# OUR WALLS-SAGA 1982

Saga 1982 is a tribute to our school, Niles North. Within our walls students have lived, learned, created, participated, and striven for seventeen years. These walls were constructed in 1965 in order to educate Skokie's large youth population. Now Skokie is experiencing a decline in its population of youth, and the future of our building is not certain.

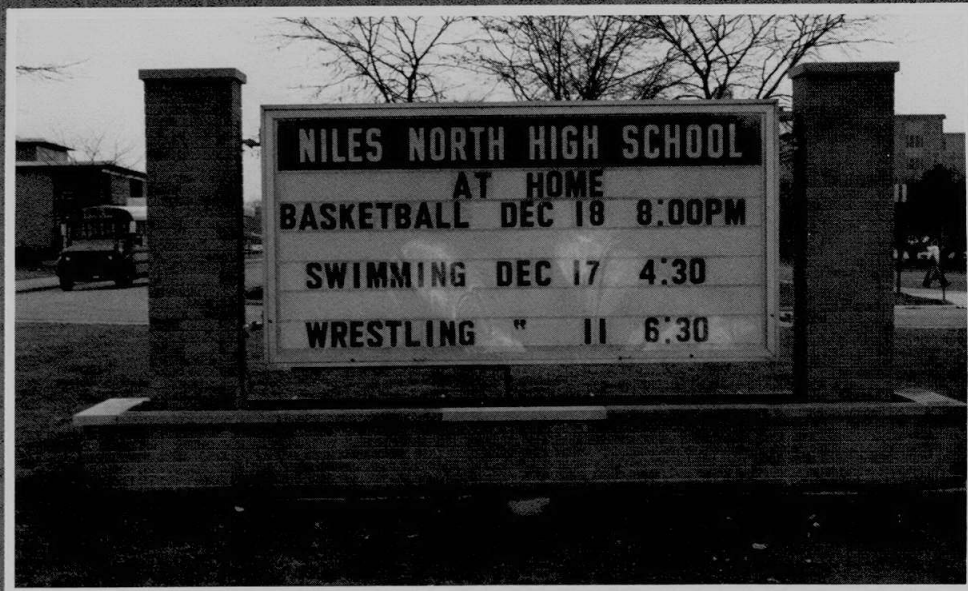

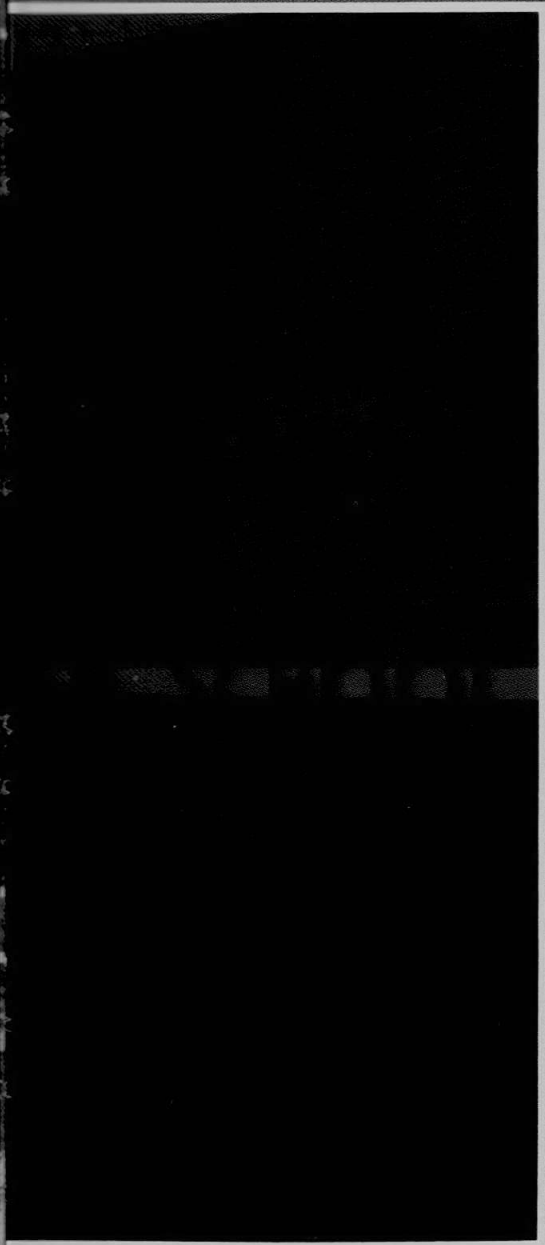

Many changes have occurred during this past year. The Solidarity movement rose in Poland, insurrection raged in El Salvador, and we found ourselves faced with a recession as Reagan forged ahead with his New Federalism. Through all of these changes, our building has provided us with a certain stability as we furthered our education one more year.

All kinds of people are found at Niles North. We are all quite different from each other. We are a group of varied races and religions. Each person holds different interests. Each person takes part in different activities. Each person has different strong areas and weak areas. Yet the walls of Niles North have bound us together.

When Niles North erected new walls around the cafeteria this year, many of us responded with disapproval. Often walls seem to be symbols of separation and isolation. But at Niles North walls isolate an environment in which ideas are allowed to develop and minds are allowed to grow.

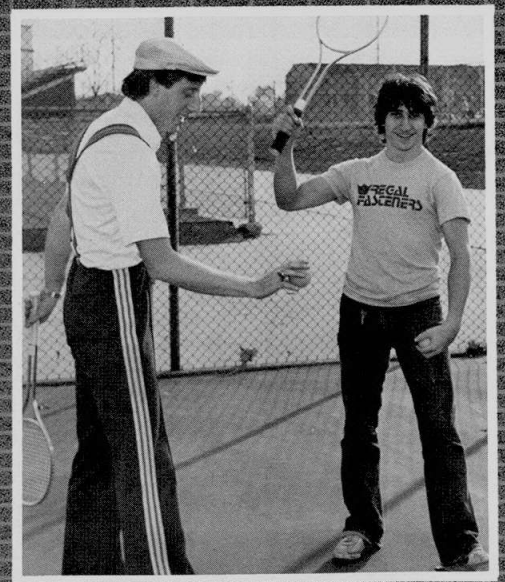

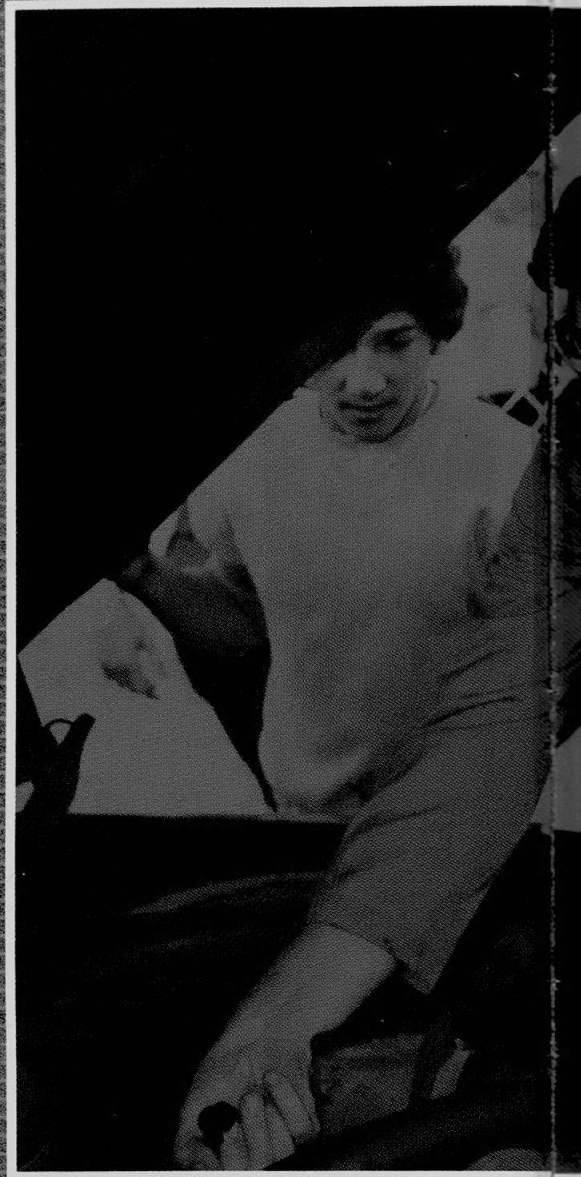

Inside Niles North's walls students have responded to various situations in various ways. The next ten pages illustrate several of these ways.

**Joe Darion**

Joe Darion is a member of the school's tennis team. He is a talented player who has achieved many successes on the court. His dedication and hard work have led him to become one of the top players in his school. He is known for his powerful backhand and his ability to reach the unreachable start. Joe is a role model for all tennis players and is a true star of the team.

