FOREWARD

It is the purpose of the South End Community Club to arrange such programs as this, and perhaps more elaborate entertainments for our people, especially those of the community of Southwest Cedar Rapids. The talent that has been secured is of very high character, thereby assuring the entertainment to be interesting and skillful.

No effort has been spared in persuading the very best of ability for the direction of this program and so we take pride in the fact that the utmost has been done to make our initial effort successful.

Your co-operation is necessary and your approval will indicate the future policy of the Entertainment Committee.

The committee of the South End Community Club feels grateful to those who are taking part in this fine program, and at this time wishes to thank them for their splendid work.

We shall ask the parents to kindly keep the children quiet during the program, because we believe that the numbers will be more fully appreciated when the audience is not disturbed.

Why Do You Sell Stamps?

We have often been asked why we sell stamps inasmuch as there is no profit in them. Some of our best customers have been attracted to this store by the smiling courteous way we render service even on postage stamps, so you see, after all, it really does pay us and it pays you to—

Make this your store—"even for stamps"

A first trip for stamps is an introduction to the kind of drug store service you really want—conscientious and courteous in the little things as well as the greater.
