STATEMENT BY SELECTMEN

We, the Selectmen of the Town of Farmington, herewith submit our annual report for the year 1959 for your consideration.

We are pleased to report that despite the unusually cold weather in the early part of the year, causing freeze-ups in many of the drains, we were able to correct this trouble through the means of steaming and the application of a product manufactured primarily for cleaning up situations just such as those we had in front of the Post Office and at the corner of North Main and East Grove Streets. The summer maintenance programs as arranged by the Board were all completed as scheduled. In addition, we were able to do some more work on the Mad River supplementing that which had been previously done. Also, because of contemplated new building on the Paulson Road, it was felt that there was a definite need for improvement on this road, and this work we were able to complete in the early fall. At this time, we bring to your minds the fact that upon completion of any flood control project such as the Cocheco River which has just recently been finished, the expense of the maintenance of this project becomes the responsibility of the Town and will reflect on the cost of our summer maintenance.

Under the TRA funds, we were able to widen and rebuild a section of Cardinal Hill, also Silver Street from Charles Street to the Middleton town line. For the coming year it is our intention to continue with another section of Cardinal Hill, new work on the Watson Cross Road and then to use whatever balance is left on the Tibbetts Hill Road.

The Charles Street project was completed with funds from the Parking Meter Reserve as voted at the annual meeting last March and the expense of the improvement of the drainage on Charles Street was met by funds in our summer maintenance appropriation. This section of Charles Street will have to have a finish coat this year which is our plan to do under the summer maintenance program tentatively outlined. With the balance of the Parking Meter Reserve the Central Street sidewalk was completed.

A plan has been tentatively drawn up by this Board to use the money from the Parking Meter Reserve funds this year as follows: \$1,000.00 on general sidewalk improvement, primarily on walks to the new high school and also on Spring Street, and any and all balance to be used for the improvement of Orange Street from the corner of School Street to the corner of Courtland Street.

As stressed in our statement of last year, we hope to continue to bring our highway equipment to a higher and more efficient operating level thereby lessening our maintenance costs.

WELFARE DEPARTMENTS

In these departments, you will note by the expenditures of 1959 that we were able to meet any and all needs for assistance with no overdrafts on any of the appropriations made for welfare. However, this year we are asking for an additional amount for old age assistance and decreasing the appropriation for direct relief by the same amount. We have found that the cost to the Town for old age assistance has increased yearly due to the number of added recipients of this type of assistance and has resulted in a need for an additional amount to meet the present and future requirements of this department.

Mention of other departments and other data is excluded for the sake of brevity and are for the most part explained elsewhere in this report.

It is the feeling of the Board that the most urgent need is an improvement in both long range and short range planning in all of the town's business in order to effect maximum service to the townspeople based upon the lowest practical appropriations. This has been our aim in computing our budget for this year.

We wish to extend our sincere appreciation for the fairness and understanding which the townspeople have shown us this year and sincerely hope that our deliberations have resulted in benefits to the town.

Respectfully submitted,

CLIFFORD L. TATTRIE,

FRANK W. LORD,

ERNEST J. KELLEY,

Selectmen of Town of Farmington

BUDGET FOR FARMINGTON

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Farmington, qualified to vote in town affairs :

You are hereby notified to meet at the Town Hall in said Farmington on Tuesday, the 8th day of March next, at nine o'clock in the forenoon, to act on the following subjects :

Article 1. To choose one selectman for three years, a town clerk, a town treasurer, two auditors, a trustee of the trust funds for three years, three budget committee members for three years, one budget committee member for one year, and all other necessary officers and agents for the ensuing year.

YOU ARE ALSO NOTIFIED TO MEET AT SAID TOWN HALL AT SEVEN O'CLOCK IN THE AFTERNOON ON THE SAME DATE, TO ACT ON THE FOLLOWING SUBJECTS:

Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 3. To see what sum of money the town will vote to raise and appropriate for the police department.