# LIVING

**"I get by with a little help from my friends"  
John Lennon and Paul McCartney**

The background of the page is filled with a dense, repeating pattern of the text "I get by with a little help from my friends" in a small, light font, creating a textured effect behind the main content.

## ACTIVITIES

Niles North High School offers a variety of activities for students who want to further their education outside the classroom. The clubs are organized at the beginning of the school year and each club has a faculty sponsor. Club sponsors are teachers who give extra time once or twice a month after school. Before a school club is established, it must be approved by the District 219 School Board.

**Ms. Maria Thompson**, Building Manager, supervised the school-wide activities calendar. When asked about the importance of the activities, she said, "I would strongly encourage all students to actively participate in at least one school club and/or activity during their high school years. There is much personal satisfaction, growth, and enrichment to be gained by having extra-curricular activities share in a student's academic program."

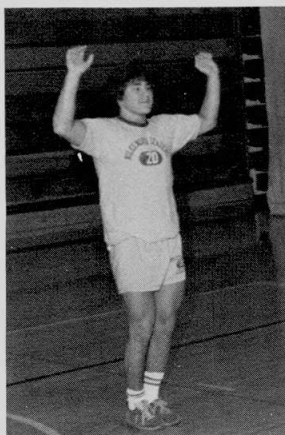

## Varsity Club And Leaders Represent Achievement And Guidance

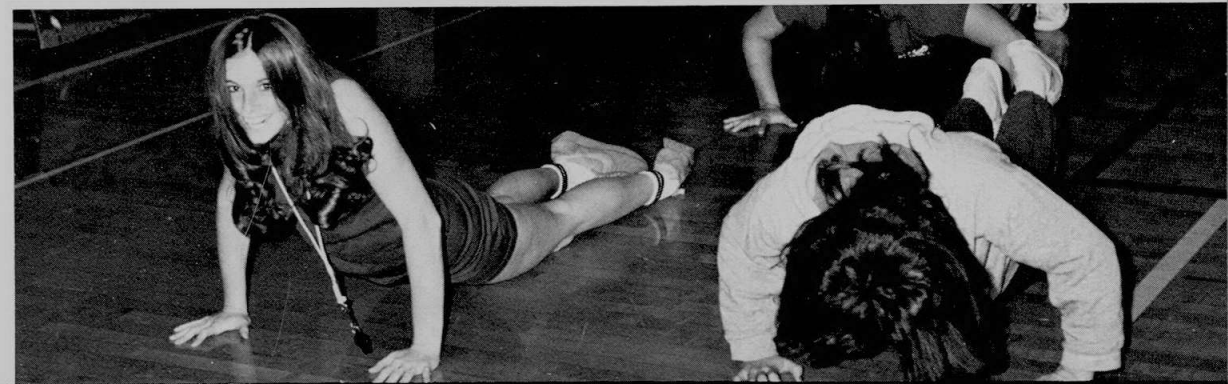

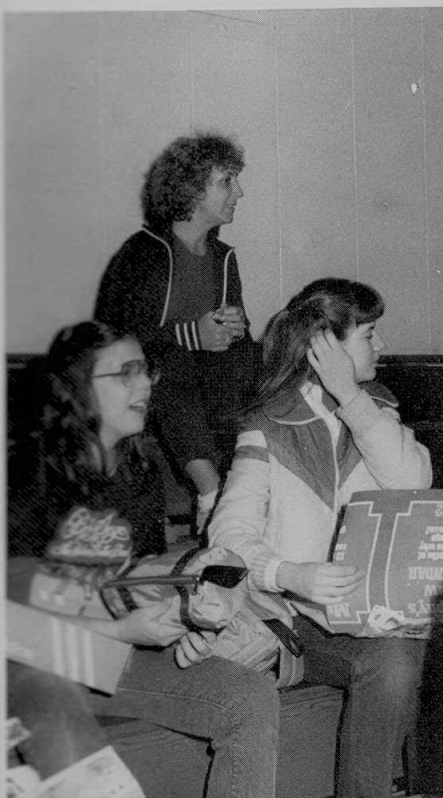

To qualify for the Varsity Club one must have shown leadership and achievement in a varsity sport. Any girl who meets these requirements is eligible to join.

All freshmen and sophomores who have a "C" average or higher are eligible to be leaders. During sophomore and junior years the students learn the basic skills each of them would need to know before teaching a class during his senior year.

# Student Congress Sponsors Fair Honor Society Raises Requirements

The Activities Fair that was sponsored by the Student Congress, enabled students to get a first hand look at what the school organizations had to offer.

Also this year, the Student Congress held an auction. "This year's auction proved very profitable because of the many student and teacher donations," said **Jennifer Cleary**, Congress member.

"The Student Congress has gotten more activities accomplished this year because of the great co-operation by the administration," said Secretary, **Maureen Eisenberg**.

The National Honor Society was comprised of students that maintained a high achievement average, while participating in extra-curricular activities.

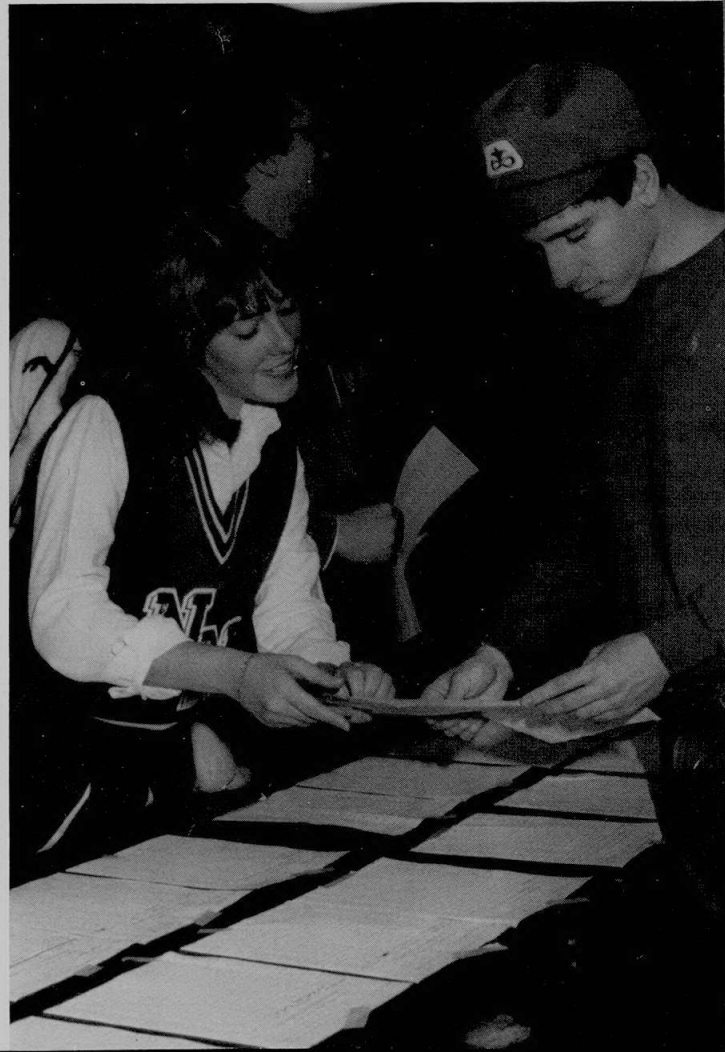

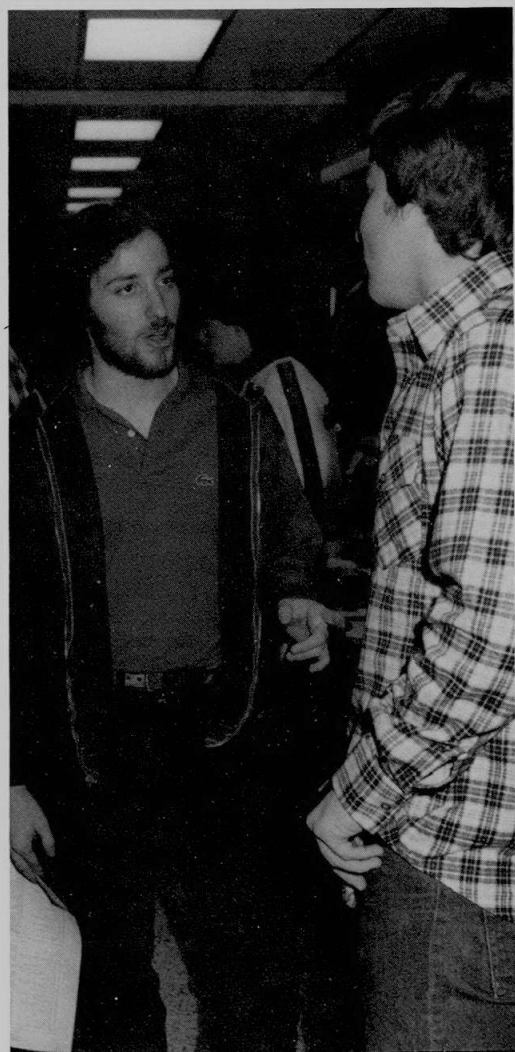

This year the requirements were increased, to the dismay of some students.

