Old Friends to Trust

"Five years since we graduated. Doesn't seem so. And how we've scattered!"
"What good times we used to have. And how friendly."
"Seems to me we made some promises. To visit when we could. To write when we couldn't. Anyhow, to keep the old friendships alive."
"A dozen of these girls live within fifty miles, and I haven't seen one of them in ages."
"No use blaming them. I haven't done my part either."
"I'm going to start a reunion now—at once—by telephone."
"It doesn't cost much at these new rates."

The apprehension and conviction in Rochester last Friday night of a Farmington lad, whose minority gives him considerable immunity from a publicity standpoint, no doubt will set at rest much of the anxiety felt by business men, and especially garage keepers in this section, whose places of business have been broken and pillaged on repeated occasions for several weeks.

The young man was captured at a garage in Rochester in the act of pilfering the place. The automobile which the offender used was searched and found to contain a rather rich harvest of pilage, and later much of the stolen goods collected from local garages was recovered. Thus, what for a time looked to be a successful career in the night prowling business was brought to light before a court of justice.

Chester W. Doe, superintendent of local schools, was in attendance at the annual spring conference of school superintendents of the state at Plymouth last Saturday.

Mr. and Mrs. Irving T. Youland have removed from Manchester to this village and are occupying an apartment in the Pelletier block on Orange street.

Those not already aware of the death of a former resident, Mrs. Martha Harmon, at the home of her son, Harry C. Harmon, in Portland, Me., last month, will regret to receive the sad news.

Eugene Glass, for several years a resident of this town, left here Monday for Greensboro, N. C., his old home, where he has purchased real estate and expects to settle. It is hoped that he will return occasionally to renew friendships of which he has many.

It has been reported to the "News" that the cottages of Norman Kimball and John Stevens at Merrymeeting Lake have been broken into during the winter and theft of small articles committed. Apparently the culprits spent considerable time in the premises for they were left in a very slovenly condition. Owners are investigating.

Clarence L. Perkins Post, American Legion, will hold its annual concert and ball in the town hall auditorium on Tuesday evening, May 14, with Ferdinando's orchestra in attendance. This will be the first dance date in the new hall and with this drawing card, combined with the popularity of the Legion and this famous orchestra, there should be no question about the success of the affair.

Oscar Alken, son of Mr. and Mrs. E. J. Alken of this town, left Monday for New York, where he will take charge of a department of the W. T. Grant chain store system.

Mr. Alken is a graduate of Farmington high school and the University of New Hampshire, in which latter school he completed special training that fits him eminently for the work he is to undertake. His success will be watched with much interest by his friends.

Road Agent Walter Hammond and crew of workmen have done a very commendable piece of work on Orange and Grove streets this week. The drain at the foot of Orange street, which was so badly clogged as to cause frequent washouts, has been opened, thoroughly cleaned, bricked up and top-grated. Also the drain along the foot of Grove street, which conducts the large volume of water from the Hayes meadow brook has been opened and cleaned. This work should effect a great improvement of drainage in this area.

The civics committee of the Farmington Dedication association, whose duty it is to cooperate with the town officials in securing the best possible aspect of the town for the visit of the governor and the dedication of the town hall and library on May 10, respectfully call attention of property owners and request that the clearing up of winter debris be started as soon as possible. Date on which town trucks will call for all rubbish that cannot be disposed of with safety on the premises will be published next week. Health Officer John H. Leighton also will cooperate with the committee and town officers in having the town appear at its best.

DEDICATION OF TOWN HALL AND GOODWIN PUBLIC LIBRARY MAY 10th

Final details of the program for the dedication of the new town hall and Goodwin public library, with a visit from His Excellency, the Governor, on May 10, were completed with full acceptance of plans at a special meeting of the committee on general arrangements, held at the new library rooms Monday evening. The general outline of program, as published in the News of last issue, was left practically intact, with the exception that Fred I. Thayer, chairman of both the town hall and library building committees, will make the presentation at the town hall instead of Fred W. Browne, as formerly announced. By this latter arrangement, Mr. Browne, chairman of the general committee, will act as master of ceremonies for both occasions and Mr. Thayer will make both presentations. The only other alteration was the excusing of the teachers and pupils of the local schools from participation in the duty of escorting the governor from the library to the town hall, it having been decided that the very short distance between the two points would permit of no attempt at parade and the escort of the Governor and the few officials will be commended to Henry Wilson American band and a color guard from Clarence L. Perkins Post, American Legion. The final selection by the band at the library dedication will be America, and the final selection at the town hall, The Star Spangled Banner. Both will be accompanied with singing and as no special preparation will be required, except for the teachers of the respective grades and schools to assemble their students in groups and to lead them in singing these patriotic numbers. It was decided to ask them to assist in this way. It was voted further to secure the F. H. S. orchestra to furnish music at the town hall during the public inspection. Exercises for both dedicatory ceremonies will be observed in the open air, with weather permitting, and the program will open from the library steps at 2 p. m. At its conclusion, the town hall dedication will take place immediately, so that both buildings may be open to public inspection with proper attendants in charge until 5:30 p. m. This arrangement has been agreed upon in order to give ample time for the public and guests to gain a respite and rest and, of still more importance, to afford time for the final arrangement of properties and rehearsal for the production of Denman Thompson's beloved rural drama, "The Old Homestead," which will be presented for the benefit of Henry Wilson American band, by a local veteran cast, directed by Herbert D. Brown. This play will be staged on an elaborate scale and its original excellence and atmosphere carefully preserved to tradition of America's favorite drama. Through the courtesy of the New Hampshire Pythian Home at West Swanzey, the wonderful status of Venus, the original sacred shrine around which the dreams of Denman Thompson wrought "The Old Homestead," will be among the settings of the play to add glamour and mystic charm to its success. The guests of honor will be Governor and Mrs. Tobey and Charles Carter of Ossipee, the impersonator of the original "Cy Prime" in "The Old Homestead." Besides the Governor and Mrs. Tobey, the guest of honor for the public library dedication will be George H. Goodwin, the library donor, in deference to whose 83rd birthday the dedication of two noteworthy public buildings has been set for Friday, May 10.

The new fast color Percels and Wash Fabrics at Ned Parker's are attracting early buyers.

CARD OF THANKS

It is beyond the power of words to express my thanks and appreciation to the many sources that have overwhelmed me with sympathy and assistance during my illness and convalescence. I am impressed, more than ever, with the bond of brotherhood embraced in the spirit of fraternity and I have cause to testify to my faith in fellowship and friends. Everything that I have ever been able to give or do in the cause of faith has been more than rewarded during my illness, and for the abundance of kindly thought and assistance that has reached me, I wish, through the columns of the "News," to make acknowledgment and pledge an unforgettable gratitude to each and every source that contributed.

Arthur R. Jones.
