Dear Ms. Doty:

Your recent note regarding the Nazis has been received. Rest assured that we in the Village of Skokie are fighting them with every legal device available to us. I heartily agree that these kind of people have no status in a country of freedom-loving people such as the United States.

I want to encourage you to always speak up against tactics such as those used by anyone low enough to adopt the word "Nazi" as their title.

Sincerely,

Albert J. Smith
