STATEMENT OF SELECTMEN

We, the Selectmen of Farmington, herewith submit our annual report for the year 1962, for your consideration.

We, again, this year would like to call your attention to the financial report. Our surplus this year is \$5,675.79. We tried to operate each department with the least expense and are very glad that we were able to keep within our budget.

With the money appropriated from the parking meter reserve fund we were able to complete the drain on Central Street, improve the sidewalks on both sides of Main Hill and also Peavey Hill. There are many sidewalks to be improved which we propose to do with this reserve fund.

Our program for the summer maintenance is to continue tarring the streets, install culverts, improve the drainage system and make general improvements of the highway with money appropriated for that purpose.

In 1962, we requested and received an appropriation for the maintenance of the Cocheco River Flood Control Project which is required by the Federal Government. At the end of this year we had a small balance and again we ask for \$500.00 for the maintenance of this project.

The money appropriated for T.R.A. or Town Road Aid we completed the work in the Hornetown section and extended six-tenths of a mile on Ten Rod Road. This money will be used in different sections of the town each year to improve our roads.

Under the welfare departments we were able to meet all requests for assistance and keep within our budgets, but this year, due to the increase of elderly people, we have asked for \$1,000.00 more appropriation for old age assistance which we think necessary.

We wish to extend our sincere appreciation for the fairness and understanding given us by the townspeople and do hope that our efforts resulted in benefits to both the individual and the town.

CARROLL H. KIMBALL,
CLIFFORD L. TATTRIE,
FRANK W. LORD,

Selectmen.

BUDGET OF THE TOWN OF FARMINGTON, NEW HAMPSHIRE

Estimates of Revenue and Expenditures for the Ensuing Year, January 1, 1963, to December 31, 1963

Compared with

Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year,
January 1, 1962, to December 31, 1962

SOURCES OF REVENUE

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Farmington on Tuesday, the 12th of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, and one selectman for two years, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, three budget committee members for three years, two budget committee members for two years, and all other necessary officers and agents for the ensuing year.

You are also notified to meet at said town hall at seven o'clock in the afternoon on the same date, to act on the following subjects:

Art. 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Art. 3. To see what sum of money the town will vote to raise and appropriate for the police department.

Art. 4. To see what sum of money the town will vote to raise and appropriate for fire protection.

Art 5. To see if the town will vote to raise and appropriate the sum of \$200.00 to be used in cooperation with State and Federal funds for the control of White Pine Blister Rust within the confines of the town. (By request)

Art. 6. To see what sum of money the town will vote to raise and appropriate for civil defense.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the health department.

Art. 8. To see what sum of money the town will vote to raise and appropriate to vital statistics.

Art. 9. To see if the town will vote to raise and appropriate the sum of \$1,800 00 to be applied to the payments for services of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association. (By request)

Art. 10. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges and for the general expense of the highway department.

Art. 11. To see if the town will vote to raise and appropriate the sum of \$929.61 in order to assure State aid in the amount of \$6,197.43 for the improvement of Class V highways.

Art. 12. To see if the town will vote to raise and appropriate the sum of \$2,500.00 for the Farmington Public Library Association. (By request)

Art. 13. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.

Art. 14. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 60, American Legion, to be used for Memorial Day observance.

Art. 15. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.

Art. 16. To see if the town will vote to raise and appropriate the sum of \$500.00 for the maintenance of the Cocheco River project.

Art. 17. To see if the town will vote to authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes.

Art. 18. To see what purpose or purposes the town will vote to appropriate the balance of the parking meter fund not otherwise earmarked and the income over and above the maintenance expenses, in accordance with the provisions of Laws of 1947, Chapter 74, Section 2.