Article 4. To see what sum of money the town will vote to raise and appropriate for fire protection.

Article 5. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to be applied to the payments for services of a district nurse of said town, said funds to be disbursed through the Farmington Visiting Nurse Association, Inc.

- Article 6. To see what sum of money the town will vote to raise and appropriate for the health department.
- Article 7. To see what sum of money the town will vote to raise and appropriate to vital statistics.
- Article 8. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges and for the general expenses of the highway department.
- Article 9. To see if the town will vote to raise and appropriate the sum of \$940.73 in order to assure state aid in the amount of \$6,271.55 for the improvement of Class V highways.
- Article 10. (By request) To see if the town will vote to raise and appropriate the sum of \$2,500.00 for the Farmington Public Library Association.
- Article 11. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.
- Article 12. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 60, American Legion, to be used for Memorial Day observance.
- Article 13. To see what sum of money the town will vote to appropriate for the care of parks and playgrounds.
- Article 14. To see what sum of money the town will vote to raise and appropriate for employees' retirement and social security.
- Article 15. (By request) To see what sum of money the town will vote to raise and appropriate for civil defense.
- Article 16. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary in anticipation of taxes.

- Article 17. (By request) To see if the town will vote to raise and appropriate the sum of \$329.40 which is 1/100 of 1% of the assessed valuation of the town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town, in cooperation with other towns in the Lakes Region.
- Article 18. To see what purpose or purposes the town will vote to appropriate the balance of the parking meter fund not otherwise earmarked and the income over and above the maintenance expenses, in accordance with the provisions of Laws of 1947, Chapter 74, Section 2.
- Article 19. To see if the town will vote to raise and appropriate the sum of \$3,000.00, said sum to be applied toward the purchase price of a new truck and plow for the highway department; and to authorize the Selectmen to transfer from the Net Surplus account the purchase price of this new equipment, together with the trade-in allowance on one of the old trucks.
- Article 20. (By petition) To see if the town will vote to accept as a town road that street which runs from Main Street in an easterly direction parallel with Mechanic Street and which is commonly called Central Court, said street to be designated as Central Court if accepted.
- Article 21. (By request) To see what action the Town will take in regards to the conveyance of real estate acquired by the Town as a result of non payment of taxes.
- Article 22. (By petition) To see if the Town will vote to accept a deed from Rose Perkins to establish and to confirm the Boundary line of the street known as Riverside Drive and in return to erect a stone wall on said boundary line at town expense using stone furnished by Rose Perkins.
- Article 23. (By Request) To see if the Town would accept as Town Roads certain entrance roads providing access to Spring Street and to North Main Street

in a housing development to be built by Charles DiPrizio upon proper request and upon the construction and completion of said entrance roads.

Given under our hands and seal this nineteenth day of February, 1960.

CLIFFORD L. TATTRIE,
FRANK W. LORD,
ERNEST J. KELLEY,
Selectmen of Farmington

FIRE WARDEN'S REPORT

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note:

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly

supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple:

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.
5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires	2
Number of acres burned	31½
Number of permits issued	52

HEALTH OFFICER'S REPORT

December 31, 1959

FOREWORD:

Public health is an integral part of all human affairs, at all levels, and may be regarded as one of the most important factors in determining the destiny of the future. Those who share, even in a small way, the responsibilities for its advancement should be eager to do more. However, the weight of the burden rests with Wholehearted PUBLIC COOPERATION, monitored by law enforcements, as prescribed by state standards and regulations in cases of flagrant violations and indifference to ordered abateements.

As has been pointed out in previous health reports, PUBLIC COOPERATION, with a zeal for GOOD CITIZENSHIP and the ACCEPTANCE OF CIVIC RESPONSIBILITY, FARMINGTON inherits for 1960 the successes of former years and pledges faithful continuance of this program, in which your health officer wishes to acknowledge and thank the following sources for their unreserved support:

The board of selectmen, local physicians, school board, superintendent, school and visiting nurses, teachers, police, fire, precinct and highway departments; welfare agencies, the press, youth, and fraternal organizations and, especially, State District Sanitation Inspector Kenneth E. Gunn for regular and faithful cooperation during the major part of my successive terms, and to all other contributing sources.

