ILLINOIS BELL TELEPHONE COMPANY

PAGES 1 TO 7 CONTAIN HELPFUL INFORMATION ABOUT YOUR TELEPHONE SERVICE  
EMERGENCY NUMBERS ON PAGE 1

Copyright, 1951, by the Illinois Bell Telephone Company, Chicago, Ill. Printed in U.S.A.

## AT YOUR SERVICE

Your telephone account is handled by a young lady in our business office, called a Service Representative, whose job is to make sure your telephone service is satisfactory at all times. Whether you're moving your telephone to a new location, or have a question about your bill, or about your telephone service, she'll be glad to help you. If you're moving or discontinuing service, please let us know as far as possible in advance.

If you prefer to transact business in person, we shall be glad to see you at the Business Office. Hours are from 8 A.M. to 5 P.M. Mondays through Fridays.

(For location and telephone number of the business office, see Page 1.)

### For Information and Service Calls . . .

#### **IN** Niles

INFORMATION—For numbers not in Directory . . . . . Dial 411

### USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory. Please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number. Your cooperation is appreciated.

 Niles, 4538 Oakton Street, Skokie .....Dial "Operator"  
 Ask for Skokie 9981

# CALLING AN

# OUT-OF-TOWN PHONE?

## Here's How To Save Time and Money

You'll save time from the start if you give your out-of-town calls to the right operator. By checking the list on the next page you can be sure of placing your call correctly. And you'll find some time and money-saving tips on placing long distance calls on this page.

### 3 Ways to Save Money on Long Distance Calls

1. **CALL STATION-TO-STATION** if you are willing to talk to anyone who answers. Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than person-to-person rates. But . . .

2. **CALL PERSON-TO-PERSON** if you want to talk to a particular person. Just tell the operator you wish to talk to a particular person. Charges begin only when the called person answers.

(On a call from one point to another in Illinois, a "Report Charge" is made if the particular person you want cannot be reached and you ask the operator to cancel the call.)

3. **PLACE YOUR CALL AFTER 6:00 P.M. ON WEEK DAYS** or any time Sundays; you'll make a substantial saving. Rates are also reduced on Thanksgiving, Christmas and New Year's.

On calls within Illinois the reduced rates apply to "station" calls where the initial period rate is 45c or over and to "person" calls where the initial period rate is 70c or over. Reduced rates on calls to telephones outside of the state apply to "station" calls where the initial period rate is 40c or over and to "person" calls where the initial period rate is 55c or over.

### Tips For Saving Time

You'll get faster service if you give the details of your call to the Long Distance operator like this:

#### FIRST

Give her the name of the town and state you are calling. Then the telephone number, if you know it; otherwise, the name and address of the party you want.

EXAMPLE: "Detroit, Michigan—WO odward 5-3456"

#### SECOND

If it's a person-to-person call, also give the operator the name of the person you want.

#### THEN

Wait for the operator to ask for your number . . . and remain at the telephone unless the operator says there will be a delay. Most long distance calls go through while you hold the line.

## SPECIAL CALLS YOU CAN MAKE

**OVERSEAS CALLS**—You may talk by telephone to any one of more than 60 countries, territories and dominions throughout the world. Call "Long Distance" and place your call in the usual way.

**SHIP-TO-SHORE CALLS**—Most ships may be reached by telephone. Give your call to the "Long Distance" operator.

**CALLS TO VEHICLES**—You can now telephone to or from properly equipped vehicles operating within mobile service areas. Calls can be made to or from any telephone reached by the Bell System. To call a mobile-equipped vehicle, call or dial "Long Distance," and tell the operator you wish to place a Mobile telephone call and give her the number of the vehicle you are calling.

**COLLECT CALLS**—See page 5.

**COLLECT CALLS**—If you place a call "Collect" and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular station-to-station call or person-to-person call with these exceptions: The rate is higher on station-to-station collect calls to other Illinois telephones when the regular rate is 35c or less. On calls to telephones in other states, the collect rate is higher when the regular rate is 20c or less.

**On calls within Illinois**—If the party you are calling doesn't accept the charges, a "Report Charge" applies to be paid by you. No "Report Charge" is made, however, if you pay for the call yourself.

