

## Smith II

- RTPC's work does not constitute news in TBP except in same way as does for Globe. TBP could assist us more in that work.

- Trial of TBP helped it a lot

- OITC too - entering people into politics

- Now TBP (in ~~ff~~ yes I'm here) has more legitimacy

- Mistake: ultra-leftists on collective attacking  
gay biz - gay biz organizes gay comm.

TBP's <sup>biz</sup> spads produce the gay community - people know where to go. Without gay baths we wouldn't have had 3000 people in the streets.  
That early attitude caused problems for TBP.

Changes?: more humour in TBP. I know it's difficult. A lighter paper would be helpful. Sometimes I think I like sensational journalism but that would be bad. TBP so cool - but that's finally better.

- OI was hopelessly convoluted - never read it. ~~At~~ News more straightforward.

"Paper is absolutely necessary - has an international reputation. Has to keep publishing"
