Dear Sir:

My friend Mr. Gilham of Highland Springs - Cal. told me of your visit to him some time ago and knowing that you are interested in Indian Baskets I take the liberty in sending you this letter.

Having collected Indian Relics & Baskets exclusively for the last 25 years - I disposed of all my Indian Relics about two years ago.

This collection was on exhibition at the Memorial Museum Golden Gate Park - San Francisco, Cal.

I enclose clippings - but ask you kindly to return same. I spent much time among the various Indians of California - Arizona & New Mexico and my Basket Collection of today amounts to just 150 good pieces; while I have handled many thousand pieces. I made a small but good collection.

Actual cost of this collection amounts to about \$2000<sup>00</sup> but offer entire collection at \$1500<sup>00</sup>.

Will gladly mail photographs & full details should you care to receive them.

Hoping to hear from you & to learn if you are interested in this collection, I remain

Respectfully yours  
F. W. Bohle