Art. 19. To see if the town will vote to raise and appropriate the sum of \$12,500.00 for the purchase of a four-wheel drive International truck and to authorize the selectmen to borrow said amount on the credit of the town by long term notes payable in annual payments over a period of five years in accordance with the procedures outlined in RSA 33, entitled "The Municipal Finance Act." (By request)

Art. 20. To see if the town will request the assistance of the New Hampshire tax commission in appraising all lands and buildings in the town for a sum not to exceed \$10,500.00, and to raise and appropriate the sum of \$5,250.00 in the current year for such a purpose with the balance to be raised in 1964. (By request)

Art. 21. To see if the town will authorize the selectmen to sell to Horace Woods a strip of land twenty (20) feet wide and sixty-five (65) feet long abutting the easterly boundary of the former Horace Woods property which is located in the rear of the old laundry property on East Grove Street, said sale to be made for the purpose of clarifying the Woods boundary. (By request)

Art. 22. To see if the town will adopt the provisions of RSA 359:45 et seq relative to a public weigher, said public weigher to be appointed by the selectmen as set forth in statute. (By request)

Art. 23. To see if the town will authorize the selectmen to purchase the land and buildings known as Lajoie's Garage and to raise and appropriate a sum not to exceed \$7,000.00 for the purchase and repair of said property. (By request)

Given under our hands and seal this 25th day of February, 1963.

CLIFFORD L. TATTRIE,
CARROLL H. KIMBALL,
FRANK W. LORD,

Selectmen.

A true copy of warrant, attest:

CLIFFORD L. TATTRIE,

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545.00. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634.00. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2,200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man-caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules:

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.

5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962, we had 1 fire; we burned 2 acres; we issued 40 permits.

M. F. GIBBS,
Forest Fire Warden.
ROBERT W. SMITH,
District Fire Chief.

HEALTH OFFICER'S REPORT FOR THE YEAR 1962		

The increasing demand on public health work at all levels and, in most areas, has a multitude of facets not generally comprehended by the public which it serves.

In this, Farmington is no exception. However, it is gratifying to know that it is posting a record of advancements. In the past year 789 hours were consumed in the work of your local health officer, including travel, investigations, consultations and incidentals pertinent to the year's program. Accomplishments, anywhere at any time, are not achieved by a single official, but stem from community cooperation, which are hereby gratefully acknowledged.

Especially to be pointed out is the control of communicable diseases which, if becoming epidemic, could affect the whole cosmos of public relations, industry, the schools and society at large. Causitatively, sanitation is viewed with much concern as the source of primary inception and carefully watched. What cannot be officially watched is disregard in family responsibilities. Whenever violations, or suspected instances are reported they are amenable to prescribed orders, on confirmation.

Much of the responsibility for the public health of a community is carried by its physicians and the public schools and society at large. In these areas Farmington should be deeply grateful for their efficiency. This report would be remiss in its duty if it were not to emphasize the cooperation of the state, the diligence of school nurse. Rachel Feeny, collaboration of the local medical fraternity, the corps of local nurses and their able volunteer assistants in progressing the series of polio immunization clinics conducted in 1962. The response on the part of the public shares similar commendation.

To enumerate all the contributing factors to the local health program would require more space than this report affords. However, let all feel they have assumed a civic duty, or pledge to do so, in the current year.

Sharing in this word of gratitude, are our town and precinct officers and their respective departments, welfare, fraternities and philanthropic organizations, the press, the State Board of Health, district sanitation chief, Kenneth Gunn, and every individual who refrains from spitting on the street, in thoughtfulness for his fellow beings.

