1147 TECHNICAL SCHOOL SQUADRON (S. T. T. C. No. 4)

MIAMI BEACH, FLA.

Flight I

Sunday
November 29, 1942

Dear Mr. Staughton,

I was more than happy to hear from you and as you listed the statistics on men in service, it seems to me that Wagner representatives are doing mighty well. It is without an element of doubt that one is elated to know Wagner continues to go forth.

As for me I have been told to file application for Officer Candidate School so that to begin with is a good start. I also have been slated for signal school training after my basic training is completed. The outfit that I am in is the Signal Corp. allied with the Air-force thus my chance for signal school training.

Miami would be a more
enjoyable place if I were here
for a different pretense instead
of preparation for war. However,
God works in a mysterious
way and those who live in accordance
with his ways shall see the
light.

With my very best regards
to the faculty whose understanding
and teaching have made me
a better Soldier.

Sincerely,

Harold Green

P.S. - It was thoughtful to send the "Wagner
College Bulletin" - It brought back
fond memories - Thank you.
