## **MEET THE MINISTER OF HEALTH**

### **SEVEN MONTHS AND NO NEW AIDS/HIV INITIATIVES!**

## **Will The NDP Really Make A Difference?**

The NDP's campaign rhetoric promised positive changes to the health care system for people living with AIDS and HIV. Seven months later, the NDP government has failed to take any new AIDS/HIV initiatives. People living with AIDS and HIV have demanded that the provincial government produce a coordinated health policy which guarantees full funding of, and equal access to, treatments for AIDS and HIV. We're still waiting...

**Guest speaker: EVELYN GIGANTES, MPP, MINISTER OF HEALTH**

**Come and express your concerns at this open forum!**

- Let the Minister of Health know how the health care system is working for you!
- Ask the Minister of Health when we're going to see the changes in the system that we need to survive!
- Tell the Minister of Health your plans for an improved health care system!