# How to Use Your DIAL TELEPHONE

## TO DIAL A CALL

1. Look in the telephone directory for the correct number.
2. Listen for the "dial tone." This steady humming sound tells you that the dial equipment is ready for your call. (From a coin box telephone, see bottom of page.)
3. To Dial any letter or figure, place your finger firmly in the opening for the particular letter or figure. Pull the dial around until your finger strikes the metal finger stop. Then, release the dial and allow it to return to rest without interference.

For information on out-of-town calls, see pages 2-5.

## To Dial Local Calls

Dial the first two letters and the figure of the exchange name and then the figures of the number.

For example, to call Niles 7-9417, dial NI, then 7, then 9417.

## If You Dial in Error

In case finger slips while dialing

Or if you've dialed a wrong digit—

Replace the receiver . . .

Wait a few seconds . . .

Lift the receiver to your ear and when you hear the hum of "dial tone",

Dial the complete number.

## When You Can't See Dial

If for any reason you cannot see the dial, locate the first opening just below the finger stop, pull the dial all the way around in the usual way, and let it return. Your operator will answer.

## After You've Dialed

Most people try to answer the telephone immediately . . . but it can't always be done. Wait a full minute, or about 10 rings, before you decide "nobody's home." This way you can often avoid making a second call.

## FROM COIN BOX DIAL PHONES

1. Deposit one dime or two nickels. One nickel won't work.
2. Listen for dial tone.
3. Dial the number as listed in this directory. (for Out-of-Town Calls, see pages 2-5).

## To Call Another Party on Your Line

If you want to know who else is on your line, dial "Operator" and ask for "Skokie 9981." Your Service Representative will be glad to tell you who the other parties are.

Niles party-line customers, when calling another party on their line, do not dial the called telephone number direct.

If you wish to call another party on your line, place the call with your operator.

- Dial "Operator."
- Give the operator the telephone number of the party on your line you wish to call as listed in this directory, and tell her that the number is on your line.
- The operator will request that you hang up your receiver while she rings the other party's telephone.
- Wait a reasonable length of time for the other party to answer while the telephone is being rung. Then, remove your receiver.

If the party you desire does not answer and you want the operator to keep ringing, you can recall her by moving the receiver hook on your telephone up and down.

When the operator returns to the line, ask her to ring again.

## Telephone Signals You Should Know

### The "Ringing Signal" \*

Within a few seconds after you complete your dialing, if the line is not busy, you will hear the "ringing signal" which tells you that the called telephone is being rung. This is an interrupted "burring" sound.

### The "Busy Signal" \*

By signaling you with a "buzz-buzz-buzz" sound, the dial equipment will tell you (shortly after you finish dialing a number) when the telephone you are calling is in use. When you hear this "busy signal," be sure to replace the receiver before trying your call again—or placing another call.

### The "No-such-number Signal" \*

This is a series of siren-like sounds which indicate that you have dialed a non-existent number. When you hear this "no-such-number" signal, replace the receiver, and verify the number by looking in your telephone directory.

\* Your operator will be glad to demonstrate "dial tone" and the "no-such-number" signals. Just dial "Operator" and ask the operator for a demonstration of these signals.

## TIPS TO ALL TELEPHONE USERS

### "Beep" Tone Tells When Conversation is Being Recorded

If you hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

*Use of a recorder without this signal is unlawful.*

### Metropolitan Service

Metropolitan telephone service, which permits calling to certain nearby communities without a toll charge, is available to 1 and 2-party residence subscribers, and to 1-party business and private branch exchange services.

Offered on an optional basis at a monthly rate somewhat higher than Local Area Service, this service also saves on Station-to-station calls to Chicago and more than 100 suburban communities.

### TO CALL FROM A NON-DIAL PHONE

1. Look in the directory
  2. Listen for the operator's "Number, please"?
  3. Give number to operator
- ### FROM COIN BOX PHONES

*First Deposit one dime or two nickels (One nickel won't work) and Listen for operator's answer. Then Give call to her.*

For information on out-of-town calls—see pages 2-5.

### For Your Protection

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs. If you have the slightest doubt about anyone who calls "from the Telephone Company," ask to see his credentials. Telephone people will be glad to show you their cards.

Just as much as the people next door or across the street, the folks on your party line telephone are neighbors. The best party-line service for *all* depends on courteous, cooperative use of the line by all. Here's how you can do your part.

