year. Experience has proved that Educational TV is a potential factor in upgrading the level of education in many areas. The purchasing of TV equipment will be a worthwhile project for civic groups to seriously consider.

In conclusion, I should like to express my appreciation for the cooperation given me during the year as your superintendent of schools by the citizens, school board and teachers of Farmington.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools

REPORT OF HIGH SCHOOL PRINCIPAL

I submit herewith my annual report for the Farmington High School. This report will cover the calendar year 1958 and also what is expected in the first half of 1959.

During this period of time we have had an excellent teaching staff and fortunately, except for one individual teacher, all returned from the 1957-1958 school year to teach again at Farmington High School for the school year 1958-1959. The one change was due to the resignation of the Commercial teacher, Mrs. Pauline Lefavour. Her replacement, Miss Isabel Hunt, has fit in well with the remaining faculty and the entire group works in harmony. Because of such good will among the staff it has been reflected upon the students of the school and because of this feeling of well-being, our school, during the school year 1958, has run exceptionally well.

The Class of 1958 did not see fit to go on a class trip, nor have a yearbook. They did however, have several small outings which were enjoyed by all. On several other occasions projects which they had planned, such as a senior play, fell through because of lack of interest. One of my recommendations to you and to the people of the town of Farmington would be the employment of a Guidance Counselor, at least part time, to work with the individual students so they will have some professional help from which they can obtain direction of their own in which to aim and also become better and more useful citizens to the school and the community. I also feel that the paying of higher salaries to teachers would be beneficial in keeping many of the better teachers in the employment of the Farmington School District. Again, it is my feeling that one reason why the Class of 1958 lacked direction was caused by the great number of changes in the faculty during their four years as students. Under such conditions it is rather hard to have a continuity to their efforts and their aims.

The graduation exercises for the Class of 1958 were held at the Town Hall. With the addition of the bleachers to the sides we found that a great many more people could be invited and attend these ceremonies. Reverend J. Edgar Hickel was the graduation speaker. Twenty-eight received their diplomas on June 12.

During the summer months the exterior trim of the building was repainted as were all of the rooms in the lower part of the school. The only other physical change was the addition of a small 10' x 12' room added to the wood shop in which painting of student-made furniture and other projects may take place, free from the dust of the shop itself. During the early part of December it was necessary to call off school one day because of a failure to the heating system. Due to the lack of heat in many of the rooms on winter days, it would be my recommendation that the complete heating system be overhauled.

Starting this present school year the faculty consisted of:

Maurice Bernier

Science

Edward Chamberlain

Industrial Arts

Mrs. Lillian Emerson	English
Miss Isabel Hunt	Commercial
Richard Keith	Social Studies
Miss Olive Lawrence	8th Grade
Mrs. Gertrude McClintock	Home Economics
Peter Poirier	Languages
Walter Sundstrom	Mathematics
Stanley Towle	8th Grade

At the opening of school in September we had 173 students enrolled in grades 9 through 12 and 67 students enrolled in grade 8, thus an increase of 7 students in grades 9 through 12 and 7 students in grade 8 over the start of the previous year.

An enrollment of classes in grades 8 through 12 is as follows:

GRADE	GIRLS	BOYS	TOTAL
8	28	39	67
9	34	33	67
10	27	17	44
11	21	13	34
12	16	12	28
<hr/>			
TOTAL	126	114	240

Up to the beginning of January we have had 8 students leave in grades 9 through 12. Of this number 4 were boys and 4 were girls. Also during this time we have gained one boy and one girl, so our total enrollment as of January 1 shows a net loss of 6. In the 8th grade we have had a drop-out of no students while gaining 2 students.

We started, with the September term, 10 various activities to be held during an activity period in the school day. These activities meet once weekly and a majority of the students are taking part. These activities include:

Glee Club, Science Club, Library Council, Key Club, Girl's Arts and Crafts Club, Art Club, Press Club, Hunter's Safety Club, Student Council, and Class Meetings.

