Dear Madame

In reply to your fav. of Feb. 11th.
I would not like to break up my basket collection
in selling single baskets, but the collection could
be disposed of in two different lots
111 baskets for \$750. - &
154 " " \$3550. - These 154 baskets are all
very fine old menus, c: 43 Pomes, 36 Pulares, cit, cit, -
If you should be interested in this proposition, I would
send you photos & detailed catalogues. - The prices
are very low, considering the quality & age of the baskets,
they were purchased at a time, when the prices were not
as high as nowadays & whosoever will purchase this
collection, will get a decided bargain.

I am much obliged for sending me the photo.
of part of your collection, I studied the same with the
greatest of interest, you seem to have some fine baskets in
this lot, also very interesting designs.

Yours Very Truly
E. W. Leiders
