## RESOLUTION ON UPHOLDING AMERICAN STANDARDS IN SKOKIE, ILLINOIS

At this time when we see in our midst the spectre of Nazism, and when all loyal and right-thinking Americans are united in their revulsion to the Jack-boots of Nazi storm troopers whose marching over our land is the very antithesis of all that we cherish, we call upon the authorities responsible for public safety to assure its maintenance. Even as the first amendment protects those whose beliefs we must abhor, so we must also protect the right of peaceful assembly and demonstration for the vast majority who, in the true spirit of American freedom, desire to stand together with all the citizens of whatever religion, race or creed to testify to the democratic and just values for which America has been united.

We need to make known to the world the noble traditions of the American way which will surmount the deep affront and assault to our sensibilities that the Nazi march in Skokie inflicts on all of us. Therefore, we look to you to uphold our American standard.
