

JEFFERSON BARRACKS
MISSOURI

Dear Doctor Stoughton.

I have arrived at Jefferson Mo. and am spending a base Training period here. I have to present been enjoying this life and comparing it to Wagner. I find that the moral is high as at Wagner and that the co-operativeness of the Army approaches that of Wagner.

Since being here I have become interested in Non-Com - Shing and was wondering if you could furnish me with some type of recommendation that would help me achieve this goal. It is the type of work I believe I can succeed in and I would do my best to become a credit to Wagner.
