13th October 1953.

Dear Mr. Scott,

Keld & Thwaite Congregational Churches

Mr. Figures has handed to us the deeds of the above properties which he has obtained from the United College at Bradford and has also intimated that it is the wish of your church that The Yorkshire Congregational Union should be appointed as Trustee.

We have now perused these deeds and find that the latest document appointing new trustees is dated 1891. From other papers contained in the same parcel, however, it would appear that new trustees were appointed more recently - the last appointment being shewn as 1912. Can you tell us whether ~~there~~ in fact an Appointment was actually made in 1912 and if so where we can obtain the deed or deeds.

Will you confirm that the properties consist of the Chapel, Manse, Schoolhouse and Literary Institute at Keld and the Church at Thwaite. We notice a reference to "Broken Intake". Is this separate from the buildings above referred to?