### How to be a GOOD TELEPHONE NEIGHBOR in 6 Easy Lessons

#### Answer Promptly

This will insure receiving all calls intended for you and will prevent possible annoyance to another family on the line.

#### Take a Breather

A "breathing spell" between calls gives your neighbor a chance at the line. It also permits incoming calls to come through.

#### Listen Before Using

Make certain that the line is free before attempting to call a number. (In the case of dial service, listen for the Dial Tone. If you hear successive clicks, it means that someone else is dialing a number. Wait until they stop; then explain to the party that you have interfered with his dialing. And hang up.)

Skokie, Ill.

#### Replace Receiver Properly

If you don't, the line is just as "busy" as if someone were talking on it. Incoming calls are blocked; and eventually no one can reach the operator.

And when you find the line already in use, the neighborly way is to hang up gently.

#### Tell the Children How

Teach 'em young how to use the telephone—to be considerate of others on the party line . . . not to talk unnecessarily long.

#### Give Way in Emergencies

If your neighbor says the line is needed for emergency, cut the call short and give the right-of-way. You might otherwise always regret it.

*For That Home-To-Be...*

# PLANNED TELEPHONE SERVICE!

Rigid, flexible or thinwall conduit placed in walls and floors by the contractor while a home is being built, assures concealed wiring and eliminates exposed wiring on baseboards, moldings, etc. Built-in conduit enables you to have *built-in outlets* wherever you desire in your home-to-be. The cost is nominal.

Your telephone company will be glad to give you further details on request. Just call our business office and ask for:

about

## LINCOLNWOOD

## NILES

## MORTON GROVE

## SKOKIE

**Lincolnwood** is an outgrowth of the Village of Tessville which received its charter in 1911. The name was changed in 1935. Today it is a fast growing residential community, its growth in recent years evidenced by the gain in population from 740 in 1940 to 2,928 in 1949.

**Morton Grove**, located approximately 15 miles northwest of Chicago's loop, was incorporated in 1895. It is a well established community of homes and Industries. The Forest Preserve properties located within the corporate limits are noted for their natural beauty.

**Niles** was incorporated in 1902 and now has a population of 2,500. It was a stop over place during stage coach days, when the road, now Milwaukee Avenue, was famous for its Plank Road and Toll Gates.

**Skokie** is an outgrowth of Niles Center, which was incorporated in 1888. The name was changed to Skokie in 1939. The community contains 250 miles of streets, of which 98% are paved, with curbing, sidewalks, water and sewer systems installed. It is one of the fastest growing communities in the metropolitan area.

## Transportation

**Lincolnwood** is served by the American Motor Coach and the United Coach lines.

**Morton Grove** is served by the Chicago Milwaukee & St. Paul Railroad and the United Coach bus lines.

**Niles**—Bus service to Chicago surface lines and to Howard Ave. Elevated Station.

**Skokie**—Chicago Transit Authority Chicago North Shore & Milwaukee (electric) Chicago & North Western Railroad and American Coach lines.

## Civic Organizations

### LINCOLNWOOD

Lincolnwood Day Association, provides, free of charge, transportation from home to school for all public and parochial school children.

### MORTON GROVE

Morton Grove Improvement Association meets the 3rd Tuesday of each month at 8 P.M.

Lions Club meets the 1st Monday of each month at 6:30 P.M.

### SKOKIE

Skokie Chamber of Commerce meets the 3rd Monday of the month.

Rotary Club of Skokie meets each Tuesday noon.

Lions Club meets the 2nd Monday of the month.

Civic Women's Club of Skokie meets the 3rd Monday of the month.

Skokie Women's Club meets the 1st Wednesday of the month.

## Post Office Information

**Lincolnwood**—Delivery service is maintained throughout the village by two Chicago branch post offices. Mailing address for locations west of Crawford Avenue is Jefferson Station—Zone 30. All locations east of Crawford Avenue should show Northtown station—Zone 45. Mail should be addressed to Lincolnwood with the zone number shown.

**Morton Grove** Post Office—6209 Lincoln Avenue—Open from 8 A.M. to 6 P.M. Saturdays 8 A.M. to 1 P.M.

**Niles**—a postal substation is located at 7205 Milwaukee Avenue. Mail should be addressed to Chicago 31, Illinois.

**Skokie** Post Office is located at 4915 Oakton Street—Open 8 A.M. to 6 P.M. Saturday 8 A.M. to 12 Noon. One home and two business deliveries daily.