Each class has been endowed with a great deal of school spirit this past semester and I am sure that it will continue through the remainder of the school year. The Senior Class is anxiously looking forward to their class trip to Washington which they are planning to take during the spring vacation. There has been a great deal of co-operation among the members of the class and their projects have been most successful.

The Junior Class has been equally successful with their projects and they are planning to use their money for a class trip. The Sophomore Class is saving for a class trip as are the Freshmen. One project innovation this year was a Hunter's Breakfast put on by the Freshman Class.

During the first semester of this year, we have put on several assembly programs; the majority of which were presented by Mrs. Emerson's Public Speaking Class. They proved to be most entertaining and were a worth while educational experience. In athletics this year we have done quite well. In the spring, our baseball team had a winning season as did the girls' softball team. This fall our soccer team won the league championship and not to be outdone, the girls' volleyball team also took top honors in the South-Eastern League. At present, the boys' basketball team is winning 50% of their games and the girls' basketball team is doing even better. We look forward to having a good season in both baseball and softball.

It has been a most enjoyable year and I have enjoyed the co-operation of both the staff and the students. There are many things that we have done to improve our program such as including courses of study in Art and Public Speaking and the addition of the activity period, but there still are many other things that need to be done. I am sure that the building of a new high school will be a step in the right direction to accomplish some of these needs. Under the present setup, we are hampered by the lack of space and facilities not by spirit, time, or effort.

Inasmuch as this will be my last year to be employed by the Farmington School District, I would like to ex-

press my appreciation to you, the School Board, the various faculty members that have worked with me, the custodian, the pupils and the people of the town for their co-operation during my four years as principal. It has been my privilege to have served in this community.

Respectfully submitted,

JOHN P. BALL,

Principal

January 21, 1959

REPORT OF PRINCIPALS OF ELEMENTARY SCHOOLS

Enrollment as of January 15, 1959

Grade	1	2	3	4	5	6	7	Total
	79	75	63	57	106	82	71	533

Because of the large enrollment in the first two grades, a combined class of part grade 1 and part grade 2 was made with Mrs. Lougee, who very graciously offered to take the class, as teacher. Grades 1, 2, 5, and 6 were divided into three sections each.

School opened in September with only three changes in teacher personnel.

Grades 1—Mrs. Bernice King, Mrs. Melva Clough

Grades 1 and 2—Mrs. Clarice Lougee

Grades 2—Mrs. Frances Doe and Mrs. Lillian Spencer

Grades 3—Mrs. Dorothy Gardner, Mrs. Gertrude Clough

Grades 4—Mrs. Agnes Leighton, Miss Luvera Burleigh

Grades 5—Mrs. Patricia Towle, Mrs. Mary Allen,
Mrs. Florence Gerrish

Grades 6—Mrs. Vera Maxfield, Mrs. Izola Batchelder, Mr. Frank Muggleston (new)

Grades 7—Mr. Robert Davis, (Teacher-Principal)
(new) Mrs. Barbara Spear (new)

Principal at Memorial Drive and School Street
and Music Supervisor—Mrs. Leona Foster

Instrumental teacher—Mrs. Dorothy Bassett

HOT LUNCH PROGRAM

Approximately 165 children are fed daily at Memorial Drive School. An increase in rates to \$1.50 a week, necessitated by the rising cost of food and the decreasing supplies of Gov't. Surplus food, has decreased somewhat the daily meals purchased by the children. "Free" or reduced rate meals are practically non-existent due to lack of funds. Mrs. Marion Richardson, Mrs. Marguerite Furber, and Mrs. Arline Goodstone continue to provide good and nutritious meals.

