Mrs. W. H. M. Neil

St Louis

Mo.

Dear Madame

I have the intention to dispose of my collection of baskets (26 specimens) of the North American Indians, comprising nearly all the basket making tribes.

The bulk of the collection consists of old California baskets of superior workmanship; there are many fully & partly feathered (Pamos & quite a number of firm Dulares.

If you are interested in this proposition, I could give you further details & information.

Yours Very Truly
E. H. Lenders