FOLLOWING ARE THE STATISTICS:

Miscellaneous complaints investigated, 311; hearings, 1; complaints outstanding, 1; prosecutions, 0; polio, 0; scarlet fever, 0; strep throats, 14; mums, 4; venereal diseases, 2; occupational diseases, 3; measles, 11; chicken

pox, 11; tuberculosis, 2 discharged hospital cases; pneumonia, all types, 11; board, foster care and convalescent homes and restaurants inspected, 9; barber shop inspections, 3; improper display of foods and edibles, 2; dairy inspection, 5; quarantines for communicable diseases, 0; dog bites, 17; disposal dead domestic animals, 23; collection of dairy products and foods, open and packaged, 11; assists in State-supervised sanitation surveys, 4; sewage disposal violations, 7; revaccination certificates, people going out of the country, 8; conferences with superiors, 19; roadside dump violations, 2; premises vacated in unsanitary condition, 2; orders issued on investigation of confirmed complaints 31. With the exception of the one complaint (outstanding), all cases were cleared of criticism at the end of the fiscal year of 1962.

Respectfully submitted,

CARL B. CANNEY,
Health Officer.

THE STATE OF NEW HAMPSHIRE**Polls open at 9:00 A. M.**

To the Inhabitants of the School District in the Town of
Farmington qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said
district on the 12th day of March, 1963, at nine o'clock
in the forenoon, to act upon the following:

Article 1. To choose a moderator, a clerk, a member
of the school board for three years, a treasurer, auditors,
and all other necessary officers and agents for the ensuing
year.

Given under our hands at said Farmington this day
of February, 1963.

(Mrs.) JAMES E. THAYER,
ROGER NUTTER,
ALEX C. HASKELL,
School Board.

A true copy of warrant—attest:

(Mrs.) JAMES E. THAYER,
ROGER NUTTER,
ALEX C. HASKELL,
School Board.

WARRANT FOR SCHOOL DISTRICT MEETING**State of New Hampshire**

To the Inhabitants of the School District in the Town of Farmington qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on the 20th day of March, 1963, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
3. To choose agents and committees in relation to any subject embraced in this warrant.
4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
5. To transact any other business that may legally come before this meeting.

Given under our hands at said Farmington this day of February, 1963.

(Mrs.) JAMES E. THAYER,
ROGER NUTTER,
ALEX C. HASKELL,
School Board.

A true copy of warrant—attest:

(Mrs.) JAMES E. THAYER,
ROGER NUTTER,
ALEX C. HASKELL,
School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To School Board and Citizens of Farmington:

The "Minimum Standards and Recommended Practices for New Hampshire High Schools, Grades 9-12" was adopted by the New Hampshire State Board of Education on June 18, 1962, effective September, 1963.

If we recognize that the school must meet the needs of many individuals with widely varying skills, capabilities, and interests, then, we must conclude that this can be done only when the school provides, through its program, its services, and its staff, sufficient diversity to permit secondary school education to have real meaning for each boy and girl.

The provisions of RSA 194:23, 23-a, 23-b, 23-c provides the authority to the State Board of Education for approval of high schools and comprehensive high schools.

We are now an approved comprehensive high school and it is my recommendation that we pursue this direction of approval, although, the school district will need to make some capital expenditures in order to meet fully all of the standards.

Basically, an approved high school offers a one track system of college preparatory courses with a minimum

program of 20 units of which 17 units must be offered in any given school year. The distribution of subjects must meet State board of approval.

A comprehensive high school must offer all of the learning opportunities of a "high school," plus 10 units of general subjects, 14 units in the practical arts and 3 units in the fine arts. An approved comprehensive high school shall provide an organized program of guidance for all students.

Both types of schools must have a qualified school-librarian or teacher-librarian and must provide a minimum of one period daily of library services for each 100 pupils, utilizing a qualified staff member.

It must be emphasized that 75 per cent of the students in this community do not plan to enter post secondary schools and for them the education received through high school is terminal. Consequently, it is necessary that we offer the diversified program which we are now offering.

Although not directly related to the minimum standards, the interim commission report on education to the general court will have far-reaching effects on the educational horizon of the State of New Hampshire.