PROFESSIONAL ADVANCEMENT

Six of our teachers have taken extra courses for educational improvement: Mr. Davis attended summer school studying "Public School Administration", "Psychology of Learning", and "Mental Hygiene"; Mr. Muggleston attended summer school and studied "Teaching of Language Arts" and "Principles of Education"; from Colby College Mrs. Gertrude Clough took a Television course in "French Art"; at the U. N. H. Mrs. Leona Foster took an extension course in "Public School Administration"; Mrs. Patricia Towle and Mrs. Mary Allen took an extension course in the "Teaching of Social Studies" from the University of New Hampshire.

INSURANCE

The Peerless Insurance Co. took over the school accident policies this year after the Vermont Accident Co. found us to be a costly liability. Insured are 376 pupils, teachers, nurse, Hot Lunch workers, and secretary. From September to January, 7 people have benefited from this coverage.

PROFESSIONAL ACTIVITIES

Of our 18 Elementary teachers 16 are members of our National Education Association and all are members of our State Association, N. H. E. A. Memorial Drive and School Street Schools have 100% membership in both.

Mrs. Clarice Lougee is Secretary of our local Teachers Association; Mrs. Frances Doe is treasurer of our local organization and serves as N. E. A. representative for Sup. Union #44; Mrs. Gertrude Clough serves as Secretary of the Farmington Alumni Association.

TESTING

The California tests of Mental Ability were given in October to Grades 2, 4, and 6. Newly registered children in Grades 3 and 5 were also tested to bring our records up-to-date. The Stanford Achievement tests were given to all children in Grades 2-7 in Jan., 1959. Grade 1 will be tested in May, 1959. By comparing these results with those of previous years the teacher is able to see what advance or "retreat" each child has made and where he stands with other children in the U. S. A. Reading Readiness tests are given to all first graders each fall.

PROGRAMS, PARTIES, ETC.

Last April, a Dance Demonstration was given by the Elementary children at the Town Hall. Grades 1-4 demonstrated eight round and circle dances after which Grades 5-7 were given the opportunity to do the square dances which they learned in the music classes. An orchestra composed of Dorothy Bassett, David Smart, and Robert Elliott provided music "gratis" for the general square dancing. Rufus Rundlett installed the loud speaker for the "calling".

On Memorial Day the Junior Band marched and played as part of the observance. At the dedication of the new Post Office the Junior Band provided music.

Various classes have provided music for several events: Oct. P. T. A., Woman's Club Fair, Nov. P. T. A. and in Dec. the whole Elementary School gave its Christmas program in the Town Hall. None of these programs would have been such happy events without the fine cooperation and work of the grade teachers who so diligently and uncomplainingly trained the children. Verbal bouquets go to those behind the scenes who never get public acclamation.

All National holidays have been observed in the classrooms, and, of course, Christmas was a gala affair. The American Legion helped with a nice check.

CHANGES OR IMPROVEMENTS

We are very proud of our building at Memorial Drive and the appearance of it is due greatly to the constant care and work of Mr. Al Densmore. During the summer and on each vacation the entire building is given a complete cleaning. During the summer two more rooms were painted. Continuing the policy of painting two rooms each year, the entire building gets a new paint job over a five-year period.

The playground has now received a complete coat of tar and extended to its limit. The next work done on the yard will be a coat of sealer.

With a sufficient number of pianos having been donated to our schools, the stock room has almost reverted

to its original purpose. Instrumental lessons are still given there. Because of the increased number of pupils who desired instrumental lessons, Mrs. Bassett was hired for another half day a week. At present there are 43 pupils taking lessons, and a Band and Junior Orchestra are in their embryonic stages.

NEW MATERIALS

As books and materials are constantly wearing out, they must be replaced. Fortunately the new materials are most attractive and show a continued improvement over the old.

This past year the following sets of books have been added to our schools. Grade 1—"At Home", "At School". Grade 2—"We Are Neighbors", "From Season to Season", "On Cherry Street", "In the Neighborhood" (Social Studies), "The Word Shop" (Phonetic Study), "Seeing New Things" (Science). Grade 3—"Singing and Rhyming", Grade 5—"Adventuring in Science", "Exploring Science", "Wings to Adventure". Grade 4—Exploring Near and Far" (Social Studies).