According to Mitchell Bernsen, senior, "If I had been informed about the raising of the requirements, it might have made a difference whether or not I got in."

The Varsity Cheerleaders for 1981-1982 included 10 seniors and 5 juniors. They cheered at football, basketball, and soccer games throughout the year. They raised money by selling popcorn, candy bars, and pop. During the summer, they attended an NCA Cheerleading Camp held at Illinois State University in Normal, Illinois. At camp they received several ribbons; a "super squad" award; and the Spirit Stick which was given to squads showing "excessive" spirit and pep.

"Cheerleading this year has been rewarding for all of us," stated **Geri Donenberg**, Co-Captain of Varsity Cheerleading.

## Cheerleaders Pep Up Crowds

"Rowdy, rowdy, that's our style! Get up fans and cheer a while!" yell the Pre-Varsity Cheerleaders at football and basketball games.

The squad went to cheer-leading camp for 5 days at Camp Birch Knoll in Wisconsin over the summer, where they met new people and learned new mounts and cheers. After school, 2 days a week, they practiced their cheers. In order to earn money for camp and awards, they sold candy, popcorn, and pop. **Kim Wagner** commented, "This season has been a lot of fun. Our squad has much spirit and is really close."

Striving to promote school spirit, the Freshmen Cheerleaders attended Freshmen football and basketball games. Like the Pre-Varsity, they practiced 2 days a week and sold candy, pop, and popcorn.

Although **Mr. Anderson** wishes to recruit more music students, he said, "We're active for our size and offer many or more programs than most high schools in the country."

"Big band, jazz, and contemporary music are more popular than ever now, and students should be given a chance to be creators of this music rather than just listeners," commented **Mr. Robert Hotten**, music teacher. Music was selected to provide a balanced program, develop technique, and challenge the students in areas where they need help.

Concert Strings, the string section of the Concert Orchestra, performs as the featured string section throughout the school year. Concert Strings was the largest segment of the orchestra. # Calliope Encourages Creativity P.A. Announcers Inform Students

Calliope was a student written literary magazine which gave students an opportunity to express themselves and see their names in print.

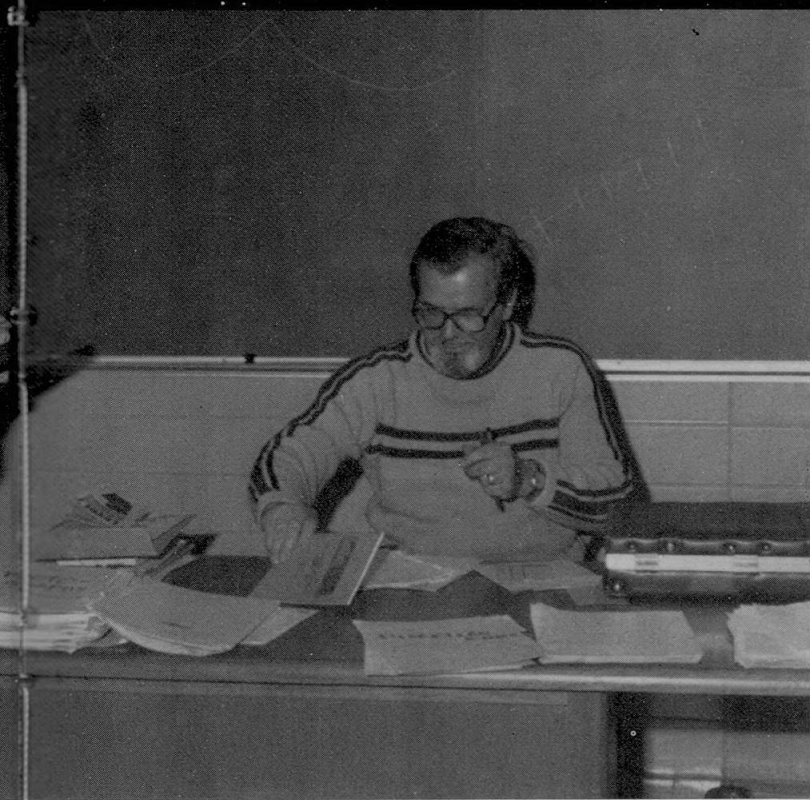

The rating process was the bulk of the work. Staff members read all material and rated it. If the staff member knew the author, they were prohibited from rating it.

The book was released in April for distribution. To the designer of the cover of Calliope, a thirty dollar prize was awarded.

P.A. Announcers were the students who worked at keeping the school informed. Each morning during Triple A, they read the announcements of the day and kept up on school sporting events.

## Quill And Scroll Recognizes Students

The Newspaper Production class met every day during a regular class period and once again Advisor **Angie Panos** provided instruction in producing the North Star. "It was a lot of hard work but I think it has helped me in more than English skills. It has helped me learn to relate with people," said Editor-in-Chief **Kathy Barry**.

Quill and Scroll is an honorary organization for students who have shown proficiency in some aspect of journalism while participating as a member of the North Star or Saga. Members are selected each spring by **Mr. Dennis Grabowski**, Saga Advisor, and **Mrs. Angie Panos**, North Star Advisor.

# Saga: A Book Of Memories

At the end of the year, Niles North students waited in long lines to receive their copy of the 1982 Saga. As a vehicle of time, the yearbook brought back the memories of such events as Prom, Homecoming and Norsecapades. To produce the Saga, 24 students worked for three mods every school day until each page was done.

With the help of Editor-in-Chief **Ellen Brazen**, and the assistance from Advisor **Dennis Grabowski** and **Ellen Pierce**, the staff learned quickly. As time passed, they developed new skills in composition and sharpened their creativity. They also learned to work with each other. This cooperation, along with hard work, helped bring about the 1982 Saga; a time capsule capturing the spirit and potential of the 1982 student body.

# Tech, Ltd. Builds Sets

## Thespians Produce Shows

The Thespians consisted of a group of students interested in theater who worked on various theater department productions. In order to have become a Thespian, the student must have accumulated ten Thespian points, equivalent to 100 hours of work. Additionally, he must have participated in two different aspects of theater, either membership in a cast and a crew or in two different crews.

The Thespians raised money to finance overnight field trips to the Theater Festivals at Illinois State and Ball State Universities, as well as their year-end banquet at which various awards were presented.

The Thespians are an international organization of high school students, with each school's club being a troupe or division of the whole. According to **Jeff Sumner**, Thespian President of the Niles North Troupe, the club was designed to "educate students who have an interest in drama and help the expand in their theatrical knowledge, introducing them to new and different aspects of theater."

Building and moving sets, operating lighting and sound equipment, and painting scenery were just a few of the tasks confronted by the members of Stage Technicians, Ltd. this year. The club was responsible for providing the necessary technical services for all Niles North Theatre Department productions, as well as a variety of oth-

er shows including Senior Showcase and Auroris.

Because these activities require exposure to potentially dangerous conditions and equipment, all members of Tech., Ltd. were required to participate in a six hour safety seminar and pay their membership dues before they were granted membership.

In order to remain a member, he must have participated in a minimum of two club activities during the year. According to **Frank Mayfield**, club sponsor, "The primary focus of Stage Technicians, Ltd. is to provide instruction in safe handling procedures for students who want to do backstage technical work."

(clockwise from upper left) **Matthew Silver, Dan Margules** and **Ira Strongin** perform in "1776"; **Danica Katz** applies make-up to **Ilene Silver**; **Jeremy Roth** operates a spotlight; Thespians include: (back row, Left to right) David Steiner, Dan Elekman, Stan Slovin; (2nd row) Jeff Sumner, Steve Warshawsky, Hilary Morris, Rick Ackermans, Miriam Bleadon, Alan Zelkowitz; (3rd row) Bob Perkins, Bill Zuckerman, Kathleen Barry, Andy Purvin, Mike Margolis, Syndi Zatz, Janice Angelaccio, Rena Malin, Matthew Silver (4th row) David Horwich, Danica Katz, Geri Donenberg, Carolyn Bergen, Kathy Fritchie, Martin Lev, Wendy Cannell, Jay Stern, Hal Meltzer, Jackie Brooderson, Sung Hee Kim, Soo Young Chung; (front row) Karen Singer, Jeffrey West, Jeff Max, Lisa Bilfeld, Jamie Hoffman, Ron Becker, Mike Simon, Barry Rocklin, Erin Kern, Stephanie Sachs, Brad Dorfman; Scott Mosenson and Stan Slovin rehearse a song; Members of Tech, Ltd. include: (back row) Joan Stein, Dan Elekman, David Horwick, Jeremy Roth; (2nd row) Maureen Figman, Ronald Becker, Frank Mayfield, Ray Barry; (front row) Mike Simon, Marty Lev, Felise Chernoff, David Steiner.

