Dear Judge Harrity

I am going into my senior year at [redacted] High School (Chope). With the present plan I am to attend [redacted] High this coming fall. There are many reasons why I feel I should be allowed to stay at [redacted], I feel that I have a much better chance of receiving a scholarship at [redacted] rather than at [redacted]. I also played basketball, volleyball, and badminton in my sophomore and junior year and would play varsity if allowed to stay at [redacted]. This would mean I would receive a jacket and letters in May of '75. I would have no feeling to play at [redacted] as all my school spirit would have been left at [redacted]. To me school spirit is one of the most important qualities in a school and is absolutely necessary for a school to be a quality school.

On the Globe it was stated you would like the seniors to set examples. I feel in [REDACTED] I would be too unhappy to set a good example but if allowed to stay in [REDACTED] I would certainly be able to set the example you expect. C

I would greatly appreciate a response to this letter to know you received it and your personal opinion. I feel all seniors feel the same as I do both from [REDACTED] and [REDACTED].

Sincerely yours
[REDACTED]
