REGULATIONS

Applications.—Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

Establishment of Credit.—In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

Ownership and Use of the Equipment.—Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

Interruptions to Service.—When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than the negligence or willful act of the subscriber, an allowance shall be made, at

the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

Telephone Numbers.—The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

Telephone Directories.—Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

Use of Service.—Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

Payment for Service.—The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.00 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

The Regulations Herein Stated are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, February 11, 1942.

INFORMATION ABOUT TELEPHONE SERVICE

HOW TO USE THE TELEPHONE

When using the telephone, speak distinctly in a moderate tone of voice.

To recall the operator move the receiver hook slowly up and down three or four times.

PARTY LINES

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts to the Supervisor.

TELEPHONE SERVICE CALLS

Call "Information" for names not listed in this directory.

Call "Supervisor" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

Call your Business Office, Skokie 9981, (Niles subscribers call Wilmette 9981) for all matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph Cable Company or the Western Union Telegraph Company.

By arrangement with these Telegraph Companies the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

When calling either of these telegraph companies ask the operator for the company desired.

INFORMATION ABOUT OUT-OF-TOWN CALLS CALLS TO NEARBY POINTS HANDLED BY YOUR OPERATOR

Station-to-Station calls from Skokie and Morton Grove to the points shown below and other suburbs of Chicago are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call.

CALLS TO OTHER OUT-OF-TOWN POINTS

Wherever possible, please Call by Number when you telephone out of town, whether you wish a specified person or will talk to anyone who answers. If you do not know the number, the Long Distance operator will supply it. Please make a note of it for future use.

Out-of-town calls are of two general classes:

STATION-TO-STATION CALLS—When you want us to do nothing more than to connect you with an individual line or party line telephone or private switchboard call "Long Distance."

Give the Long Distance operator the name of the place and the telephone number you are calling as, "Detroit, Michigan, Cadillac 9900." If you do not know the number, say, for example, "Detroit, Michigan, anyone at the residence of John Brown, 4000 Highland Blvd." When your call is accepted understand that your number will be requested while the call is being completed at the distant place. See the adjacent paragraph (Person-to-Person Calls) if you want to call either a particular person or a particular telephone or department reached through a private switchboard.

Station-to-Station rates are lower than Person-to-Person rates. These rates are reduced between 7:00 P.M. and 4:30 A.M. (Night Rates) and all day Sunday (Sunday Rates) if the initial period rate exceeds 35 cents. The time of day at the originating point when conversation starts determines whether the Day, Night or Sunday rate applies.

The charge begins when the called telephone or private switchboard answers.

There are no Report Charges on Station-to-Station calls except on Collect Calls within the state when conversation does not take place the first time the distant station is reached.

COLLECT CALLS—If you ask the Long Distance operator at the time the call is placed, she will try to arrange to have the charge billed to the called party. This can be done on Station-to-Station or Person-to-Person calls without additional charge, except that Special Collect Station-to-Station rates apply to Station-to-Station Collect Calls where the initial rate is 20 cents or less.

If the called party refuses to accept the charge, a Report Charge will be made on calls within the state unless the call is then completed as a paid message.

The billing of the charge to the called party is not permitted on calls to points in Mexico and Newfoundland nor on Overseas calls except to Hawaii and Puerto Rico.

Long Distance Rates to Many Out-of-Town Points in the United States Are Listed on the Inside Front Cover of This Directory.

CLASSIFIED TELEPHONE DIRECTORY of SKOKIE, MORTON GROVE, LINCOLNWOOD AND NILES

March, 1942

How to Use the Classified Directory

To Find Where to Buy the Article or Service You Want
First, locate the heading by the name of the article or service you wish.

Then, select from the listings, the dealer with whom you wish to do business.

Under these headings may also be found headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

To Find the Telephone Number of a Business Concern You Have in Mind

First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next, locate the desired concern and telephone number by examining the listings under the heading.

Trademark or brand names will be found in alphabetical order according to the trademark or brand name also under the general business classification.