The Auroris sponsor, **Suzi Gantz**, commented, "The girls from the Niles East Dance Company contributed much to the show. The combined talents of the two clubs helped make this Auroris show the best show presented by the dance club so far."

This year there were two clubs, Senior Auroris and Junior Auroris. **Jennifer Cleary** was president of Senior Auroris and **Hyunjoo Mhoon** was president of Junior Auroris.

## Timers And Wrestlettes Keep Score

Scoring and timing wrestling matches, along with selling refreshments and holding fund raising activities was their job. They are the Wrestlettes who came together for their second year at Niles North.

Doing similar jobs were the Timers Club members who volunteered their time to assist girls' and boys' swimming and track meets. There they provided the official times for sporting events.

## Clubs Improve Communication Skills

Congressional Debate Club has a mock congress that hears both sides of the issue and votes on whether to pass the bill or not. The themes of the bills reflect current events from the past year.

Working towards "personal growth and rewards," the Forensics club competed on Saturdays in invitationals against 15-30 schools. Competition was comprised of eleven different events. Members that placed in the playoffs went on to participate in state tournaments.

## Current Events Takes Off Chess Club Moves Forward

"A good way to learn about the world you live in is to keep up with current events" commented **Mike Wong** of the Niles North Current Events Club. In the club, the students compete against each other by answering questions about events in the news concerning all topics. The club started in Mr. **Richard Miya's** Social Studies class as something to do during class time. It was not an extra curricular activity until two years ago when **Miya**, along with students **Mike Wong** and **David Hofstede**, formed the club, with games scheduled after school. It is open to anyone who wants to play, with teams separated by the grade levels. According to **David Hofstede**, "I feel playing current events is an enjoyable way to keep up with news happening around the world."

The Chess Club brought together those students interested in learning the game and improving their skills. Besides competing against each other, the members play other schools in the North Suburban Chess League. The twelve-man team is sponsored by Mr. **Frank Cardulla**.

The Current Events Club awaits the question from **Mr. Miya. Josef Coresh** studies the board during a chess game. **Hal Frankel** and **Hal Meltzer** concentrate upon their next intended move. **Neil Perlman** and **Gary Skolnick** try to outwit each other. **Jeff Silver** waits to answer a question . . . that **Mr. Miya** has just asked. ## Students Discover Computer Club Math Club Faces Rivals

The Computer Club more than doubled its membership this year. This is partially due to the purchase of new Apple computers, which opened new dimensions in computer programming. Before they could use the terminals, the members had to learn a language called "Basic" which allowed them to "talk" to the machines.

Students in the Math Club pitted their math skills against clubs from other schools and also each other.

# Investment And Creative Cooking Clubs Enjoy Social Outings

Students in the Niles North Investment Club were educated in the fundamental principles and techniques of investment practices. The club, sponsored by **Mr. Charles Plock**, also provided opportunities for members to experience social relationships. They took field trips to places such as the Stock Exchange, brokerage houses, public libraries, and places of business. The club participated in stock contests such as the DePaul University Stock Market Experiment, which is held twice a year. Comments **Mr. Plock**, "Having sponsored the club since its inception 15 years ago, I see great merit in providing students with this source of education. Each year I get a great group of interested students."

This year's Creative Cooking Club used recipes of international and ethnic backgrounds. The students in the club were the hosts of the PTSA Open House, and went to a National Restaurant Association meeting at McCormick Place. They prepared cookies and candies for the Activities Fair. Charles Plock, club sponsor, had these comments to make about the club, "this year was a rebuilding year for our club. We had an excellent group that should return next year with exciting and new ideas."

The Home Economics Related Occupations Club is included in the home economics related occupations course in cooperative vocational education. # V.I.C.A., D.E.C.A. And O.E.A. Plan For The Future

V.I.C.A. helped to give students a background into industry and its related occupations. "Students get a basis for knowing something about industry which will enable them to make a choice of an occupation" commented **Mr. Gene Volkman**, V.I.C. sponsor.

The DECA chapter at Niles North is sponsored by **Mr. Bill Coulson**. DECA stands for Distributive Education Clubs of America who's purpose is to develop knowledge in marketing.

The Office Education Association (O.E.A.), under sponsor, **Mrs. Mary Howell**, promoted success and helped students prepare for a full-time job when they complete their formal education. The O.E.A. students worked on developing practical skills.

## ALC — District's Third High School

The Action Learning Center in many ways was the district's third high school. It had forty students this year. The center continued to offer an experiential approach to learning and promoted a varied program of community resources for outside learning and credit.

A Student involved in the program summed up this informal but meaningful approach to learning in this way, "ALC has something that I have found in no other school I have attended. It has things that few schools can offer. The teachers in this program are very understanding, caring people who are always working for you and with you."

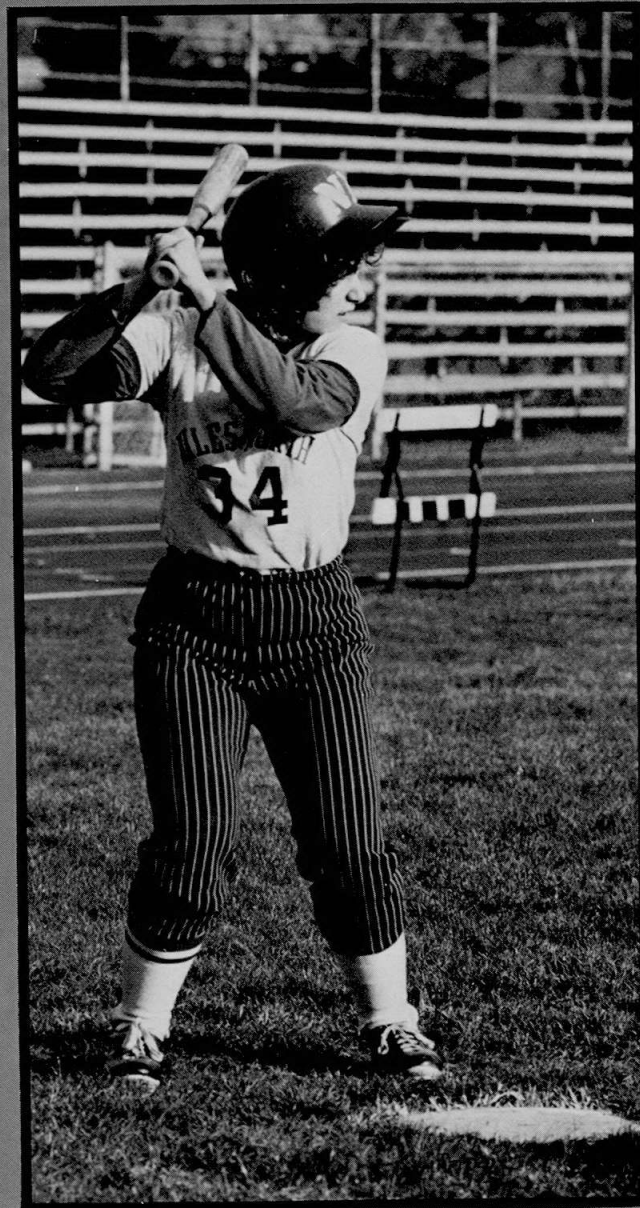

(CLOCKWISE FROM UPPER LEFT): **Dave Shapiro** leads a seminar discussion; Teacher **Jean Barstow** and **Cyndie Weiss** work at an independent Study project; **Fern Katz** volunteers as a hospital aide; **Sue Careb** does her stint as ALC secretary; **Deneene Florino** leads a session for ALC theatre trip; **Lesley Berger** and **Robyn Grobman** demonstrate their musical ability; **Marielle Hagman** explains her resource role at Sally's Stage.