VISUAL AIDS

Visual Aids are very important to good instruction and these are some of our new acquisitions: maps, (New England, United States, North America, World) games, (Phonetic Quizo, Music Quizo, Arithmetic Quizo) charts, (Arithmetic, Word Study), a globe, library books, and other miscellaneous items for lower grade instruction.

A 10-volume set of "The New Junior Classics" and a 15-volume set of "Childcraft" are two excellent additions to our general library collection at Memorial Drive School.

IN MEMORIAM

After a teacher has given 38 years of her life to the educational development of the youth of a single community, it is fitting that after the death of Winnifred Kimball, a tribute be paid to her memory. From funds turned in by school children of our schools, a memorial plaque was purchased, which has been installed in the hall at Memorial Drive School. With simple but impressive ceremony, this plaque was dedicated in September

1958. Mr. Charles Willson, long associated with educational work in Farmington, and a life-long friend of Mrs. Kimball, gave the dedication speech. The bronze plaque, 9" x 19", is inscribed with the following words:

*TO THE MEMORY OF
WINNIFRED E. KIMBALL
1886—1958
FIRST PRINCIPAL OF
MEMORIAL DRIVE SCHOOL 1952—53
TEACHER IN THE FARMINGTON SCHOOLS 38 YRS.
IN LOVING MEMORY OF HER LEADERSHIP
AND INSPIRATION, THIS PLAQUE IS ERECTED
BY THE ELEMENTARY SCHOOL CHILDREN OF
FARMINGTON, N. H.
GLEN STREET PROGRAM*

An extensive intramural and intermural physical education program has been offered to the seventh grade boys and girls. The major objective of such a program has been the realization of group cooperation and team effort as well as individual expression.

The following intramural activities other than the normal physical education classes, have been conducted.

1. A tetherball tournament for both sixth and seventh grade boys and girls. Trophies were awarded the winners.
2. Three basketball games involving twenty six seventh grade boys. These games were played as preliminary games to the Farmington Town Team games.
3. A girls' basketball game played between the seventh and eighth grade girls also as a preliminary game to the Town Team game.

The following intermural activities have been taken or will take place:

1. A seven game soccer schedule

2. A seventeen game basketball game schedule.
3. A field day between Epsom, Farmington, Nottingham. A trophy will be given the winning team. Individual winners will receive ribbons.

Uniforms for the basketball team, including jerseys, trunks and warm-up shirts were purchased. Rene Pelletier and the Farmington Hawks donated the proceeds from a benefit game to the Junior High team.

THANK—YOUS

Many thanks to—The American Legion for its \$25.00 Christmas check—Dr. Lord, for his “several donations” to the Hot Lunch Program and his Christmas candy to all the children at Memorial Drive—the Moshers, for another piano—Don Francoeur, for the loan of his bus to transport children to the clinics—the kitchen “crew” for the recess lunches—Al Densmore, for our ever clean building and the 1,001 jobs he performs over and above the call of duty—all the teachers, for their daily devotion and patience to the youth of Farmington—Ramon Martineau, for his constant good humor, help, and dedication to his job—the School Board, for its constant help in securing those things with which we can do a better job—the townspeople, for “footing the bills”.

REPORT OF SCHOOL NURSE

To the Townspeople, School Board and Superintendent of Schools:

During the last school year the incidence of communicable disease has been a little heavier than before. There was an epidemic of flu and a mild epidemic of the following diseases, chicken-pox, measles, and mumps. There were eleven cases of whooping cough, eighteen cases of impetigo, seven cases of skin ring-worm and one case of scarlet fever.

