Mr. Harry L. George.,
St. Joseph, Missouri.

Friend George:-

I think that in my last letter to you, I explained to you that I had but little material on hand that would interest your friend, think the Pre-Historic material of this country has been pretty well gathered up. It is hard even to get old material let alone, materials that might be considered prehistoric.

I appreciate your kindness in his behalf, as well as my own, and will be glad to let him know at any time that I may get hold of anything that I think will be of interest to him.

Thanking you again and hoping to hear from you again, beg to remain,

Very truly yours,

W. H. Case