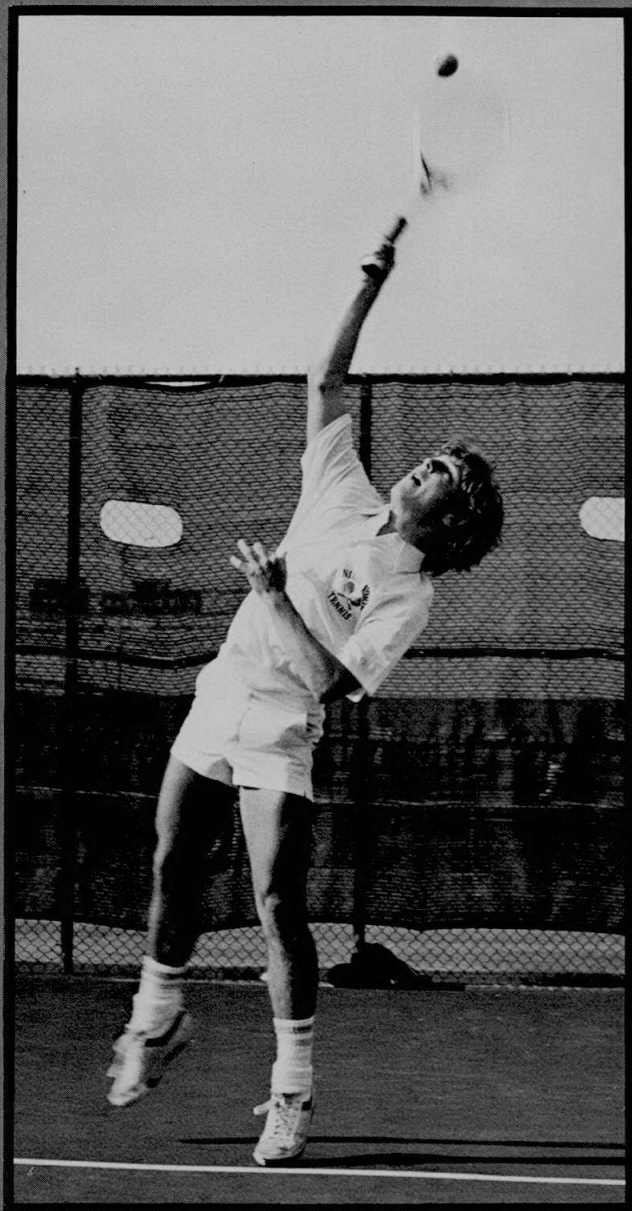

Elation and frustration were felt by the students participating in extra-curricular sports activities. Sports was a way in which participants demonstrated their physical stamina in various fields of competition. Sports, however, did not only build one's physical condition. Coaches also stressed the development of character and of qualities of good sportsmanship.

Supported by the various cheerleading groups and the Niles North student body, the athletes strived to give their all, whether in an individual or team sport.

The team expected to be rated in the top three in the state with the added depth of returning gymnasts **Mike Baba**, **Don Baggio**, and **Dan Tepper**. Commenting on this years team, **Coach Rifkind** said, "With **Federico** shooting for state titles on every event, this years team could be the most successful in the history of Niles North.

"I think that despite our record (1-5 in conference play; 4-5 overall) the team played very well. What many people do not know is that we had to adjust to a new system and a new coaching staff," said Junior **Joel Gothelf**. Junior **Michael Lee** summed up the season by saying, "Our defense kept us in every game, but our offense just didn't produce enough points to win." # Frosh And Soph Have Challenging Season

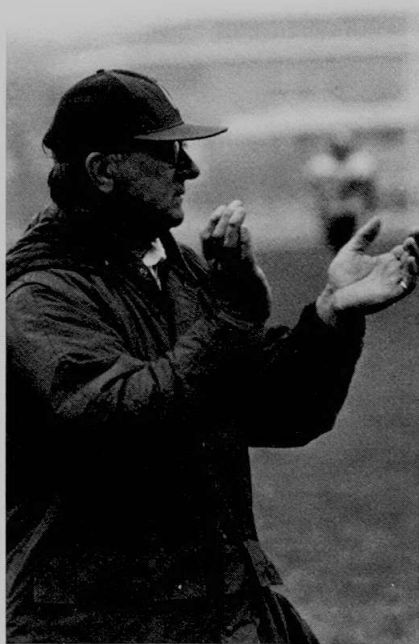

What would an Autumn weekend be without the marching bands, cheerleaders, and crowds? It wouldn't be an afternoon at Niles North during the Football season. According to **Frank Pons**, the downfall of the Freshmen Football team was a lack of team spirit and slow players. Had more people gone out for the team, it might have won more games.

"This year's Sophomore team was pretty good, and it had a lot of talent, but due to injuries the team lost a few games," said Sophomore **Rob Lieberman**.

With only one veteran runner, and 21 newcomers, the Boys' Cross Country team still managed to pull a third in the Conference.

Junior **Lee Serota** was the only upper-classman to finish the season, and the team relied heavily on their 11 freshmen and 10 sophomores.

According to **Serota**, "Although we didn't have an entire Varsity team, the other two teams ran very well."

In response, Sophomore **Doug Kikkebush** said, "Because of so many injuries, Lee was the only Varsity runner to finish the season. This year was good experience for us, and prepared us well for future years."

# Wrestler Named Athlete Of Week

The Varsity Wrestling Team, led by Senior Co-Captains **Rich Kane** and **Larry Peiser**, suffered this year from a lack of experience. Although the team had summer and fall programs, the majority of the wrestlers still needed to get practice in conference-level competition. This season, the Varsity Team consisted of only three seniors, while having five freshmen and sophomores on the squad. **Larry Peiser**, who turned in four consecutive shutouts, was named "High School Athlete of the Week" by the Chicago Tribune. At the time of the honor, **Peiser** had a team leading 18-2 record. Head Coach **Steve Poznansky** commented, "With the desire and leadership of this years seniors, and with the return of all our younger wrestlers, the wrestling team should be tough in the future."

## "Photographs And Memories" Not Forgotten

Heavy rains, crowded parking lots, and busy restaurants; a typical Friday night in Downtown Chicago. That was the case for the 450 juniors and seniors, who on May 29, 1981, gathered in the Wellington Room of the Continental Plaza. They were there to attend one of the largest social events of the year: Prom 1981. During this four hour event, each couple dined on prime rib and danced to the music of Jack Kramer and his 14-piece band. The evening, though, was not complete until **Mike Calamari** and **Kim Kazmierowicz** were crowned Prom King and Queen, respectively. To make the Prom possible, the Junior Class Board raised money through the sales of Homecoming mums and buttons, citrus fruits and Jelly-Bellies. When the Prom ended and the

couples left, the rain still continued and the "Photographs and Memories" (which was the theme of the Prom) lingered on.

All the work and effort put in by the four class levels and the combined Music and Theatre departments paid off when their floats were seen by all. Although it rained, cheering and enthusiasm shined throughout the parade.

On September 26, at 2:00 P.M., the Niles North Vikings began their attempt to "Brand the Bison." The first touchdown, scored by Brandon Koenig in the third quarter, resulted from his interception of a Fenton pass. The second touchdown, also scored by Koenig, brought the final score to 12-0 in favor of the Vikings. By 4:30 P.M., the Vikings had succeeded and the Bison were "Branded."