FOLLOWING ARE THE STATISTICS:

Miscellaneous complaints investigated, 319; hearings, 0; prosecutions, 0; complaints outstanding (partial exposure), 1; polio, 0; scarlet fever, 1; strep and septic throats, 29; mumps, 9; measles, 7; chicken pox, 11; tuberculosis (hospital releases), 4; venereal diseases, 2; occupational diseases, 4; pneumonia (all types), 11; board, foster care and convalescent homes, 9; restaurant inspections, 11; barber shop inspections, 2; label viola-

tions, 1; improper displays of foods and edibles, 1; dairy inspections, 5; quarantines for communicable diseases, 1; dog bite cases (animals quarantined), 26; disposal of unidentified dead domestic animals, 31; collections of dairy products, foods and cereals (open and packaged), 9; assists in state-supervised sanitation inspections, 3; sewage disposal violations, 3; secured pledged state-cooperation in support of the 500 Boys Club Swimming Pool Project.

N. B. Five of the cases of communicable diseases reported above were local residents treated by out of town physicians.

Respectfully submitted,

CARL B. CANNEY,

Health Officer

WARRANT

for SCHOOL DISTRICT MEETING

To the inhabitants of the School District in the town of Farmington, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said town on the 16th day of March, 1960 at 7:30 o'clock in the afternoon to act upon the following subjects.

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriations, which balance is to be raised by taxes by the town.

9. To see if the district will authorize the school board to dispose of Glen Street school and High Street school.

10. To transact any other business as may legally come before the said meeting.

Given under our hands and seal this 2nd day of February, 1960.

PAUL R. PLACE,

THOMAS K. DAVENHALL,

School Board

A true copy of warrant attest:

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Farmington:

On Wednesday, the 18th day of March, 1959, the citizens of Farmington attended the regular school district meeting and made a momentous decision. They voted to build and equip a new High School and Memorial Auditorium-Gymnasium and authorized the School Board to make all necessary negotiations for financing, constructing and equipping this project.

The contract for your new school and memorial-gymnasium was awarded on Sept. 2, 1959, to the Winston P. Titus Co., of Laconia, N. H. The total amount of contract to date is \$371,321.00. Construction began in September and at this writing, approximately 25% of the project is completed. The completion date of this project is August 1, 1960. A resume of expenditures to date follows:

	Original Estimates	Revised Estimates	Expended and/or Tentatively Committed
Construction	\$367,321.00	\$371,321.00	\$109,518.19
Architect	22,039.00	22,279.00	14,400.00
Elec. Fixt.	3,500.00	3,000.00	3,000.00
Shades	1,500.00	1,500.00	1,500.00
Hardware	2,000.00	1,000.00	1,000.00
Legal Fees	2,000.00	2,000.00	1,644.00
Water Line	1,000.00	1,000.00	1,000.00
Landscaping	5,000.00	5,000.00	5,000.00
Equipment	20,000.00	20,000.00	2,000.00
Grading			806.00
Elec. Ent.		1,100.00	
Total	\$424,360.00	\$428,200.00	\$139,865.19

Present plans are to have grades one through four at Memorial Drive, grades five through seven at the present High School building and grades eight through twelve in the New High School. These changes will take place in September of 1960.

It is highly recommended that the abandoned frame buildings be put out for bid and disposed of as soon as is feasible.

