(Date)

Dear Prof:

A copy of the Wagner Bulletin came into my hands today, it was wonderful to read of the doings of some old and dear friends therein. Its envelope had about five forwarding addresses on it - originally post-marked in Oct.; I would appreciate it very much if you could have them sent to my present address.

When this business is over, I hope to take advantage of the D.I. Bill of Rights with regard to my completing my courses at college, I know now I must finish.

I managed to come through Saipan and Tinian unscathed with God's help - and many times I thought of Words I'd heard spoken at Chapel at Wagner with a far deeper meaning than ever before.

Respectfully yours  
Bob Schwarz