## Norsecapades — A Big Hit

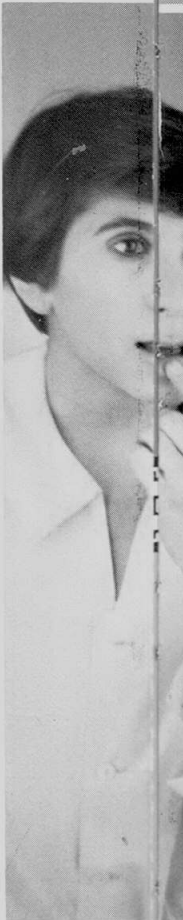

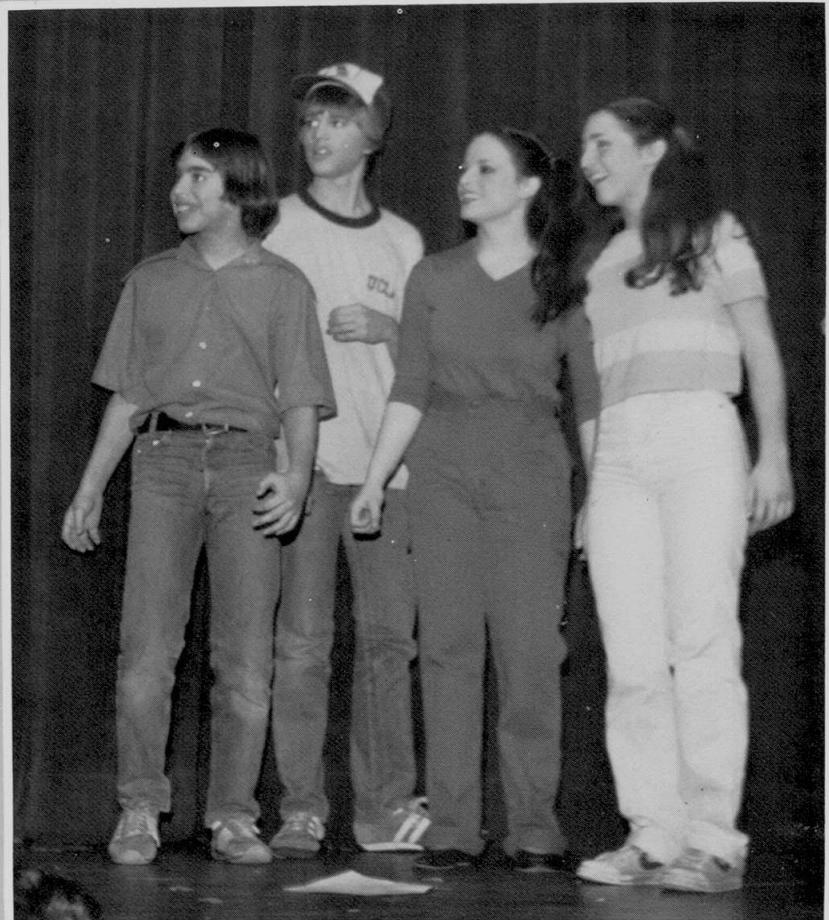

For the first time, Norsecapades, Niles North's annual variety show, became a full-scale musical comedy. The play "Strike Out" was written, produced, and directed by a group of students selected by Mr. Profit. These consisted of **Matthew Silver**, director, **Kathleen Barry**, assistant director, **Jeff Sumner**, choreographer, **Alan Zelkowitz**, band director, **Barry Rocklin**, choral director, and **Jeff**

**West**, technical director. After six long, hard weeks of work, the play was presented February 25, 26, and 27. "Strike Out" was a story of a syndicate's attempt to take over the Pioneer baseball team. Specialty acts were also performed by **Jay Lazar** and **Jay Lehrfeld**. Cast member **Alissa Greenman** commented, "I was impressed by the array of talent shown by peers in "Strike Out", and found it very enjoyable to be a part of the cast."

## CVE Students Honor Their Employers Kids Get Involved In Activities

This year more than twenty clubs were represented at the Niles North Activities Fair on October 7, 1981. Clubs included were Creative cooking, Student Leadership, The Medical Club, The Chess Club, and others. "The Activities Fair enabled the kids to get involved in school activities, getting involved makes school more worthwhile." Said **Wendy Shapargo**, Student congress Projects Chairperson.

May 13, 1981 was the day set aside for The Eleventh Annual Cooperative Vocational Education Employer Appreciation Luncheon. It was Sponsored by The CVE students of Niles North. **Kim Levitan**, was awarded CVE Student of the year, and gave a memorable speech in appreciation.

## Young Talent Displayed In Art Show

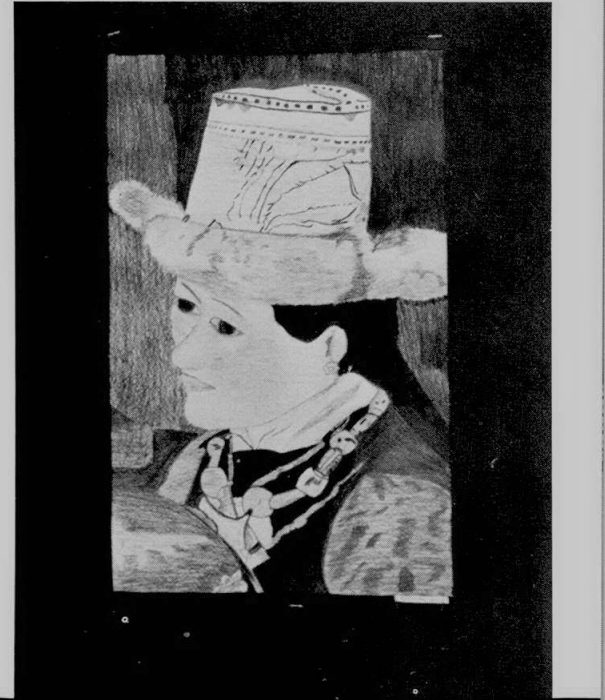

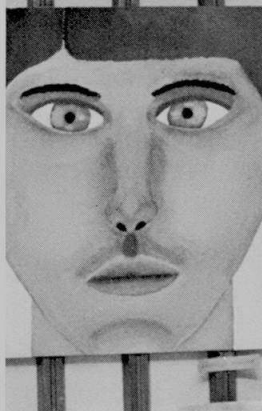

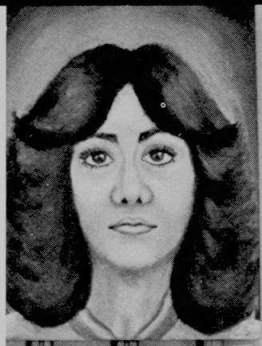

The Niles North Art Show opened on Tuesday, May 5. Several kinds of art work were on display, such as printings, paintings, and sculpture. Both teachers and students were involved in the changing of the show, and thought this show was somewhat different from previous one's had been.

More awards were presented than usual because of the combination of Niles East and North students. Awards were received by nine students: **David Iwick, Joy Klancic, Mitchell Lopata, Jordan Pritikin, David Rossdeutcher, Mindy Schwartz, Rochell Sitton, Lori Weinstein** and **Larry Wolfberg**. These students were recommended by their teachers and **Mr. Giles**, art department director, analyzed their work and decided if the student was eligible for the award.

The show was unique in that junior high students art work along with high school students were on display, and brought many more parents to see what their children had done.

One staff member, **Harriet Richmond**, C Hall secretary, commented, "The show added excitement to the auditorium entrance."

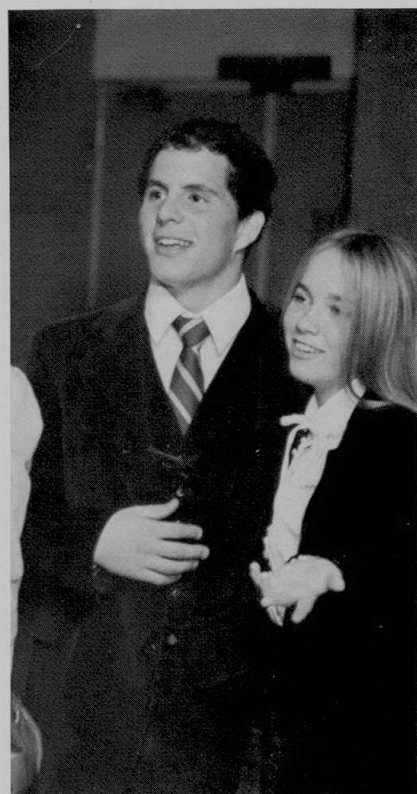

(CLOCKWISE FROM UPPER LEFT) **Barry Rocklin** practices solos for the band concert; **Ilene Silver** fixes her costume for the play; **Mike Wagman** and **Mary Moore** are enjoying Homecoming dance; One of the many painting at the art show; **Ricky Levin** shakes hand with Homecoming Queen; **Jay Stern** acts as Benjermin Flanklin in 1776; **Diana Feingold** and **Brian Fredricks** begin their dinner at the prom.

