Mr. Thomas C. Trenchard, President
Smith College
Northampton, Massachusetts

Dear Mr. Trenchard,

Recollecting with pleasure our recent meeting, which I should have noted long before this, it occurs to me that ~~I did not mention~~ ^{we did not discuss} that what we talked ^{the subject of} about concerning Smith's ^{participation} role in the American Alumni Seminar for Public Responsibility was presaged in Sophie Smith's will.

Certainly here is a new, exciting, far reaching way in which Smith can be responsive to the needs of our country, "calling" its alumni to grabble, personally and responsibly, with the problems of our society at all levels.

I hope that you ^{will} see your way clear to throw the prestige of your college into this movement. I am confident that the details of stimulation, financial responsibility

^{and} growth will fall into line once you
have made the commitment

Thank you for receiving me - it's
still a thrill to be in conference with
"The President." I hope ~~that~~ I will be hearing
from you or Mrs. Cowen on way I might
continue to help.

Cordially,
Julie Rosenberg.
