Cabinets Panic with Plans For '64 Carnival Capers; Seniors To Host 20 Booths

SENIOR CABINET'S all-school carnival will be a panic, and Fred Rubin, Panic '64 chairman, is happy to tell why.

"The carnival, which is an annual Senior Class project, is one of the few events in which many school organizations work toward a common goal . . . money."

"Senior Cabinet needs funds to finance senior functions, such as the class gift, breakfast, and picnic," says President Mark Newburger. "The other 20 organizations entering booths are hoping to make a profit to help further their own projects."

PANIC '64 will take place on Saturday, March 21, from 7:30 p.m. to 11 p.m. in the Girls' Gym.

EAST STUDENTS who will attend Niles North in September will be asked to vote on two proposals "within the next three weeks," says Dr. Donald Strahan, Northi principal. Students will be asked to choose names for North's four halls and an emblem to represent the Viking mascot.

"STUDENT COUNCIL raised about \$60 on the last UFD breakfast and raised over \$125 on the Donkeyball game. The amount contributed toward the UFD is around \$725, one-fourth of the \$2,900 goal," said Council President Steve Bernstein.

A CONCERT by the Vienna Boys' Choir, followed by a social tea, was attended by 35 Niles East Choir members Saturday. The concert, attended by upperclassmen from both Niles East and West, was held at West Division.

FOUR FOREIGN exchange students and four American Field Service returnees will be on hand at Temple Judea, Friday evening, March 20, to discuss the AFS program at an open meeting.

Forum **Survival of the Fittest**

SEVERAL TIMES a year Teachers' Institute Days permit faculty members to visit other high schools and compare them with Niles East. Comparing notes, the Nilehi teachers who spent February 21 at other schools observed that "the shouting, shoving, and general rudeness in the halls at East is far greater than in any other high school in this area."

This situation is hardly news to most Nilehiers, who have had their toes trampled upon and their hearing nearly destroyed by over-energetic and over-voluble classmates. The words "excuse me" have become all but obsolete, since shoving people aside is so much easier. A student who politely attempts to progress through the jammed hallways gets few, if any, results. "Survival of the fittest" truly prevails.

THE OVER-POPULATION of the school cannot alone be blamed for the rudeness in the halls. Although some congestion is inevitable, it need not be accompanied by deafening noise. Nor can the situation be attributed to lack of faculty supervision; few of the schools visited had a system to direct traffic in the halls.

Perhaps some shoving would decrease if students were allowed more than six minutes to change classes. But this extension would lead to still more loitering in the halls and on staircases and would cause even greater noise and congestion. Stringent faculty supervision might check misbehavior, but could hardly alleviate it.

CLEARLY THE SOLUTION to the problem of rudeness in the halls rests with the students alone. This misbehavior can be eliminated only if each individual assumes responsibility for his own actions and considers the hallways not as a vast playground, but as part of a public building which he is attending to obtain an education.

I RECENTLY FOUND out that at Niles East you need a pass to be sick. It happened this way.

About half-way through Latin Class, just as Caesar was marching six miles to the camp of the enemy, I developed a combination migraine headache, dysentary, and hacking cough. And I didn't feel too well. It was then that I decided to make the third trip of my life to The Nurse. (The first two visits were the results of strenuous gym periods -I passed out doing sit-ups.)

Let me say my sole purpose in going to The Nurse was to get a pass to go home.

SO I WALKED into the waiting room and gave

> Now if you have never visited the little Band-Aid Room, I'll tell you that no matter what ails you, some clown sticks a thermometer into your mouth. So there I sat between a boy with a dislocated inferior tibia and a girl who had just broken up with her boy friend, looking across the room at several

other patients - and all of us had thermometers in our mouths. If they felt as stupid as I did, we all must have felt pretty stupid.

THE GIRL who signed me in walked past. I told her, "Ooo, eh, ah, iga, ook, awk," which repeated with the thermometer out of my mouth became, "All I came here for is a pass to go home."

She told me that to be sent home I would have to have a temperature. Did you every try to fake a temperature? It's murder. I took that thermometer, and I shook it, rubbed it, coughed on it, but the stupid thing wouldn't go higher than 98.6. But the girl came over again and read it. "Oh," she said, "You've got a 99." I think she was on my side.

Well, it took all of my 5B lunch period, but the waiting room emptied before I expired on the floor. At last my time had come to see The Nurse.

THE NURSE took one look at me and said, "If you don't have a pass from your sixth period teach, er, I won't see you."

For pete's sake, I thought to myself, I've been sitting here all fifth period! So I looked at her, and with all the sarcasm I could muster, said, "I DIDN'T KNOW I NEEDED A PASS TO BE SICK!" And it's a good thing my throat was so sore or she would have heard me. I stomped out feeling better than I had ever felt before.

JV Cagers Beat New Trier; Take League Crown

A CONVINCING 62-43 victory over the New Trier Indians Saturday gave the Niles East Junior Varsity basketball team a share of the Suburban League JV championship.

The JV's share the top of the SL ladder with the Pirates of Proviso East, whose 8-3 record matches the Trojans'.

The JV's have a 10-4 overall record with a loss to Niles West and a pair of wins over East Leyden adding to their league ledger.

> Mr. Clyde Carter, coach of the most successful basketball team at Nilehi in many seasons, says that "the credit goes to the boys. They worked hard and deserved their success."

Balanced Scoring

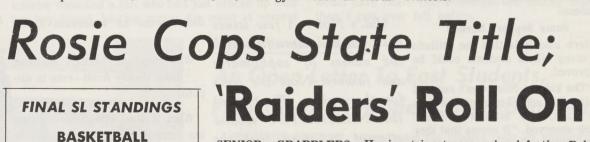

The win over New Trier was representative of the squad's season formula: balanced scoring. The contest found 6 foot 4 inch Junior Doug Glenn Paul popping in 13 apiece, and Junior Steve Idelman adding 10 points. Forward Don Siegel chipped in with seven key points that kept New Trier out of reach.

Siegel has been the most consistent scorer for the JV's this season, getting most of his points on driving layups.

New Rule Helps

The JV's also have received help from a new Suburban League rule which states that any player who football season. He hopes for better which states that any player who gridiron success with the Northi Vikings. does not play before the fourth quarter of a Friday night varsity contest is eligible to play in a Saturday morning JV game.

Because of the rule, players like