On November 30, 1962, Mr. Paul Quimby, of the Division of Instruction, visited Farmington High School. The purpose of the visit was to clarify what action, if any, is necessary to qualify Farmington High School as an approved comprehensive under the new minimum standards which go into effect in September, 1963. A summary of action necessary follows:

1. A 4-year general shop program.
2. At least one credit opportunity in both art and music.
3. A full-time, non-teaching principal. The time for administration and supervision must be exclusive of study hall assignments, teaching assignments, and guidance counseling.
4. At least four periods of guidance counseling.
5. At least two periods per day must be handled by a teacher-librarian.
6. A minimum library collection of 1,500 volumes with not less than 1,200 titles. (A period of three years would be permitted to achieve this goal.)

7. A minimum of 15 periodicals including one or more metropolitan newspapers and one or more regional newspapers.

Mr. Quimby gave the following answer, when asked to indicate what penalties would result from non-compliance with minimum standards: "You will note in RSA 194: 23-d that 'A high school or comprehensive high must be approved by the State Board of Education in order to qualify the district maintaining such school to receive any form of financial State aid to education. . . .'" In other words, it is clear that a district would forfeit foundation aid, building aid, NDEA funds, aid which is channeled through State departments for home economics and certain other vocational courses, etc.

Finally, to meet the minimum requirements, for a comprehensive high school, it would be necessary to add a teacher and a half. This is a minimum investment for the maximum services that your children would receive. Your school board has budgeted for an approved high school.

In conclusion, I would like to express my appreciation for the cooperation given me during the year by the citizens, school board, pupils and teachers of Farmington.

Respectfully submitted,

RAMON MARTINEAU,
Superintendent of Schools.

NOTE OF APPRECIATION

The members of the school board, administrators, teachers and pupils wish to express their appreciation at this time for the fine work that the A. P. T. School Lunch Committee has done. Through their efforts, a freezer purchased by the American Legion has been loaned to the lunch program, and enough money has been raised to purchase an automatic dishwasher. In particular, we would like to recognize Mrs. Elsie Hart, Mrs. Mildred Mooney and Mrs. Nellie O'Leary.

**REPORT OF THE PRINCIPAL
FARMINGTON HIGH SCHOOL
AND MEMORIAL DRIVE SCHOOL**

To the Superintendent of Schools:

I herewith submit my annual report for Farmington High School and Memorial Drive School.

On the opening day of school our enrollment, by grade, was as follows:

Grade	1	2	3	4	8	9	10	11	12	P.G.
Boys	50	47	41	40	38	31	36	19	19	0
Girls	33	32	42	28	36	51	28	20	15	0
Total	83	79	83	68	74	82	64	39	34	0
	Total Elementary								313	
	Total Jr. and Sr. High								293	

Grand total 606

Since the opening of school we have had the expected transfers in and out of the school with the following figures being our enrollment in mid-January:

Total Elementary	324
Total Jr. and Sr. High	287

Grand total 611

It may be of some interest to note that our total enrollment has increased by 5 pupils, although enrollment in grades 8-12 has decreased by 6 pupils.

The important consideration here is the dropout rate. Of the original 293 pupils reporting to school in September, 11 have ended their formal education. This is a dropout rate of 3.8% which is quite an improvement. You will recall that last year we had a 6.5% dropout rate over a three year period of time.

Needless to say the addition of swings and a jungle gym at the Memorial Drive School was necessary and good for the children. We still need to blacktop that strip of dirt which surrounds the building at the elementary end.

We were quite fortunate in having money in the Activity Fund enabling us to plant maple trees along the drive at the front of the school. Some of the money was the remainder of a class gift and some came from last year's Civics class, thus providing an improvement to the school

at not cost to the taxpayers.

The following section of this report shows what the members of the class of 1962 are doing at the present time.

SURVEY OF GRADUATES

CLASS OF JUNE, 1962

Section I. Graduates Continuing Schooling:

A. Number of graduates entering a four-year college or university:

	Boys	Girls	Total
*University of New Hampshire	1	1	2
Plymouth Teachers Collegs	0	3	3
Keene Teachers College	0	0	0
Other colleges	2	1	3
Total	3	5	8

B. Number of graduates returning to secondary school for post-graduate study

	0	0	0
--	---	---	---

C. Number continuing education in some other manner (junior college, nurse training for RN or practical nursing, business school, technical institute, two-year agriculture school, three-year programs, etc.)