The annoying incidence of pediculosis (head lice) totaled low; in fact the lowest in five years with only thirty five cases throughout the school year. In all cases this condition was reported to the parents and the child was excluded from school. Prompt treatment was carried out by the parents. However in some cases the treatment was not carried out correctly or else there was a lack of interest or means and the child missed a lot of time from school and other means had to be taken.

Eight students were transported to Rochester to the Orthopedic Clinic at one time or another throughout the school year and twenty three students were taken to the T. B. Clinic. Four students received physiotherapy treatment at the clinic held during the school year. Miss Mary Bullock, R. N. Physiotherapist gave the care and instructions at the clinic.

Patch testing was done on three hundred seventy students during the school year; also on teaching staff and employees.

The usual health or physical examinations were carried out by Dr. Quinn and Dr. Lord on four hundred and fifty one students. Whenever it was noted that there was abnormal condition existing in any pupil the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Hearing tests were done throughout the school year with the Maico Audiometer to help the student in any way and vision tests were done also to help the student in any way. The parents are notified and advised to consult their family physician if any defects are found in the vision or hearing of a student. Financial assistance to those who need financial help in obtaining proper diagnosis and corrective treatment can usually be arranged so no child should go without proper visual correction.

The Pre-school Roundup was held May 19, 1958 and May 20, 1958 and sixty five children were registered at the clinic to start school in September, 1958. Each child was weighed and measured, had a hearing and vision test and also had his teeth checked. The history of the child was taken at the Pre-school Roundup also.

During the school year one hundred and thirty eight

ill children were transported home. Please, if parents work be sure that either the teacher or school nurse knows where the child is to be taken in case of illness in school and who is to be notified in an emergency. During the school year fifty six children were transported to either Dr. Quinn or Dr. Lord for emergency treatment. Three hundred and fifteen home visits were made by the school nurse during the school year of September, 1957, to June, 1958.

In concluding this report it is a privilege to mention the cooperation of our service organizations and groups who have helped in many ways and many times; Kiwanis, Red Cross, Salvation Army, Ladies Church Service Organizations and the Farmington Woman's Club. These groups are continuously serving in providing suitable clothing, dental, medical and visual aid and are building the foundation of a thriving healthy community.

Following is the statistical report of the health work:

Pupils examined by school physicians	451
Pupils inspected by nurse	434
Defects found	73
Defects under treatment	68
Visits to homes	315
Visits to schools	553

Defects	Number	Number Under Treatment
Vision	48	40
Hearing	4	3
Inspection (heads)	35	35
Glands	2	2
Heart	5	3
Orthopedic	1	1
Obesity	3	1
Teeth	Many	Many
Nutrition	1	1

Respectfully submitted,

MRS. R. N. FEENY, R. N.

STATEMENT OF SELECTMEN

(Continued from Page 5)

Applications for relief and assistance can be light or heavy depending primarily on the business and economic conditions. We do hope to continue the operation of this department in the same manner, economically and efficiently, yet meeting the many needs as they may occur. May we extend at this time our sincere thanks and appreciation to the personnel of the State Dept. of Public Welfare for the cooperation and assistance given us many times during our several investigations.

In conclusion, we express our deep appreciation to the townspeople for their consideration and understanding that has helped us immeasurably in meeting the many problems of your local government.

FRED H. CHESLEY,

CLIFFORD L. TATTRIE,

FRANK W. LORD,

Selectmen of Farmington

REPORT OF COMMITTEE FOR COOPERATIVE SCHOOL DISTRICT

Continued from Page 89

erate with Farmington in forming a Cooperative School District, but as neither Town was willing to do so, it became incumbent upon Farmington to handle and resolve its school problems alone.

The Committee interviewed several architects and, based upon experience and qualifications, finally selected Irving W. Hersey and Associates of Durham, New Hampshire to prepare plans and specifications for the proposed new High School and Memorial Auditorium-Gymnasium.