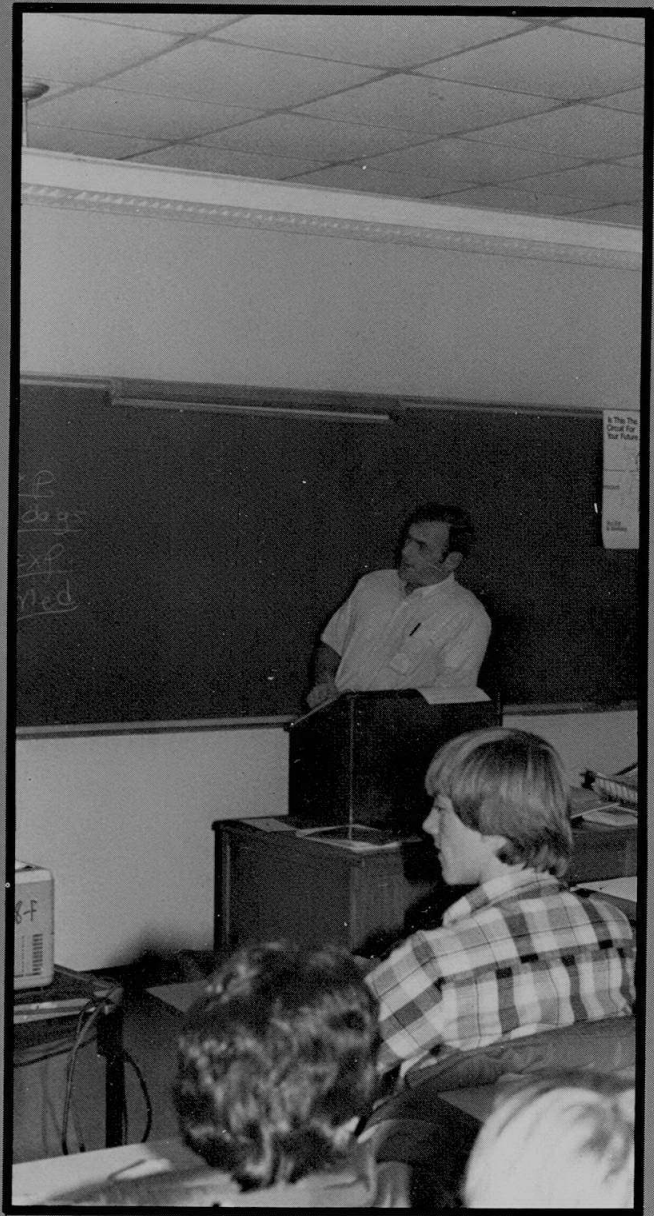

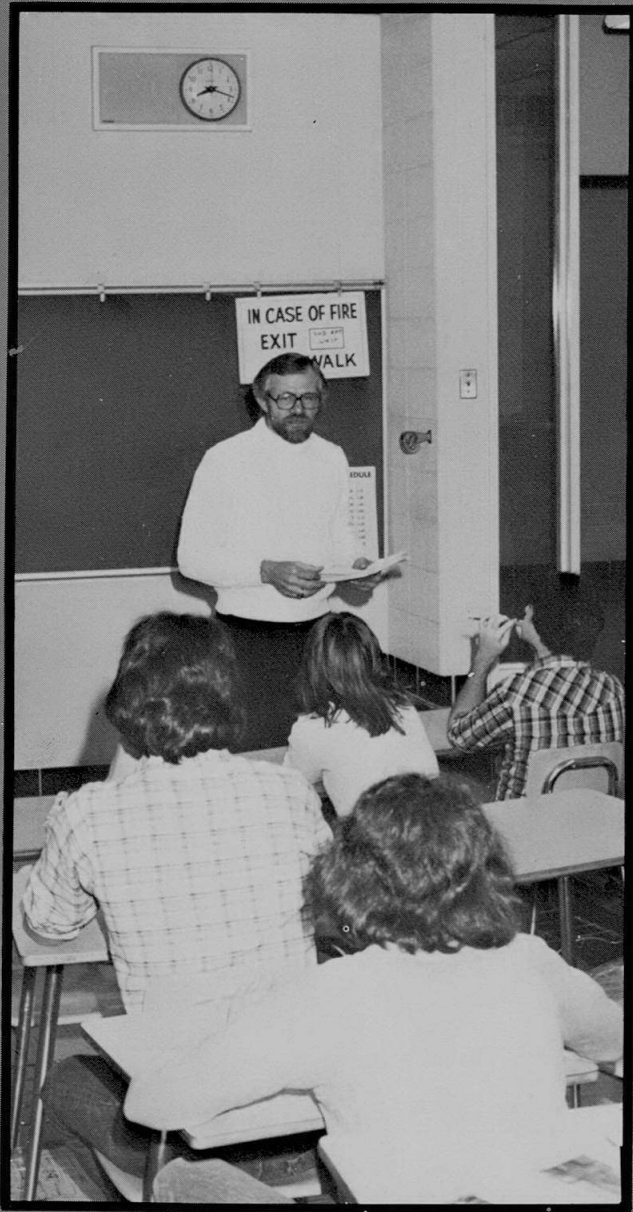

## Niles North Highlight Occasions

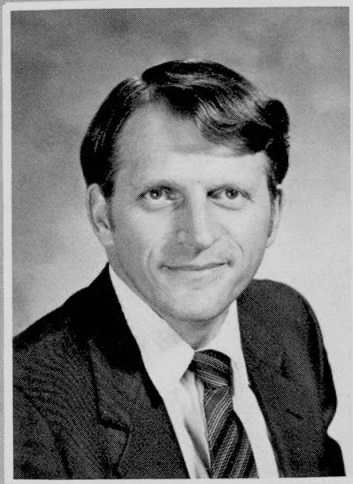

## FACULTY

A common site this year was seeing teachers remain afterschool working in the computer room learning how to use them. Some teachers attended a teacher effectiveness program. This was designed so that the faculty could learn new techniques on how to teach more effectively to the students in their respective departments. The faculty is categorized in seven different departments, Special Services, Practical Arts, Fine Arts, Languages, Applied Sciences, Social Sciences, and Physical Education. The Special Services Department offered students services that they were not able to obtain during regular class time. Teachers in the Practical Arts Department offered students various vocational opportunities that provided educational and practical learning. The Fine Arts program taught acting and gave students chances to perform in front of audiences. This prepared them for an entertainment career. The Language teachers provided students a chance to learn various foreign languages or a more in depth study of English. Physical Education offered certain physical training that was vital to a student's fitness.

# Administration Implements Changes

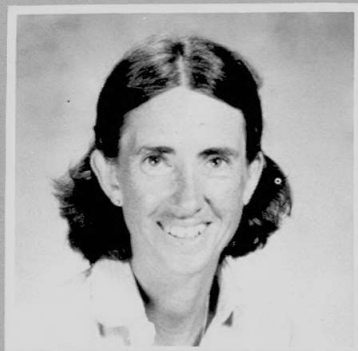

"The new attendance policy and 300 minute day should improve the chance for a student to learn more. If a student is not attending class, then he cannot learn," stated **Principal Galen Hosler**. The 300 minute day required a student to be scheduled for classes or study halls for a total of 300 minutes per school day. New attendance procedures had a student who had five unexcused absence in one class be withdrawn failing from that class. "These policies have been used by many high schools all over the country, and are now being used by Niles north," **said Hosler**. Another change had both District 219 Schools operating a forty and fifty-five minute period schedule rather than the fifteen minute period schedule. Staff changes in the Niles North Administration included appointing **Mr. Shusteff** to the Practical Arts department in place of **Ms. Tyler**. **Ms. Thompson**, who had taken a leave of absence, is still the Building Manager, and her substitute **Mr. Ramirez** will become the third dean. "This year there have been many changes, but the staff and students still put the major emphasis on North. Many students are taking advantage of North's interscholastic sports and extracurricular activities," **said Hosler**.

## School Board Makes Decisions

At the top of all district decisions sits the District 219 School Board, which meets twice a month. Elected members of the community serve a four year term.

"The Board of Education is an agency of the state and as such, it must insure that the statutes and the Niles North School Code is complied with," said **Dr. Lee Hawkins**, head of the English and Foreign Language departments.

It is also the job of the School Board to set all policies that affect Niles North students. It is the job of the administration to see those policies carried out.

Students from the Booster Club and P.T.A. Representatives attended all District 219 Board meetings.

## Student Service Department Provides Support

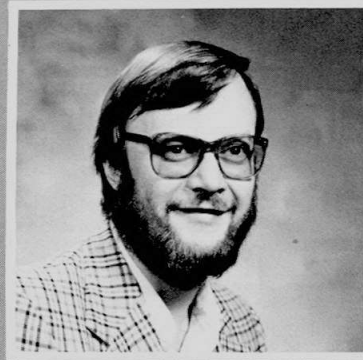

From tending to injuries to working out student policies, the Student Services faculty, consisting of the psychologist, nurses, social workers, reading center teachers, counselors, CIC and IIC teachers, was always busy. The CIC, or Center for Individualized Curriculum, provided classes for students who needed individual attention and remedial assistance. Students could earn all requirements necessary for graduation within the CIC. It consisted of five classroom teachers, supplemented by other faculty members, and a Vocational Co-ordinator who supervised employment sites. In the IIC, or Individualized Instruction Center, students were assigned to one of six teachers and received individual tutoring on a daily basis in many academic areas. Director of Student Services, **Romayne Baker**, summed up what the program did for students in his quote: "Student Services, in general, focused its interests on providing support services that helped accommodate students in pursuing their high school education."

## CVE Prepares Students For Future

The practical arts programs offered students an opportunity to explore various aspects of vocational education and provided the students with practical learning experiences. CVE attracted a range of students. They learned to become better organized with their time and finances. They learned to be interviewed, to be punctual, and to be responsible. Many employers preferred CVE students because of their preparation. Students in CVE were helped to prepare for the interview. Today jobs are becoming more difficult to find, and the interview is an important factor. Because students have had early career preparation, they are not forced to make blind decisions about how to spend the rest of their working lives.