Now that we have settled our housing problem, another critical problem faces the community, and that is of staffing our schools with well trained and adequately prepared teachers. A continued shortage of teachers in all areas of instruction and the demand for additional teachers is creating a critical situation in New Hampshire. A poll taken recently at the Southeastern Superintendents meeting indicated that there will be needed 131 additional teachers in this area next year. Consequently, the community should exercise every financial effort to retain their better and experienced teachers. We have lost several of our better teachers the last few years because of the higher salaries offered in neighboring communities.

Changes in personnel last September are indicated below:

Mr. Richard Keith replaced John P. Ball as High School Principal.

Mr. Roger Owen replaced Richard Keith as Social Studies Teacher.

Miss Cynthia Perkins replaced Olive Lawrence in grade 8.

Mr. David Roberts replaced Robert Davis as Principal at Glen St.

Miss Florence Stevens replaced Florence Gerish in grade 6.

Mrs. Sara P. Zanes replaced Frances L. Doe in grade 2.

Mr. Arthur Mirabile is an addition to our Music Department.

Mrs. Ruby Towle is an addition in grade 2.

All grades receive a battery of the Metropolitan Achievement test at the end of the first semester, except grade 1, their test is given at the end of the year. Grades 2—4—6—8 have taken the Otis Quick Scoring test of Mental Ability.

In our American Democracy, the education of our schools is largely the responsibility of the local community. The scope of this enterprise can be best reflected by the total district appropriations and building programs in Supervisory Union No. 44 for 1959-60. The following data will be of interest to you:

SCHOOL DISTRICT APPROPRIATIONS

Barrington	\$ 91,438.25
Epsom	60,996.87
Farmington	201,166.95
Milton	143,408.65
Northwood	58,459.48
Nottingham	49,767.00
Strafford	51,606.94
	<hr/>
Total	\$656,844.14

BUILDING PROJECTS

Farmington	\$428,200.00
Milton	\$300,000.00
Strafford	\$123,000.00
	<hr/>
Total	\$851,200.00
	\$656,844.14
	<hr/>
GRAND TOTAL	\$1,508,044.14

In conclusion, I would like to express my appreciation for the cooperation given me during the year by the citizens, school board and teachers of Farmington.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

I take great pleasure in submitting to you my first annual report as Principal of Farmington High School.

At the opening of the school year, we had 255 students in grades eight through twelve. The enrollment by classes was as follows:

8	72
9	69
10	48
11	35
12	31

From the beginning of the school year to the middle of January, we have lost only three students. Two of these transferred to other school districts, and the third left school to work. During the same period of time, we have entered five new students making a net gain thus far in the school year, of two students. I think it is encouraging to note a decline in the number of drop-outs. I attribute much of this decline to the ever increasing school spirit and a dedicated teaching staff who are constantly striving to better meet the needs of the individual students.

The attendance record of the school this year has been quite satisfactory with a 96.4 percent attendance thus far. There is room for considerable improvement in the tardiness record, and we ask the co-operation of all the parents in helping the pupils to overcome a habit which is not only harming himself but also hurts the school record.

With the start of the new school year in September, we welcomed Miss Cynthia Perkins and Mr. Roger Owen as new members of our staff. The teaching staff and their subjects are:

Maurice Bernier	Science
Edwin Chamberlain	Industrial Arts
Mrs. Lillian Emerson	English
Miss Isabel Hunt	Commercial
Mrs. Gertrude McClintock	Home Economics
Roger Owen	Social Studies
Peter Poirier	Languages
Miss Cynthia Perkins	Eighth Grade
Walter Sundstrom	Mathematics
Stanley Towle	Eighth Grade

We are fortunate in having a very capable and dedicated faculty. There exists a spirit of harmony and cooperation among them. It is a pleasure for me to serve with a group of such high caliber.

To date we have enjoyed three assemblies, two of which were put on by Mrs. Emerson's Public Speaking class and one by Mr. Owen's Problems of Democracy class. Each of these assemblies provided a real learning situation by the group staging them, in addition to being very informative to the entire student body upon presentation.

