# How To Use This Book

This Directory is divided into three parts:

THE ALPHABETICAL LIST is a list of names of persons in Farmington over 21 years of age, also places of business in Farmington. Following each name is the street or road (with number, if any) where located.

NAMES OF WIVES follow those of their husbands. Names of other married ladies, divorced or widowed ladies, are designated as "Mrs". All ladies' names not designated as "Mrs" are understood to be "Miss".

THE STREET LIST is arranged alphabetically from Berry's Court to Winter Street. Under the name of each street or road will be found:

- (1) The starting and ending-points.
- (2) All houses on the street, in order in which they actually come, with their numbers, or the side of the street on which located.
- (3) At each house, names of persons residing there.
- (4) Streets crossing or intersecting. "R" stands for RIGHT and "L" for LEFT-hand sides of street. On roads having no numbers, all houses are designated by R or L. THE FIRST HOUSE ON A STREET bears both a number and R or L, showing which side of street bears odd numbers and which even numbers.

LIST OF OFFICERS of the Town of Farmington and of the town's fraternal orders.

SALES AND SERVICE

# BEFORE YOU BUY ANY TIRE GET WARD'S LOW NET PRICES ON RIVERSIDE TIRES

**NET price is the list price less the trade-in allowance.  
Come in and get Ward's NET price on your size tire.**

- 0 -

You owe it to your pocketbook and your safety to check up on Ward's prices. When you can get America's finest tires for LESS why be satisfied with anything else! Remember, when you buy Ward's New First Quality Riversides you get

**UP TO 28 PERCENT MORE MILEAGE - GREATER SAFETY!**

Tested against America's leading tires, Ward's New First Quality Riversides give up to 28 percent More Mileage! - Greater Traction - Longer Non-skid Protection - Greater Safety! That's because the thicker,

**GUARANTEED  
AGAINST EVERYTHING**

**Blowouts, bruises, cuts, wheels out of alignment, faulty brakes, collision - everything that can happen to a tire in service - without ANY limit as to number of months or miles.**

flatter tread is built of SUPER VITIALIZED rubber - because Riversides' center

traction, non-skid tread blocks give two-way skid protection - because the carcass of the tire is doubly insulated against blowouts!