	1	4	5
--	---	---	---

Grand total for Section I

	4	9	13
--	---	---	----

Section II. Graduates Not Continuing Schooling:

A. Number of graduates employed	4	6	10
B. Number of graduates in Armed Forces	3	0	3
C. Number of graduates now housewives	0	3	3
D. Number of graduates unemployed			
E. Number unaccounted for in this study			

Grand total for Section II	7	9	16
Total number of graduates, section I plus II	11	18	29

* Report students enrolled in 2-year agriculture course under Part C.

Respectfully submitted,

DONALD P. DRAKE,

Principal.

MAIN STREET SCHOOL

ELEMENTARY PRINCIPAL'S REPORT

To the Superintendent of Schools:

ENROLLMENT

During the 1962-1963 school year, the Main Street School housed grades 5-7. On the opening day of school the enrollment, by grades, was as follows:

Grade 5 (3 sections)	89 pupils
Grade 6 (3 sections)	91 pupils
Grade 7 (2 sections)	60 pupils
Total	240 pupils

STAFF

We are fortunate to have a very competent and experienced staff. There are two changes in our staff from last year. Miss Burleigh, who retired last year after long and valuable service in our local schools, and Mrs. Towle have been replaced by Mrs. Dorothy Chellis and Mrs. Phyllis Zurheide. Mrs. Chellis, a teacher of considerable previous experience, teaches one of the sections of the fifth grade. Mrs. Zurheide teaches one of the sections of the sixth grade. At the beginning of the year, Mrs. Gertrude McClintock taught this section of sixth grade. In the middle of the year, however, the home economics teacher at the high school resigned, and Mrs. McClintock, being a trained person in the field of home economics who was readily available, was asked to fill out the year in that

capacity at the high school. We were able to find Mrs. Zurheide to fill the vacancy thus created at our building.

The teaching assignments are as follows:

Grade 5A	Miss Stevens
Grade 5B	Mrs. Chellis
Grade 5C	Mr. Muggleston
Grade 6A	Mrs. Maxfield
Grade 6B	Mrs. Batchelder
Grade 6C	Mrs. McClintock-Mrs. Zurheide
Grade 7A	Mr. Roberts
Grade 7B	Mrs. Spear

We conduct a modified type of departmentalization in the seventh grade which should help these students to adjust more easily to the considerable differences they will find between the elementary and secondary school systems when they move on to high school.

CHANGES OR IMPROVEMENTS

A considerable improvement was made to our library as a result of the purchase of slightly over thirty new books this year. These included books ranked among the very best in modern children's literature, and, as often as possible, were books (usually of fiction) which are specially recommended for enrichment and supplementary use in connection with some of our formal subject areas, such as reading and social studies. The tremendous use to which the children have put these new volumes certainly justifies their inclusion in our library system.

Several improvements have been made in the textbook field this year. New language texts were purchased for the sixth grade as part of a continuing yearly program designed to replace our old editions with a newer, more functional series. Next year will bring us to the completion of this particular program. In the fifth grade new basal readers and new social studies books were bought for one section.

SPECIAL INSTRUCTION

In the area of special instruction we have not been quite as fortunate as we were a year ago. We started the year with the services of a vocal music teacher, Mrs. Cook, but she found it necessary to resign. Since a suitable replacement could not be found, we have spent most

of the year without formal vocal music instruction: One considerable "blessing" did derive from this situation, however. When it was seen that the chances of finding another elementary music teacher were poor, it was decided to use the unexpended money which had been budgeted for music to engage Mrs. Haskell to finish out the latter half of the year as a remedial reading instructor, providing us with an opportunity to return to our schools this much-needed service of well-proven worth.

