FROM PRESIDENT FRANK W. NOVOTNY

VITĀM VĀS! GREETINGS! Here it is 1982 and also the third time I'm greeting you as President of Czech Heritage Foundation for the coming year. The past two years have been very rewarding and much has been accomplished. See other articles in this newsletter about what we did in 1981. Secretary Bette Trefny had a very complete report at the Annual Meeting.

Some events to look forward to in 1982: help Fine Arts Fdn. wherever we can, and in such events as Houby Days, the Ethnic Fair and with Czech Village Association in their endeavors to make the Czech neighborhood an enjoyable meeting place and ourselves better known in the surrounding communities by participating in their activities. See events on the Kalendář.

My uppermost wish is that more of you join us at the Annual Picnic at the ZCBI Park, August 19th and then at our Annual Meeting on January 17, 1983. Both Mae and I wish to "Thank You" for your wonderful cooperation and help and are looking forward to working with you in the coming year and make 1982 a truly memorable year.

NAZDAR!

Frank W. Novotny

Notes from Annual Report by Secretary Bette Trefny. . .

REPORT OF FINANCES. Needless to say our major item of income is from the dues. These are primary means that keep our organization solvent and perpetuates the goals and the future of the Foundation. Our membership has been supportive by sending renewal dues as well as those of new members.

Sales of publications have increased dramatically over last year. Our sales profits are small because our objective is to "spread the gospel" so to speak and not the making of money. Our prices are low enough to be within reach of anyone interested in making a purchase.

The total donations - for which we are most grateful have dropped 24% over last year. Our largest expense item was printing which is up 500% because of printing the song book. This will be recovered when all books are sold.

Another item that has increased is promotion, the result of the EDUCATIONAL KIT available on loan to the public. The KIT was made possible by a grant from the Linn County Supervisors.

News about the Czech Museum and Library are by Curator, Mrs. Jana Fast.

LACE EXHIBIT. The Iowa City / Johnson County Arts Council received a grant from the Iowa Arts Council to fund a display of handwork of the nationalities who live in the area. The Czech Museum and Library curator selected pieces from the Museum collection and obtained other examples of fine lace work on loan from local Czechs. All types of open handwork are defined as lace. The examples on exhibit were made by Czechs who emigrated to United States and had those skills. The title of the exhibit is "LOVING HANDS". Hours at the Arts Center 10:00 a.m. to 4:00 p.m. Monday to Saturday, 129 E. Washington Street, Iowa City. The exhibit is open to the public.

MUSEUM NEEDS

We had excellent response to our asking for needed items. We are trying again! We could use some old but still usable ironing board, sewing machine, and file cabinets. If you have a donation, we would be very grateful.

"THE DELIGHT OF FOLK TRADITION" a new book from Czechoslovakia of 30 pages, 9 x 13 inches, full color illustrations, translated from Czech, tells you how to color eggs, use recipes to make pretzels and gingerbread (perník) and make ornaments from dough for seasonal decorations. The book is \$3.00, available at the Museum and several shops in Czech Village. By mail, add \$1.00 postage and handling charges.

Now and then interesting questions pop up. A song that has been said to be Czech is "The Dove", or in Czech "Hrdlička", a waltz. It happens that La Paloma is SPANISH in origin. The composer was Sebastian Urdier (1809-1865). The melody and rhythm are unmistakably Spanish!

FINANCES. Postage has also increased-- thanks to the U.S. Postal Service! Our donations to others, mainly Czech Fine Arts Fdn. and the Museum have risen 300%. All things considered, we had a good year. Thank you all, members and friends!

Charles E. Krejci

PUBLIC RELATIONS. Programs by members were presented at schools, clubs, senior citizens service clubs, evening classes, church circles and others. The total audiences numbered more than 2,250, not including the many thousands who attended the events in Czech Village who became more aware of the Foundation and Museum.

They also are expected to make a major donation of a few \$\$\$\$ to support Tennis Clubs in Czechy. MARTINA NAVRATILOVA, recently became a citizen of USA is not hampered by such "donations".

BIG EVENTS COMING.

St. Joseph's Day, March 19th, Fri. when Czechs THINK RED. After participating in the Irish Celebration of St. Patrick's Day just two days earlier, the Czechoslovaks in Cedar Rapids enjoy red beer, red bread and be adorned in red as they view the 4 p.m. St. Joseph's Day Parade. Join the throng on The Avenue!

ST. JOSEPH'S DAY had its roots in the community celebration, an occasion for fun and a time to focus on the Czech people by honoring one of their common names-- Joseph. The holiday has been cele-

brated in parts of the former Province of Bohemia, now Czechoslovakia, for centuries. The day heralds the end of the winter season and beginning of spring.

THINK RED and JOIN YOUR FRIENDS IN CZECH VILLAGE, FRIDAY, MARCH 19th...

HOUBY DAYS - the 5th ANNUAL HOUBY DAYS will be celebrated in Czech Village May 15-16, Sat., & Sun. The "Star" of this festival is the HOUBA. Mushrooming has long been popular, and in fact, is a sport among Czechs. And like most sports there are houby jokes, certain grubby clothes to be worn as uniforms while hunting houby, secret places to find the delicacies, houby stories which are something like those "fish" stories, and wonderful ways to cook the houby.