I feel that recognition is due the valuable contributions of the various advisors of the clubs organized here at the high school. Many times the club activities fail to receive the credit due them as an important part of the overall school program. Every one provides in its own field valuable experiences for the student and enables those who are not athletically inclined to broaden their school program into that field which interests them most. A list of the clubs at Farmington High School and the advisors is as follows:

Press Club	Miss Hunt
Glee Club	Mr. Mirabile
Dramatics Club	Miss Perkins
Key Club	Mr. Owen
Cheerleaders	Miss Perkins
Student Council	Mr. Poirier
Science Club	Mr. Bernier
Library Council	Mrs. Emerson

We have a good program in the fine arts this year. Mrs. Bassett is teaching instrumental music and orchestra, Mr. Mirabile teaches vocal music, and Mrs. Barnes comes to the high school four periods a week to teach art. Many problems, due primarily to a lack of facilities, presented themselves when we were scheduling this program. There is every reason to believe that this program will be further expanded upon the completion of the new high school building, for the school year 1960-61.

In June of 1959, we graduated twenty-eight seniors and of this number approximately 33 percent have continued their education in college, business schools, or nurses training. Each of these graduates seems to be meeting with success in his chosen program of studies. I think that the town of Farmington can well be proud of these young people, as I know we are at the high school. This record did seem to refute the frequent charge that small high schools do not prepare their students sufficiently for success when in competition with those graduates of the large high schools.

The senior class of 1960 is at the present time making plans to present the play "Cheaper by the Dozen" in the revival of that annual event. Stage rehearsals will get under way upon the completion of the basketball schedule and the actual date of presentation will be as soon thereafter as possible.

The annual senior class trip has been planned for the spring vacation which falls during the last week of April. The class of 1960 is going to New York City only this year as the rising costs and continually increasing class size prevents the extension of the trip to Washington, D. C. A full schedule of sight-seeing has been arranged and the day of departure is eagerly awaited by all concerned.

The athletic program got off to a good start this year with the boys soccer team ending the season in a co-championship with Nute High School. The sports activities are coached and supervised by the following:

Soccer	Mr. Towle
Volley ball	Mr. Poirier
Boys Varsity Basketball	Mr. Poirier
Girls Varsity Basketball	Mr. Towle
Boys J. V. Basketball	Mr. Owen
Girls J. V. Basketball	Miss Perkins
Softball	Mr. Poirier
Baseball	Mr. Towle

I wish to thank the superintendent, the school board, parents, and the friends of our school for the splendid co-operation and support we have received this past year. We, here at the high school, would be helpless without this understanding of our problems. To successfully prepare young people for the adult life is not within the realm of possibility for any single group but it can be accomplished only through our working together.

Respectfully submitted,

RICHARD C. KEITH,

Principal

REPORT OF PRINCIPALS OF ELEMENTARY SCHOOLS

MEMORIAL and SCHOOL ST.

Schools opened September 9, with the following teachers on the staff:

Grades 1—Mrs. Melva Clough, Mrs. Bernice King and Mrs. Clarice Lougee

Grades 2—Mrs. Lougee, Mrs. Lillian Spencer, Mrs. Sara Zanes

Grades 3—Mrs. Gertrude Clough, Mrs. Dorothy Gardner

Grades 4—Miss Luvera Burleigh, Mrs. Agnes Leighton

Grades 5—Mrs. Mary Allen, Mrs. Patricia Towle

Grade 6—Miss Florence Stevens

Enrollment as of January 29, 1960

Grade	1	2	3	4	5	6
	78	86	69	67	62	31

Due to the overcrowded conditions we made several changes in grades one and two during November. We took the second grade from the combined grades 1 & 2 plus two reading levels from the other second grades and made a full second grade, employing a full time teacher. We also relieved the two first grades of two reading groups to make up a full first grade. Thus we now have three first and three second grades in all. By doing this the students will profit by more individual help at their own reading levels.

