RIDGEMOOR

*For information about applications for service,
collections, moving of telephones, etc.,
call Official 9300, Extension 816*

Issued by

ILLINOIS BELL TELEPHONE COMPANY

212-230 W. Washington Street

Chicago, Ill.

Copyright, 1924, By The Reuben H. Donnelley Corp., Chicago, Ill.

GENERAL INFORMATION

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouthpiece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator or when through talking, hang up the receiver and give the handle one sharp turn.

Call by telephone number, not by name.

Call "Information" for names not listed.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Clerk" when your telephone is out of order.

LONG DISTANCE TELEPHONE SERVICE

Station-to-station service. The term Station-to-Station service is defined as a connection between any two telephones (including private branch exchange switchboard operator) and does not contemplate the establishment of conversation between particular individuals or departments of private branch exchanges.

Under Station-to-Station rates a charge for a message is made in all cases where a connection is established with the called station.

Liberal reductions are made between 8:30 P. M. and 4:30 A. M. on station-to-station calls where the day rate is 30 cents or more as follows:

Evening Rates:—Between 8:30 P. M. and 12 Midnight, approximately one-half of the day rates.

Night Rates:—Between 12 Midnight and

4:30 A. M., approximately one-fourth of the day rates.

Minimum "Evening" or "Night" rates, 25 cents.

Person-to-person service. Calls for particular individuals are accepted at a rate of approximately one-fourth more than those quoted under Station-to-Station service.

A Report Charge in addition to regular message charge is not made provided the call is completed on the day it is filed, or if it is carried forward and completed on the following day.

Appointment calls. An Appointment Call is a Person-to-Person call on which communication is to be established at a specified time.

The rate for an Appointment Call is approximately one-half more than the Station-to-Station rate; but in the case of any Appointment Call, where the distant station is reached, whether the appointment be made or not, the Report Charge applicable in case of Person-to-Person calls shall be made.

Messenger calls. Messenger Calls are Person-to-Person calls requiring the use of a messenger to secure a designated person.

The rates for Messenger Calls shall be the same as apply to Appointment Calls, plus any charges that may be required for the service of messengers.

Messenger charges incurred are to be paid even if desired conversation is not held.

Collect calls. Collect Calls are Person-to-Person calls; the charges for which are "reversed"; that is, to be collected from the called station, provided the charges are accepted by the person called.

For Information not given above concerning long distance service, call "Long Distance."

Speak Distinctly

When using the telephone speak distinctly, with lips not more than one inch from the mouthpiece.

DO NOT SHOUT

CLEAR IT UP BY LONG DISTANCE

When in the daily course of business a question arises which requires information or a decision from some person not in town, turn to the long distance telephone.

No matter how far away this man may be, he can usually be reached in a short time over Bell lines.

Illinois Bell Telephone Company

Don't "Cool Your Heels"

MUCH time is wasted by salesmen and others who call upon business men without appointment and are kept waiting in ante-rooms.

This can be avoided by making definite appointments by long distance telephone before you start on your out-of-town trip.

ILLINOIS BELL TELEPHONE COMPANY

BELL SYSTEM

One Policy - One System - Universal Service

Is Your “Telephone Door” Large Enough?

If you could see that the door of your place of business wasn't large enough for your customers to get in, you'd be certain to enlarge it or to open another door, wouldn't you?

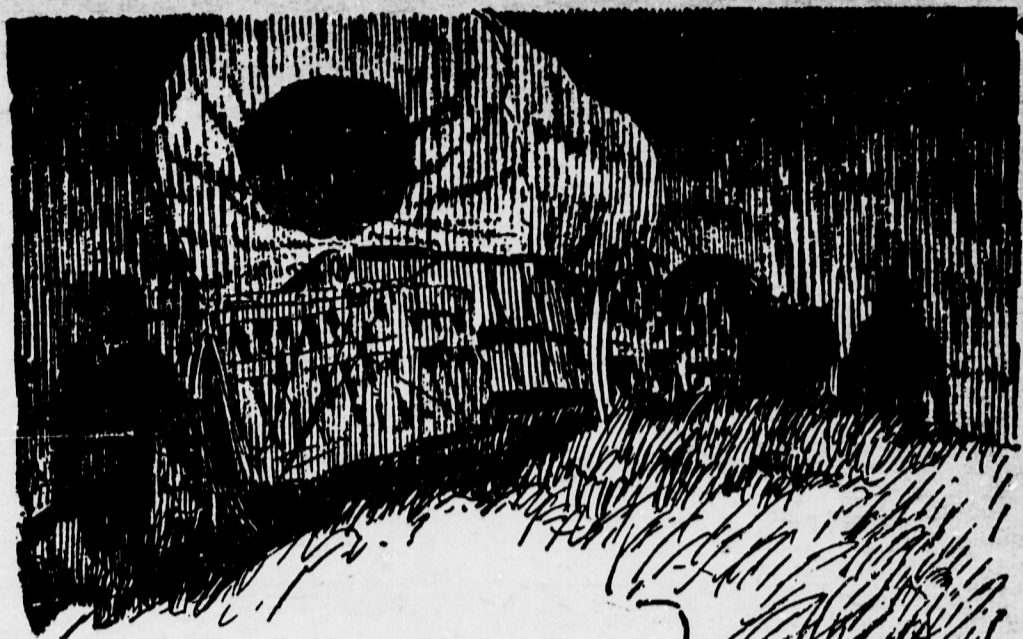

How about your “telephone door”? Is it sufficient to take care of the ever increasing number of “telephone buyers” or are some of them kept out of your place of business and their patronage diverted by the oft repeated “busy” signal?

Owing to the convenience of buying by telephone many patrons will enter your establishment through your “telephone door,” Mr. Business Man, if you but make it easy for them to do so. Don't you think it will pay you to know beyond doubt whether your “telephone door” is always open or whether it is being “slammed in the face” of your customers—present and prospective?

We will gladly study your requirements if you desire.

Illinois Bell Telephone Company

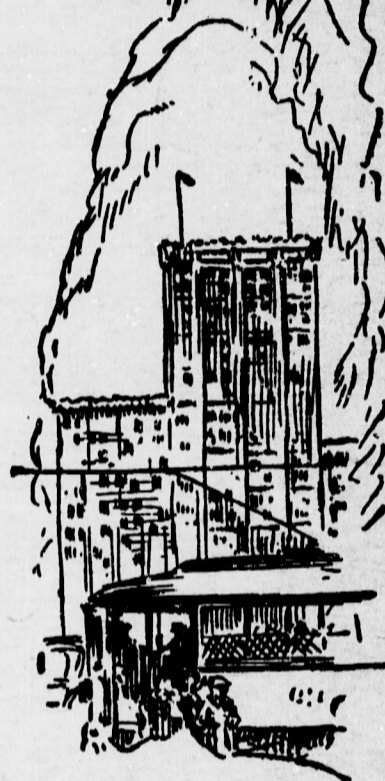

The **Covered Wagon**

WINDING its way across the Iowa and Kansas plains, through the treacherous mountain passes, over the burning sands of the deserts, the covered wagon journeyed westward.

After weary months, the pioneers reached the west and built their homes.

To-day! A minute—and Chicago is talking with Denver or San Francisco. The covered wagon is a romantic memory. Potent, the throbbing symbol of modern life, the long distance telephone has made the East and West one.
