Dear Judge Gandy -

Your decisions relative to the Boston school situation have been firm, consistent and equitable. Quality, integrated education is a gift every American should enjoy. Your decisions are milestones in the quest for justice and equal opportunity for all. We believe that the suburbs have a larger and more responsible role. We are working to expand the METCO program which can help some.

I've meant to write for some time. Heretofore we have been part of the too long silent majority. Thank you for what you are doing. May the Lord Bless you and keep you!

Sincerely
