# How to Use Your Telephone

## JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS

1. Look in the directory if you're not sure of the number. If you do not find the number ask for "Information."

2. Listen for operator's "Number, please?"

3. Give number to operator. Always speak distinctly in an ordinary tone of voice directly into the mouthpiece.

## TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

## "GADGETS" DON'T HELP

Don't spend money for unnecessary attachments to your telephone offered to "improve" the service. Some are harmless, but others actually hurt the service. If you think that your telephone isn't working properly, please call Repair Service.

If you have any special needs which your telephone does not seem to meet, call or visit our Business Office. We'll do our best to help you.

## PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. To all places listed below, please place your call through your regular operator.

Arlington Hgts Aurora Barrington Batavia Bellwood Bensenville Berwyn (Gunderson Stanley) Blue Island Brookfield Burnham Calumet City (Torrence) Carpentersville Chicago Chicago Hgts Cicero (Olympic Townhall) Deerfield	Des Plaines Dolton Downers Grove Dundee East Chicago, Ind. # Useful Telephone Information

## "PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce, many of our customers are using party-line service temporarily.

The best party-line service for all depends on courteous, cooperative use of the line by all. If you're a party-line user here's how you can do your part:

- Listen a moment to make sure the line is clear before you call—try not to interrupt your neighbor's conversation.
- Be careful to replace the receiver after each call.
- Keep your conversations short so others can use the line, too.
- Answer your telephone promptly.

## FOR YOUR PROTECTION

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs. If you have the slightest doubt about anyone who calls "from the Telephone Company," ask to see his credentials. Telephone people will be glad to show you their cards.

## USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in this directory. Every operator and all telephone facilities are needed to handle today's huge volume of calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

## YOUR TELEPHONE NUMBER

Occasionally, in the past, we've had to change some telephone numbers. It may, likewise, be necessary to do so in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

## LOOKING AHEAD IN THE TELEPHONE BUSINESS

In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a low cost.

Here's a bird's-eye view of our long range program:

1. Obtaining and installing enough wires, cables, telephone instruments, and switchboards and other equipment in the telephone exchanges to catch up with the growing new demand for telephone service.
2. Hastening the day when we can provide normal reserves of dial and manual central office equipment, cable, wire, poles and telephone instruments—so that we may again meet customers' needs as they arise.
3. Replacing equipment installed on a temporary basis to meet the needs of war and reconversion, with new and better equipment.
4. Improving telephone equipment on customers' premises.
5. Bringing telephone service in all respects back to its pre-war quality and improving it still further.
6. Expanding the long distance network, including provision for television and the use of radio facilities. The Illinois Bell aims to have facilities ready for sending visual images of events to television transmitters wherever they may be located, when telecasters ask for them.
7. Providing more and better telephone service to farmers and others in thinly populated or rural areas.
8. Extending service in such fields as service to motor vehicles, ships at sea and on the rivers, overseas telephone service, etc.

# YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

## CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (For a list of these nearby cities, please see the table at the bottom of page 11.)

"If you don't know the number of the telephone you wish to call and it is not in this directory, ask for 'Information,' who will obtain the number for you.

"Person-to-person and Collect calls to nearby towns are handled by a Long Distance operator."

## "LONG DISTANCE"

"I'm your Long Distance operator and your regular operator will connect you with me. Just ask her for 'Long Distance.'

"The last time we invited you to make more out-of-town calls was away back in 1941.

"Now service is getting back to pre-war speed; once again we can invite you to use Long Distance.

"When you do use it, I'll appreciate it if you'll give me the number of the party you are calling. It will help your call go through that much faster."

## STATION-TO-STATION

Place Station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

## COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls when the regular rate is 30 cents or less and to telephones outside of Illinois when the regular rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a "Report Charge" applies, to be paid by you. No "Report Charge" is made, however, if you decide to pay for the call yourself.

IV

## PERSON-TO-PERSON

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a "Report Charge" will be made if the person you want cannot be reached and you ask the operator to cancel the call.

## REDUCED RATES

Between 6 P.M. and 4:30 A.M. and all day Sunday, reduced rates are in effect. They apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

*For That Home-To-Be...*

**PLANNED TELEPHONE SERVICE!**

Rigid, flexible or thinwall conduit placed in walls and floors by the contractor while a home is being built, assures concealed wiring and eliminates exposed wiring on baseboards, moldings, etc. Built-in conduit enables you to have *built-in outlets* wherever you desire in your home-to-be. The cost is nominal.

Your telephone company will be glad to give you further details on request. Just call our business office and ask for:

**"Architects' and Builders' Service"**

**ILLINOIS BELL TELEPHONE COMPANY**

Oh --- wun --- fo - wer --- siks

siks --- too --- oh --- sev - ven

fi - yiv --- ate --- ni - yen --- oh

fo - wer --- th - r - ee --- ate --- wun

**T**RY pronouncing the odd little syllables printed above. You will find they sound (and unmistakably) like well-known numbers you use every day.

Now, these words didn't just happen! They are the results of careful speech tests, made to find the simplest and surest sounds for the numerals 0 to 9.

Here they are in order: oh (0)... wun (1)  
... too (2)... th-r-ee (3)... fo-wer (4)...

fi-yiv (5)... siks (6)... sev-ven (7)... ate  
(8)... ni-yen (9).

