

The Black Outreach Project is funded only until January 1996, but AIDS education must continue. There are more and more Black people in Nova Scotia being infected, so we must take the necessary steps to stop HIV. The Black Outreach Project is developing a resource kit and training manual so that community people can carry on this work. Please fill out the following questionnaire to help us make the best possible resources for future AIDS educators, One just might be you!

1. If you were doing a presentation on AIDS, what do you think you would need to do it?\_\_\_\_\_

---

---

---

---

---

2. If you were doing a presentation on AIDS and Racism, and AIDS in the Black community, what do you think you would need to do it?\_\_\_\_\_

---

---

---

---

---

3. If you were doing a presentation, what visual effects would you want to use: (video, flip chart, overhead projector, etc.)\_\_\_\_\_

---

---

---

---

---

4. What are some things you would like included in the resource kit and training manual? ( i.e. - questionnaires, exercises, etc).\_\_\_\_\_