Mrs. Dorothy Bassett continues to supervise our instrumental music program, spending one day a week at our building and working again with some of our students at the high school in their capacities as members of the school band. Our pupils are getting very capable instruction in this area.

We are continuing with the Rinehart writing program in our school. The program is conducted by the classroom teachers under the supervision of Mr. and Mrs. Metava, very capable and efficient Rinehart representatives, who provide a monthly rating and instructional lesson for each class. Very definite improvement is noted in the quality of the students' writing as a result of this program.

INSURANCE

As in the past, our students were provided with an opportunity to take advantage of an inexpensive group accident insurance program. A total of 135 pupils took advantage of this plan.

U. S. SAVINGS STAMP AND BOND PROJECT

We again provided students with the opportunity to buy U. S. Savings Stamps at the school. This program is almost entirely student operated, so it serves a dual function: (1) to encourage the habits of thrift and wise fiscal management, and (2) to develop the students' sense of responsibility and service.

Respectfully submitted,

DAVID C. ROBERTS,

Principal.

REPORT OF SCHOOL NURSE

To the Townspeople, School Board and Superintendent of Schools:

The following report is for the school year 1961 to 1962.

The communicable disease incidence was high with an epidemic of whooping cough and mumps. There were three cases of ringworm, six cases of German measles, three cases of bullis contagiosa, two cases of scabies, one case of scarlet fever, seven cases of hepatitis and twenty-nine cases of impetigo which was high.

The same old annoying incidence of pediculosis (head lice) totaled fifty-three cases which is much too high. The parents were notified and the child was excluded from school while the treatment was carried out.

A Chest Clinic was held in Rochester and seven students were transported to it during the school year.

The Mental Hygiene Clinic in Dover and three students were transported to it during the school year.

The Convulsive Disorder Clinic in Manchester and four students were transported to it during the school year.

The Orthopedic Clinic was held in Rochester and seven students were transported to the clinic during the school year.

The Speech Clinic in Portsmouth and one student was transported to it.

There was a Salk Polio Clinic held for third shot only and forty-five students received it. Two Sabin (Oral) Clinics were held and two hundred and eighty-five children received their first (No. 1) drink.

The usual health physical examinations were carried out by the school physician, Dr. Robert E. Lord. Four hundred and eighty-one students were examined and whenever there was an abnormal condition existing in any pupil the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Vision testing was administered to check defective vision in four hundred and eighty-three students, and hearing tests with the Maico audiometer were done throughout the school years to help the student. No child needs to go without glasses because financial assistance is available in obtaining proper diagnosis and corrective treatment. This can be arranged through me (school nurse) through various organizations.

The pre-school round-up was held on May 14, 15, and 16, 1962, and seventy-six children were registered at the round-up to start school in September, 1962. Each child received a vision test, hearing test, was weighed, measured and teeth were checked and a history was taken.

During the school year four hundred and ninety-eight school calls were made by the school nurse in person or by telephone.

One hundred and ninety-one ill children were transported home and ninety-two children were transported to the doctors during the school year, 1961-1962.

In concluding this report it is a privilege to mention the cooperation of the following service organizations and groups who have helped in many ways: Kiwanis Club, Salvation Army, Red Cross, Farmington Women's Club, Ladies' Church Service Organizations, American Legion, and also private parties.

These groups and organizations are continuously serving and providing suitable clothing, dental, and vision aid to the children and by doing so, help to build a better and healthier community.

Following is the statistical report of the school health work for the school year, 1961-1962:

Pupils examined by physician	481
Pupils examined by nurse	483
Defects found by nurse	159
Defects under treatment	142
Inspection of heads	1,156
First aid	692
Salk polio shots, No. 3	45
Sabin polio oral, No. 1	285
Home visits by nurse	498

Respectfully submitted,

(Mrs.) R. N. FEENY, R N.,
School Nurse.