Illinois Bell telephone operators are trained to speak this way because this is the best way to identify numbers with the least chance of error.

Your telephone company aims to give you the finest possible service at the lowest possible cost... even now when it is busier than ever keeping up with the unusual demands.

**ILLINOIS BELL TELEPHONE COMPANY**

about

## LINCOLNWOOD NILES

## MORTON GROVE SKOKIE

Lincolnwood is an outgrowth of the Village of Tessville which received its charter in 1911. The name was changed in 1935. Today it is a fast growing residential community; its growth in recent years evidenced by the gain in population from 740 in 1940 to 2,320 in 1945.

Morton Grove, located approximately 15 miles northwest of Chicago's loop, was incorporated in 1895. It is a well established community of homes and Industries. The Forest Preserve properties located within the corporate limits are noted for their natural beauty.

Niles was incorporated in 1902 and now has a population of 2,500. It was a stop over place during stage coach days, when the road, now Milwaukee Avenue, was famous for its Plank Road and Toll Gates.

Skokie is an outgrowth of Niles Center, which was incorporated in 1888. The name was changed to Skokie in 1939. The community contains 250 miles of streets, of which 98% are paved, with curbing, sidewalks, water and sewer systems installed. It is one of the fastest growing communities in the metropolitan area.

### Transportation

Lincolnwood is served by the American Motor Coach and the United Coach lines.

Morton Grove is served by the Chicago Milwaukee & St. Paul Railroad and the United Coach bus lines.

Niles—Bus service to Chicago surface lines and to Howard Ave. Elevated Station.

Skokie—Chicago Rapid Transit ("L") Chicago North Shore & Milwaukee (electric) Chicago & North Western Railroad and American Coach lines.

### Civic Organizations

#### LINCOLNWOOD

Lincolnwood Day Association, provides, free of charge, transportation from home to school for all public and parochial school children.

#### MORTON GROVE

**HANDY!**

These pages tell where you can  
 buy most anything . . . quickly,  
 comfortably, by telephone.

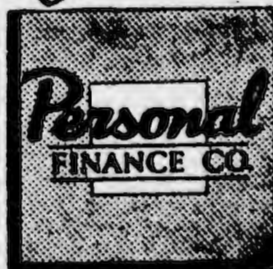

At "PERSONAL" You Get a Cash  
**LOAN Plus These Extra**  
**Advantages!**

Don't borrow Unnecessarily, but if a loan will be  
 to your benefit, remember — at *Personal* you get  
 these extra advantages:—

- ★ Loans of \$10 to \$450 or more made promptly and privately to employed men and women, on signature, furniture, or auto.
- ★ BETWEEN-PAY-DAY LOANS for small amounts made as readily as larger loan for longer periods.
- ★ 1-VISIT LOANS . . . just telephone, then come in by appointment to sign and pick up the cash.
- ★ REASONABLE PAYMENT PLANS. You select the most convenient monthly payment date — pay only for the actual time you keep the money.
- ★ EXCLUSIVE: You get PERSONAL'S Nation-wide Credit Card — good for cash at nearly 400 Affiliated PERSONAL offices coast to coast.

**QUICK AUTO LOANS**

You can get an auto loan in a  
 matter of minutes. Just show us  
 the car and proof of ownership.  
 Drive while repaying.

In answering the telephone, the English  
say "Are you there?" Some people say,  
"Hello." But in business organiza-  
tions the correct answer is the name  
of the company or the depart-  
ment or the name of the indi-  
vidual who answers the tele-  
phone.

## *Here Are* Two Good Telephone Habits . . .

1. *Quick Pick-Up* . . . when your telephone rings. This helps prevent your missing calls from people who wouldn't wait.
2. *Slow Hang-Up* . . . when calling. Waiting one more moment may bring an answer and save you the trouble of calling again.

Don't Miss  
 Important Telephone Calls.  
 Answer Promptly.

*Telephone Courtesy Wins Friends*

*For That Home-To-Be...*

## PLANNED TELEPHONE SERVICE!

Telephone wiring can be as modern and inconspicuous as plumbing and electrical work *if provisions for it are made before your home is built.*

Concealed wiring through the use of rigid, flexible or thinwall conduit enables you to have *built-in telephone outlets* . . . neat little plates similar in design to electrical outlets . . . wherever you desire.

Conduit placed in walls and floors by the contractor at the time of construction, eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal and the telephone company provides all wires and wiring work. You merely have the conduit installed.

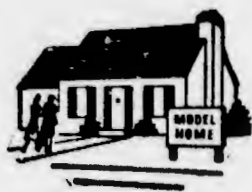

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS  
ARE INVITED TO CALL UPON US FOR HELP IN  
PLANNING TELEPHONE FACILITIES.

# REGULATIONS

## APPLICATIONS

Application for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing and upon approval, or installation of the service, are a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be established.

## ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

1. By furnishing references acceptable to the Telephone Company.
2. By providing a suitable guarantee in writing, in the form prescribed by the Telephone Company.
3. By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber to do. Where service has been discontinued for failure to establish credit as authorized by these regulations, the regular restoral charge will be made and collected by the Company.

## OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, receiving or collecting any telephone message where any charge or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's service, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus or devices are so attached or connected, or to terminate the service.

## INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

## TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

## TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid in the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

## USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

## PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that this amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.00 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be re-established only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, March 10, 1948.