PROFESSIONAL ADVANCEMENTS

These teachers made the following professional advancements:

Mrs. Gertrude Clough—3 credit TV course—art—Colby College.

Mrs. Melva Clough.

Mrs. Rachel Feeny—3 credit course—mentally retarded child.

Miss Florence Stevens—3 credit course—social studies—U. N. H.

Mrs. Doris Barnes—two 3 credit courses—administration supervision—U. N. H.

All the teachers belong to the teachers union 44.

Most of the teachers belong to the New Hampshire State Teachers Association and the National Education Association.

SUPERVISION AND INSTRUCTION

The school district adopted the W. L. Rinehart writing program in grades 1 through 8, under the efficient and dynamic supervision of Mr. Matava. This entails a monthly rating check in all classes and an instructional lesson by the supervisor.

We are continuing the services of the instrumental instruction under the supervision of Mrs. Dorothy Bassett. Many children are taking advantage of this opportunity.

We employed a vocal music supervisor, Mr. Arthur Mirabile, and we all feel that our music program is in very good hands as some of you witnessed at a P. T. A.

meeting last fall and their combined efforts for the Christmas musicale. We will have the additional aid of a cadet teacher, Miss Joan Brewer of U. N. H., Feb. through June. We are looking forward to a May Music festival for your pleasure.

INSURANCE

All students are offered the opportunity to be insured for accidents during their school day. The Peerless Insurance Company with Mr. Aubrey King as agent, is our present insurance company. In all the accident cases this insurance has been of help. We have had no refusals according to the school nurses records, which by the way, is one of the best file of records I have had the privilege to refer to—thanks to the efficiency of your school nurse, Mrs. Rachel Feeny.

VISUAL AIDS

The most valuable instructional aids are the films and film strips offered by the film library at the University. We are most fortunate to be allowed the financial help in providing them. Your school board and superintendent should be commended for their prudence in such matters.

NEW EQUIPMENT AND IMPROVEMENTS

Our school has been improved by the installation of two 21-inch General Electric TV sets purchased from the school fund earned by previous teachers' programs. Over Channel 11, we will receive special programs to supplement our science and social studies courses in grades three through six.

Our school library was enlarged by the purchase of a full set of Arlo books, 60 in all. Also 4 complete sets of the Reader's Digest's supplementary readers on 31, 32, 41, 42 levels.

Many ditto materials for phonetic drills were purchased for all teachers who wished to make use of them.

All pupils receive a weekly reader at the town's expense. This is an excellent supplement to our basic readers as it follows the grade level vocabulary. They also provide a periodical test which can be used for diagnostic purposes.

TESTING

Reading readiness tests were administered to all first grades in October. This is one of the most important tests we offer as it helps us determine when the child is really ready to read. We plan to give these tests to all pre-school children about the third week in August.

We also are administering reading tests offered by our basic reading books at the two levels of grade two and grade three. All test results are available to those parents who want that information.

Individual tests are given when necessary, by the principal, to help us determine the child's difficulties, wherein we may correct the problem providing that we get the full cooperation of both the parent and the child.

ACHIEVEMENT TESTS HAVE TWO PURPOSES

1. Are the Farmington pupils, as a composite group doing as well as the thousands of other pupils, all over the country who have taken the same tests?

2. Is each Farmington pupil doing as well as he can—is his achievement in line with his capacity?

These achievement tests are given to all pupils in all phases of the curriculum, about the middle of the year. This discovers their weak and strong points, to be treated accordingly, instruction wise, during the remainder of the year.

REMEDIAL READING PROGRAM

I have conducted this program for those pupils who have not progressed in his grade levels according to the chronological age.

I have four such reading groups averaging one-half hour daily, four times a week.

A reading clinic was held on November 19, at the high school, dealing with the Farmington reading program. A full day was spent listening to, and discussing with three regional reading consultants. Both of the directors of elementary and secondary education, from the state department were present. Many suggestions were made which we hope to put into practice before the school year ends.