This year bicycle races will be a feature on Saturday as well as the annual favorite 5000 meter foot race on Sunday. Czech music and dancing, arts and crafts and lots of old fashion fun will abound along with displays of winning HOUBY entries. Detailed schedule of events will be available in Village stores prior to the 2-day celebration. Out-of-town enthusiasts may acquire a schedule by writing to Village Coordinator 59 - 16th Ave., S. W., Cedar Rapids, Ia. 52404.

SOKOL ABROAD. . . Sokols from the Free World nations will attend. It is an amazing and thrilling sight to behold - THOUSANDS of Sokols in their uniforms executing drills, gymnastics and calisthenics. All learned the proper movements and exercises and then put TOGETHER a display of magnificent coordinated movement in unison on an immense field or in an arena. The programs include men's units, women's units, young adults units and mixed units. A record was set in 1938 at Prague when 28,000 men were on the field. The huge stadium in Praha has space for 200,000 viewers! It is said to be the largest stadium in the world.

The PRINCE OF THE CZECH FESTIVAL! !

My name is Jeff Donoghue, Prince of the Czech Festival in September. A picture of Princess Lynne Marie NejdI and others of our group was in the December newsletter.

I attend Prairie Junior High School in the 9th grade, am in the Stage Band, a member of the School Band, playing baritone saxophone. When I have time I like to bowl. I am a member of 4H and Jr. High School Honor Society. For the 4H project I made rohliky which won at the county contest and at the Iowa State Fair, I received a blue ribbon. . . My sister is in the 8th grade at Prairie Jr. High.

My family of Czechs goes back a long way. Great-great Grandfather, Joseph Cervený, came to America in 1860 from The Province of Bohemia. He looked around in Iowa and sent for his father and the rest of the family. They settled and farmed 120 acres in Fairfax Township, south of Cedar Rapids. He married Katherine Shilhanek, also from Bohemia. They had 13 children. Great Grandfather, Wesley Cervený, one of the children, married Anna Hynek, in 1902. She was born in USA. They were on the family farm near Fairfax. Grandfather, Wesley, Jr., with his wife, the former Mary Netolicky, farmed the home place. Her parents came from Bohemia in

1895. The couple farmed 50 A. and rented additional land. He farmed over 300 A. in all, using draft horses. In 1939 he bought his first tractor, a John Deere. By then crop yields of corn were 80-90 bu./A. and oats, 60-70 bu./A. Prices varied with the years - corn at 35¢ to \$1.30/bu., and oats at 35¢ to 50¢ /bu.

We now live on that farm which has been in the family for some 120 yrs.

J. D.

RADIO ENGINEER, Henry J. NemeC now retired Cedar Rapids policeman, was the first in that position in the C. R. Police Dept. In 1933, he set up the first two-way radio system in patrol cars. This made it possible to not only receive messages but also to reply.

Henry J. NemeC set up the equipment on the back seat of his car and drove over to Mt. Vernon Road. He called his wife via radio. She said that she could "read" him pretty well. It worked! ! This was thrilling, indeed. The old system had "bugs" in it and sometimes messages were not clear or failed to get through. Sometimes an officer had to go to a call box to find out what was going on. In the 1930's and 1940's the C. R. Police radio received signals from Davenport, Des Moines and Omaha. It was a help if Davenport was relaying information about a bandit heading west. Other times the cluttered channel was a nuisance.

By 1948 the Police Dept. had upgraded equipment. When NemeC was THE radio engineer, he was in complete charge of operations.

During W. W. I he was a "ham" operator. The government ordered all such equipment disbanded. He complied. When he was age 14, he received his radio license! For him, radio was not a hobby but a passion. He and Clark Chandler (also a radio buff) often visited with Arthur Collins to exchange ideas and create new features for radio.

CZECH HERITAGE HISTORICAL PROJECT

In the December issue of the newsletter, we reported that the Linn County Board of Supervisors awarded the Czech Heritage Fdn. a grant of \$3,200. to fund the historical non-profit project highlighting the history of Czechs in Linn County. The equipment is here and assembled at the Museum. There are two separate units each of which holds ten swinging panels, 30" x 40" in size. Flat materials are protected under plexiglas covers. The displays will be portable so they can be used along with different special events.

Committee members are requesting that you share some of your treasures for others to enjoy. We are especially interested in flat materials that relate to Czech Immigrants and Czech activities in Linn County. Such items may include letters, pictures, programs, passports, handbills or ads and other items relating to people, cultural groups and organizations.

Since many historical items cannot be replaced and are easily damaged, the committee plans to reproduce most items by photographic process. We recently received an original letter written in America in 1915 by Tomáš G. Masaryk, the first President of the Czechoslovak Republic. Isn't that exciting! ! ! If you have items to contribute or loan to this project, please phone one of the committee members or any of the Board of CHFdn. Committee is:

and Bob Stone, .

A funny thing happened at the Detroit Police Dept. In 1921 they had to agree to play music so many minutes in the hour in order to use the wave length to send emergency messages to squad cars. The Superintendent of Police asked the Federal Commission, "Do we have to play a violin solo before we catch the criminal?" That remark almost cost Detroit its radio license! ! !
