March 13 95

Helen Angus TOP manager?

- income changes year over year
down? up?

- Family
- dependency, not case based

Income 1994 Tax application
or T4 slips
or letter from employer

Proof - letter from employer
or pay stubs
or separation notice

Lorna

Nupigen? Nutrition Section 8

have had recent refusal

"Tracing" of Section 8 applications - antidiarrhoeal etc but to end of line
- antibiotics 24 hour turn around

For drugs where there are a # of requests, guidelines developed -
DQTC, in consultation with other in field, develop guidelines &
released to physicians who are likely

- Some drugs applied through deductible will result
in faster track Section 8 process other program tracks in

- Drugs have to be dispensed in Ontario

- Experimental drugs will not be allowed for deductible

No year over year adjustment to recover

Not part of deductible

Special Drugs

Experimental

Hospital Drugs

Public Health Vaccines etc

If non ODB product part of deductible

- possible review for facilitated Section 8 [eg. Palmarin for CP]

- notice to patient about alternatives on ODB
or Section 8

After-deductible, program might reimburse only on ODB terms eg
cheaper dispensing fees

Staff available 800-800 First 6 months

May + June Community Education Sessions, Regionally Organized
Possible Videos

Media campaign under consideration

- Rodney Spoto person challenged applications re "collect any information from any source"
