

FROM THE OFFICE OF  
HILL'S MASONIC PUBLICATION.

The following is a Letter from Rev. WM. R. ALGER:—"There is nothing else in Freemasonry so beautiful and so important as the moral lessons contained in its emblems. Yet there is nothing else in it so little noticed and understood by most of its members. In this view, the new Masonic Chart prepared by Bro. James T. Hill has a striking interest and value for the craft. It draws attention directly to the subject of the first importance to every intelligent Mason."

Brethren of Staunton Lodge.

July 26<sup>th</sup> 1875

Brother J. T. Hill has given me the Agency of his new Masonic Chart for this State. I will furnish the Charts at the same price that Bro Hill will, and I will here state that I am paralysed from the hips down. I have not walked @ step for nearly four years, and I am greatly in need. I now propose to ask you to give me @ little assistance by taking as many of these charts as you can. Every Lodge room should be adorned with them. Every Mason should have one hanging in his house. Now Brethren, by taking these charts, you get the worth of your money, and at the same time you will be helping @ poor crippled Brother, who is not able to help him self, and is in want.

The price of the charts is three dollars per copy send in your orders and they will be filled immediately.

Fraternally yours &c.

For the accuracy of this letter, I will refer you to Mr E. L. Lambert, or the Post. Master, of this place.