To better enable the Committee to perform its duties it selected Elsie Hart, Lillian Emerson, Henry Rondeau, John Ball, Leona Foster, Robert Davis and Ramon Martineau to act in an advisory capacity and to confer with members of the Committee. The Committee is appreciative of the cooperation and assistance rendered by this Advisory Committee.

The architect prepared and submitted several program studies. After carefully reviewing, studying and revising the various studies and plans prepared and submitted by the architect, a set of preliminary drawings, subject to certain modifications and final revisions, was unanimously adopted as being best suited and adaptable to meet the present and reasonably anticipated future needs and requirements of the District. The new proposed High School and Memorial Auditorium-Gymnasium is to be on the present school site, westerly of and connecting with the present Elementary Memorial Drive School. The preliminary drawings, specifications and selection of site have been submitted to and approved by the School Board. A brochure showing a perspective and schematic diagram of the proposed new High School and Memorial Auditorium-Gymnasium has been prepared and distributed to the citizens of the District for their information and study.

The Town of Farmington and not the District owns the land on which the present Memorial Drive School is located, and upon which it is proposed to build the new High School and Memorial Auditorium-Gymnasium. As it will be necessary to appropriate and raise money to construct the new project upon the credit of the District under the Municipal Finance Act, it is respectfully recommended that the District acquire title in its name to the land.

The estimated cost of preparing plans, specifications, constructing and equipping the new proposed High School and Memorial Auditorium-Gymnasium, including necessary furnishings and alterations to the present Memorial Drive School, is estimated to be \$400,000.

The Committee has engaged the services of Stanley M. Burns, of the law firm Burns, Bryant & Hinchey of Dover, N. H. to prepare and file with the New Hampshire Legislature a bill authorizing the

Farmington School District to exceed its present net indebtedness in order to raise sufficient funds to finance the cost of constructing and financing the new High School and Memorial Auditorium-Gymnasium, and to represent the interests of the School Board and District in connection with this project.

A Building Committee should be appointed to supervise the construction and finishing of the new proposed High School and Memorial Auditorium-Gymnasium up to the point of completion and turning over to the District. Such a Committee should consist of the three members of the School Board and two additional members at large, who shall be qualified voters of the District, which Committee should hold office until the project is completed.

The Committee for Cooperative School District recommends to the inhabitants of the District for consideration, approval and adoption at its next Annual Meeting the following:

1. That the Farmington School District acquire by quitclaim deed from the Town of Farmington, in consideration of the payment of \$1.00, title to the land and buildings on which the present Memorial Drive School is now situate, and upon which tract of land it is proposed to build the new High School and Memorial Auditorium-Gymnasium, consisting of fifteen (15) acres.

2. That the plans entitled "Proposed New High School and Memorial Auditorium-Gymnasium for Farmington School District" as prepared by Irving W. Hersey and Associates, including the site for the construction of said project, be accepted and approved, substantially as proposed and submitted.

3. That the construction and finishing of the new proposed High School and Memorial Auditorium-Gymnasium at an estimated cost of \$400,000., be approved and authorized and the necessary funds raised and appropriated for such purpose.

4. That the filing of a bill with the 1959 Session of the New Hampshire Legislature to increase the Farmington School District borrowing capacity to \$550,000., to include present outstanding indebtedness be approved, ratified and confirmed.

5. That the selection of Irving W. Hersey and Associates of Durham, N. H., as architects, and Stanley M. Burns of the law firm of Burns, Bryant & Hinchey of Dover, N. H., as counsel to represent the School Board, District and Building Committee, be approved, confirmed and ratified.

6. That a Building Committee, so-called, be authorized and established to supervise up to the point of completion and turning over to the District the new proposed High School and Memorial Auditorium-Gymnasium, to consist of five members made up as follows: the three members of the School Board and two additional members at large, who shall be qualified voters of the District, to serve until the project is completed and turned over to the District.

Submitted by Committee for Cooperative School District