Please feel free to call the school when we can be of service to you or your children for which purpose the school operates.

DORIS C. BARNES,

Supervisory Principal

GLEN ST. SCHOOL

ENROLLMENT

The total enrollment at Glen Street School at the beginning of this year was 150. This consisted of 70 sixth grade pupils, divided into two sections, and 80 seventh grade pupils, divided into three sections.

INSURANCE

Our students again were provided with an opportunity to take advantage of an inexpensive group accident insurance plan. A total of 105 pupils participated in this plan.

CHANGES OR IMPROVEMENTS

During the course of the year many changes and improvements have been made in several aspects of the school environment. A notable exception to this general rule concerns the physical plant. Since this is the last year that we plan to use the Glen Street school, very little has been done to improve the physical features of the building and the grounds. However, the physical plant is but a small part of the school environment and we have concentrated our efforts on improving several more important features.

Probably the greatest single improvement we have made this year has occurred in the area of the curriculum. We have inaugurated several new activities this year, which, though they are often called extra-curricula, we like to think of as co-curricula in nature complementing and thereby enriching our more formal and academic regular curriculum. In this program we are devoting two 30 minute periods a week to what we call our Activity Period. The activities offered at this time provide opportunities for the individual students, regardless of grade, to join with other similarly interested students in devoting themselves to any of the six areas of human interest covered in our program. These six areas include art, offered by our Art Club, dramatics, as realized by our Dramatics Club, foreign language, as practiced by our Foreign Language Club, the literary arts, as represented by our Newspaper Club and its very successful paper, "The Midget", music, as offered by our Music Club, and advanced science as offered by the Electronics Club.

The benefits gained by this program are manifold. The very nature of such a program fosters growth of such concepts as democracy and self-reliance, trains youth to explore varied areas of interest (thus broadening the scope of their human experience and at the same time helping them to use more wisely and constructively their growing leisure time) and helps accelerate our formal curriculum, which in many areas has failed to keep pace with or to even provide for the growth and changes in our modern society. Much educational literature published recently has predicted that increased emphasis will soon be placed on the areas of foreign language and accelerated math and science at the elementary and junior high levels. Although we are not yet in a position to include these things in our formal curriculum, we are giving our students the benefit of some experience in these increasingly more vital areas of our shrinking, technological world through their participation in this Activity Period. Some more immediate benefits include the gaining of poise and self-confidence, a better understanding of foreign people, a greater appreciation of the fine arts, and a better understanding of our modern scientific world.

We have made several improvements in the textbook field, concentrating on the essential area of reading. In Grades 6 & 7 new reading texts, both remedial and accelerated in nature, have been purchased.

This year we continued and expanded last year's experiment in departmentalization for Grade 7. This year, since we have three teachers instead of two, it has been possible for us to offer six regular subject periods rather than four. Since reading is the key to academic success in high school and beyond, we decided to devote these two extra periods to more concentrated work in the areas of reading and spelling.

Experience with the modified type of departmentalization which we offer in the seventh grade will help these students to adjust more easily to the great differences they will find between the elementary and secondary school systems when they move on to High School.

A new U. S. Savings Stamps and Bond program has been instituted this year. To date the students have been investing about \$27 per week through this program. This encourages habits of thrift and wise financial investment plus the ideal of service to our country.

SPECIAL INSTRUCTION

Along with the other schools in our district, we enjoy the services of two special instructors, Mr. Mirabile, our music instructor, and Mr. Metava, our handwriting instructor. Mr. Mirabile meets with us once a week while Mr. Metava sees us once a month. Mrs. Bassett also provides instrumental instruction for those who wish it.

PHYSICAL EDUCATION

Although our physical education program this year is not as extensive as the one carried out last year, one improvement has been made that is worthy of mention. Last year a junior high school boys basketball team was formed, made up of boys from the seventh and eighth grades. Besides continuing this activity, this year a girls junior high school team has been organized, thus giving the girls a more equal share of this important adolescent activity.

