

I think your position is well taken in regard to articles with fur and feathers on, as they take a great deal of care and attention in order to keep the moths out of them. I noticed the hand hold on the three knifed club I got of you that the moths were in the fur and flannel, so that part of the article will be destroyed in a short time.

Hoping to hear from you again, I am,

Very truly yours,

Vern Kromburg

Enclose stamps for the return of  
medicine bundle.

I have a game for women, all made of bone - including  
the cups as well as the Pin. Usually the Pin  
is of wood or wire. This is all bone - both Pin  
and cups & rare in that way. If interested let me know