## Students Support Fine Arts Programs

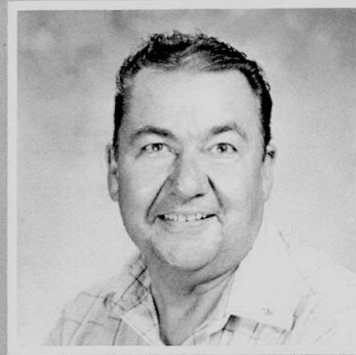

"The Fine Arts Program at any school is essential to a comprehensive, well-rounded educational program. It provides knowledge, expertise and also serves as a means of recreation that students can use throughout their entire lives," commented **Tom Giles**, Director of Music and Art. The Fine Arts gave students a chance to express themselves and show off their talents. Giving them confidence and experience were also benefits gained by the participants. Mr. Giles and Mr. Hawkins feel Niles North offered a wide variety of programs headed by experienced and dedicated teachers, which fulfilled the expectations of a good Fine Arts Program.

## Variety Enhances Language Department

"The Niles North English program is a strong program where it is possible for a student to get a good background in English," said **Dr. Hawkins**. The English program at Niles North has a prescribed two and one-half years which include Freshman English, Sophomore English, and a semester of a literary course. These courses lay the foundation for preparation and success in the electives program. The electives program provided courses in literature, speech, grammar, and writing. The foreign language department at Niles North provided four languages for study-Spanish, German, French, and Hebrew with Spanish being the most popular language. All of these languages were offered in a sequence of four years.

## Math Department Increases Use Of Computers

The Math department has gone through some major changes. This year two teachers were added to the staff and sixteen new Apple computers were introduced.

**Mr. Smith** has just returned from a temporary leave of absence. **Mrs. Foot** has also returned to Niles North. She previously taught at Niles West but after a leave of absence, she returned to Niles North. These two teachers returned to the math department, whereas the science department staff has remained the same since last year.

The new computers have been added to the school to teach the students about their proper use. These computers, thought of only for math, are being used by other school departments. For example, the Spanish department has been using computers to teach vocabulary and the Physics department has been using computers to drill students in various subjects. Next year there will be advanced computer programming classes offered. If the computers find uses in more of the school's departments there is a plan to purchase more computers to handle the demand.

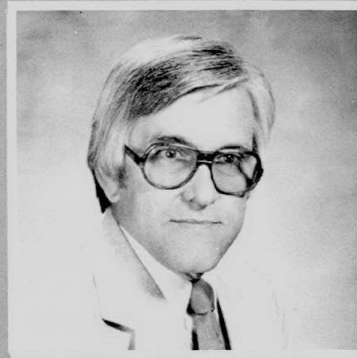

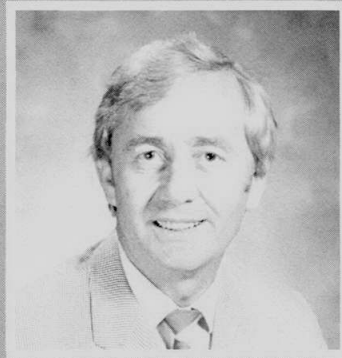

This year graduating seniors will have had to pass one year of science and one year of math. There were two AP science courses offered this year. In addition, there were fourteen other science classes to choose from. There were nineteen math classes offered besides the two AP courses.

## Social Studies Teaches Common Elements

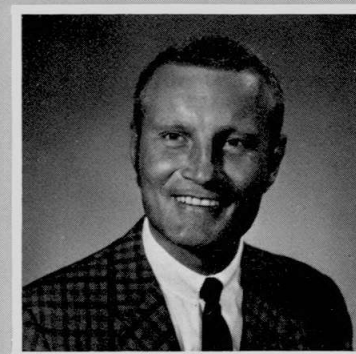

Psychology, History, Economics, Political Science, People and Their Culture, and Family Living are all part of the Social Science Department. According to **Mr. Thomas Giles**, Director of the Social Science Department, the main purpose of the department was "to show students the common elements in all societies, and to teach them to inter-relate with others in a group situation, thus becoming a more productive individual and an asset to their society. In other words, if one is going to be able to function in society, he or she must first learn to function in a group."

## Physical Education Promotes Fitness

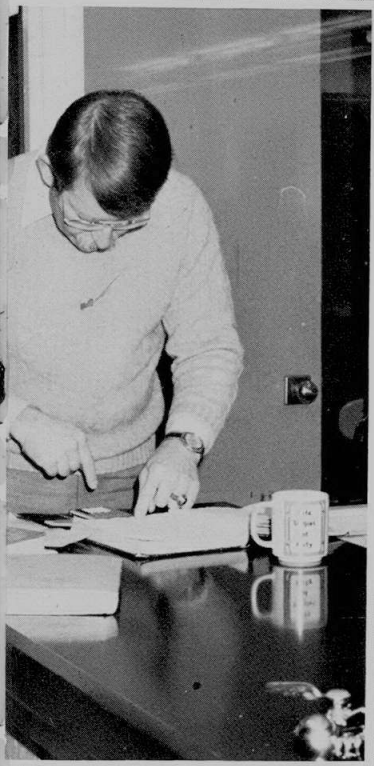

The purpose of school physical education is "to make each individual aware of the rules and fundamentals of each of the various physical education activities and to stress the importance of physical fitness and conditioning," said George "Babe" Baptist, director of the Niles North Physical Education Department. Incorporated in the department this year were 24 different activities, all of four were co-educational; girls did not participate in wrestling, and boys did not participate in dance, basic rhythms, or circus stunts. As long as a student is enrolled in high school, he must be taking a physical education course.

## Maintenance Crew Lights Up School

The men seen around school who have been called janitors are really Maintenance Personnel. The difference between the two is that Maintenance keeps the school running and the janitorial staff cleans the school. **Phil Liniewicz**, the head of the Maintenance crew, said, "The maintenance crew takes care of the electric systems, heating and air conditioning." There have been two new members added to the Maintenance staff. They are **Kevin Murphy** and **Chester Marzec**.

There have been changes around the school to help save electricity and make the school safer for the students. For example, **Phil Liniewicz** working with a contractor installed the new lighting in the cafeteria halls. The new bulbs are brighter but save about 43% more energy than the old lights. Another possible change for the future might be a separate heater for the pool, washrooms, and classrooms. Now these are run by the same boiler which is using more energy than if these functions were separated.

## PEOPLE

The people that made up the student body of the 1981-1982 school year made the year exciting. Whether it was by participating in sports, theatre events, clubs, or just being in class, they came together with a common interest to share their ideas and hopes. This cooperation was the tool used in making such events as Homecoming, Norsecapades and Prom possible. This tool could also be used over and over again in the future to build more dreams.

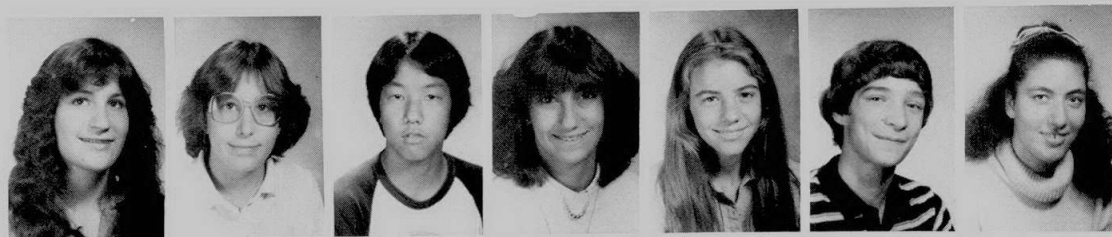

It was also the year of the individualist. The person who had a goal and used his determination to attain it. Whether it was getting an academic scholarship or making the football team, the hope and strength were there.

The 1981-82 school year was definitely highlighted by the people; doing "their own thing" with a style also "all their own".

# Class Of 1983

Now Upperclassmen, the juniors made ready for their last year of high school, and the possibility of college. With the A.C.T.'s and the S.A.T.'s, the juniors were kept on their toes. They learned about the different colleges that they would soon have to decide upon, and held back the excitement that it was only one more year until they would be on top of the heap, as seniors.

The Junior Class Board made the final preparations to bestow the prom to the seniors as their gift. Last ditch efforts were made and the arrangements were completed.

Juniors began to join Varsity teams, and prepared for the leadership role that each would hold as a senior.

This edition of Saga is the outcome of a tremendous amount of effort and hard work. This was an extremely rough year, and deadlines were not always met. Nevertheless, the Saga staff has tried to produce a quality account of the '81-'82 Niles North school year. I would like to thank each staff member for writing copy, cropping pictures, identifying pictures, designing layouts, and making the production of the yearbook a more enjoyable job.

Special thanks to Ms. Ellen Pierce who helped immensely with the faculty section as well as student photography. I thank our teacher and advisor, Mr. Dennis Grabowski, for his guidance and support through all of the challenges which we were faced with this year.