PROFESSIONAL ACTIVITIES

All of our teachers are members of the New Hampshire Educational Association, several are members of the National Education Association, and the Principal is a delegate from Union No. 44 to the Assembly of Delegates, the lawmaking body of the N. H. E. A.

At this time it seems appropriate to express to the town of Farmington, to the School Board, to Mr. Martineau, and to my excellent and dedicated teachers, a sincere expression of appreciation for all that has been done to make this year an enjoyable and successful one.

Respectfully submitted,

DAVID C. ROBERTS,

Principal, Glen St. School

REPORT OF SCHOOL NURSE

To the Townspeople, School Board and Superintendent of Schools:

Last school year 1958 to 1959, the incidence of communicable disease has been low as compared to the year before. There were five cases of chicken-pox, three cases of skin ringworm, twenty-two cases of impetigo and very few other communicable diseases.

The annoying incidence of pediculosis (head lice) totaled higher than last year with seventy one cases throughout the school year. In all cases this condition was reported to the parents; the child was excluded from school and prompt treatment was carried out by the parents. However in some cases the treatment was not carried out correctly or else there was a lack of interest or means and the child missed a lot of time from school, and other means had to be taken.

Five students were transported to Rochester to the Orthopedic Clinic at one time or another throughout the

school year and nine students were taken to the T. B. Clinic in Rochester.

Three students received physiotherapy treatment at the clinic held during the school year. Miss Mary Bullock, R. N., physiotherapist, gave the care and instructions at the clinic.

There were three Polio and W. T. D. Clinics held last year. First clinic had three hundred students; second clinic had three hundred students and third clinic had one hundred students attending.

The usual health or physical examinations were carried out by Dr. George Quinn and Dr. Robert Lord and four hundred and seventy six students were examined. Whenever an abnormal condition was noted existing in any pupil, the parents were notified and advised to consult their family physician. Minor defects were promptly treated.

Hearing tests with the Maico Audimeter were done throughout the school year to help the student. Also vision tests were administered to check defective students. The parents were notified and advised to consult their family physician or optometrist if any defects were found in the vision or hearing of a student. No child needs to go without glasses because financial assistance is available in obtaining proper diagnosis and corrective treatment. This usually can be arranged by the school nurse through various organizations.

The Pre-school Roundup was held May 18, 1959 and May 19, 1959. Sixty five children were registered at the clinic to start school in September, 1959. Each child was weighed, measured, had a hearing, vision test and their teeth checked. The history of the child was taken at the roundup also.

During the school year one hundred and twenty-three ill children were transported home. PLEASE, if parents work be sure the school nurse or teacher knows where the child is to be taken in case of illness in school and who is to be notified in an emergency!

Thirty-six children were transported to doctors during the school year. During 1958 and 1959 school year two hundred and ninety five visits were made by the school nurse. One hundred throat cultures were taken by a Department of Public Health Doctor.

In concluding this report it is a privilege to mention the cooperation of the following service organizations and groups who have helped in many ways and at many times: Kiwanis, Salvation Army, Red Cross, Farmington Woman's Club, Key Club, Ladies Church Service Organizations. These groups and organizations are continuously serving in providing suitable clothing, dental, medical and visual aid and are helping to build a better foundation for a thriving healthy community in which we live.

Following is the statistical report of the health work for the 1958 and 1959 school year.

Pupils examined by physicians	476
Pupils examined by school nurse	444
Defects found	150
Defects under treatment	144
Visits to homes	295
Visits to schools	503

Defects	Number	Number Under Treatment
Vision	57	46
Hearing	3	3
Skin	3	3
Scalp	71	71
Teeth	Many	Many
Tonsils	11	14
Glands	2	2
Heart	1	1

Respectfully submitted,

MRS. R. N. FEENY, R. N.

School Nurse-Teacher
