

Davis announces goals for the year

by APRIL BURCHAM

Cameron President Don Davis announced 17 goals for the year at the annual faculty meeting Aug. 19 in the University Theater. Many of the goals focused on advancing technology across campus while others concerned current building projects.

Davis's goals are:

1. To conclude the Fitness Center reconstruction project, reopen the facility, and wrap up the litigation.
2. To complete the design for the Sciences Complex and begin construction of it.
3. To complete successfully several accreditation tasks including North Central Association accreditation.
4. To upgrade the campus data transmission network.
5. To make general information available electronically to stu-

DAVIS

dents, faculty and staff including the campus catalog, office schedules, upcoming events and university publications.

6. To establish a system for allowing students to access their personal information, such as enrollment status, transcripts, financial assistance and Business Office account balances.

7. To allow students to transact campus business electronically. This includes applying for admission, enrolling, adding and dropping classes, conducting financial assistance business, applying for ID's and permits and paying tuition by credit card.

8. To establish new student computer stations in the Library and other convenient locations on campus.

9. To upgrade the writing laboratory in the English Department and the computer laboratory in the School of Business. As funds are available other computer labs will also be updated.

10. To incorporate instructional technology, particularly multi-media presentations, into classrooms

11. To install a system for delivering instruction by telecommunications to the Duncan Higher Education Facility.

12. To revise the faculty governance of the general education program.

13. To apply Total Quality Management efforts to campus situations. TQM was applied to the business office to reduce lines during financial assistance disbursements.

14. To obtain two new endowed chair positions. The endowed chair program is sponsored by the State Board of Regents. Cameron cur-

rently has six endowed chairs.

15. To receive Title III funding for next year. Cameron did not receive funds from this program last year.

16. To compete for at least 20 national grants.

17. To obtain a sustaining support contract with the Fire Support Models and Simulations Institute. This partnership includes Fort Sill and other leading firms in the defense industry.