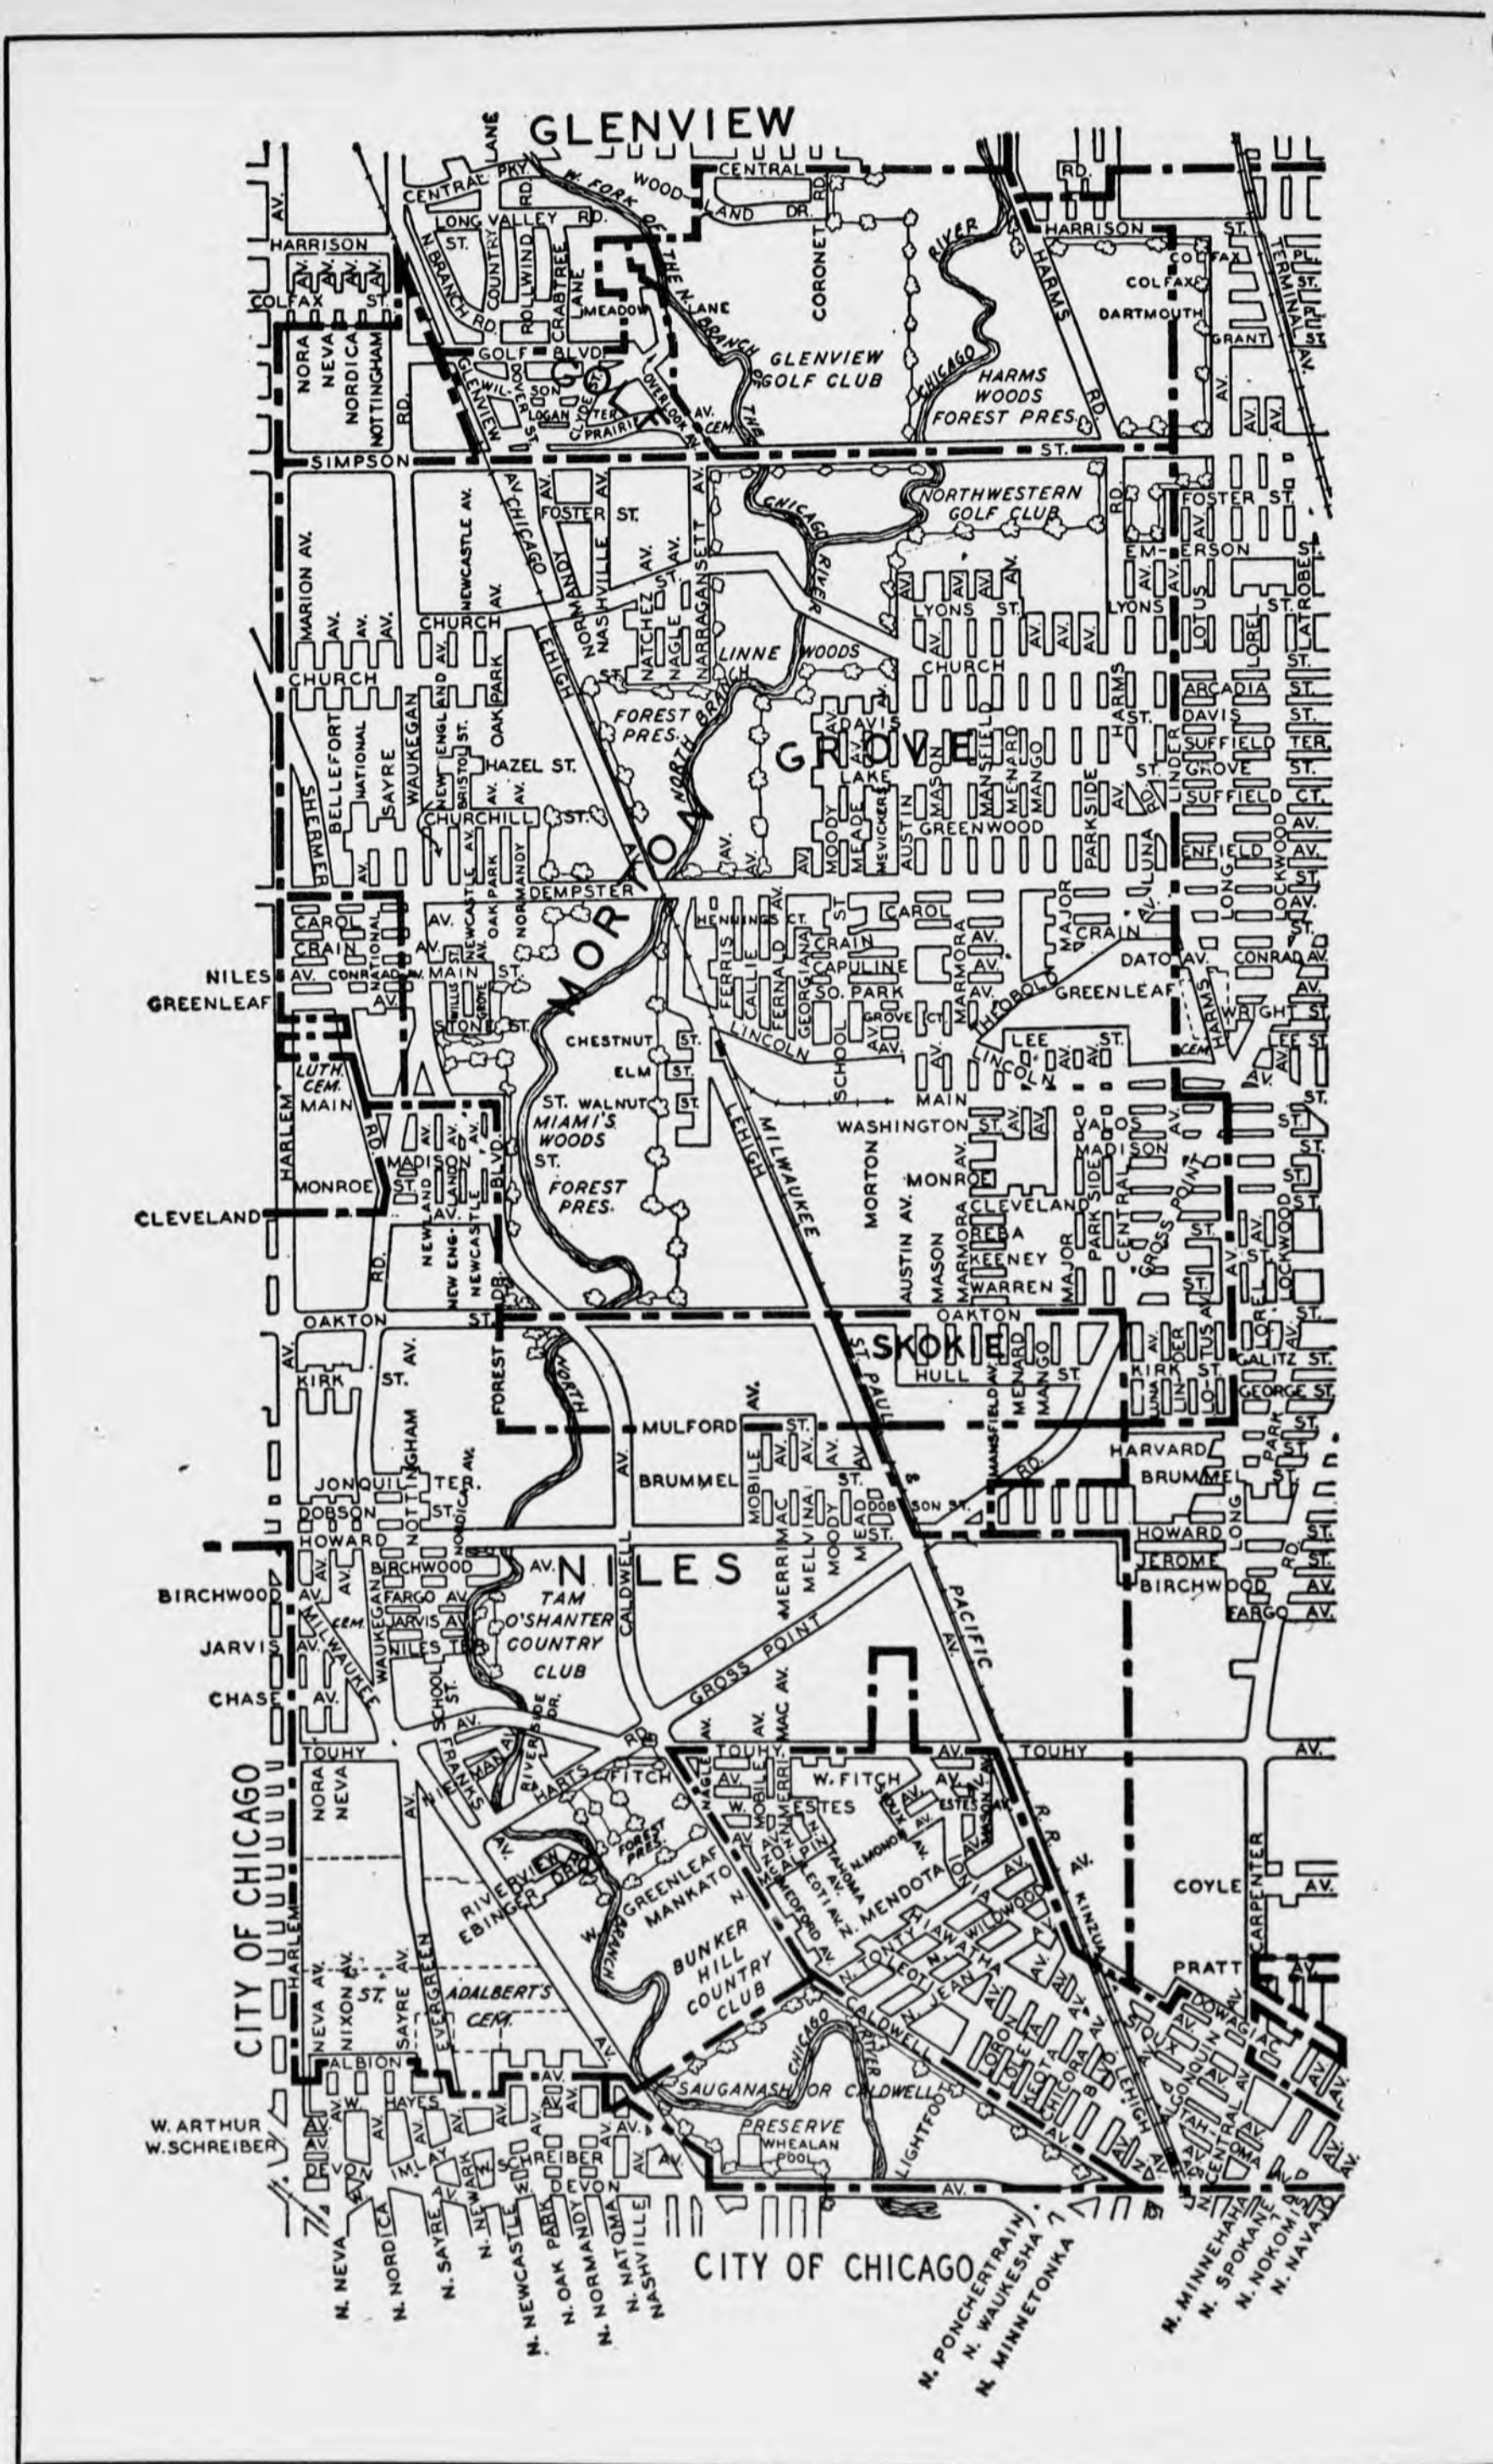

## Public Library Information

Lincolnwood Library is located in the school building at Farwell and Crawford.

Morton Grove Public Library is located at 6238 Lincoln Avenue. Open 3 P.M. to 5 P.M. and 7 P.M. to 9 P.M. on Monday and Friday. Other week days from 2 P.M. to 5 P.M.

The Skokie Public Library is at 4913 Oakton Street. Hours 10 A.M. to 9 P.M. each day. Wednesday 10 A.M. to 5 P.M.

Services**

**FREE INSPECTION**

This confidential service includes an investigation by laboratory trained experts who diagnose your problem and impartially recommend the proper method to best serve your interests — without obligation on your part.

**EXTERMINATION and LICENSED FUMIGATION**

Through years of research our laboratories have developed the proper formulae for the immediate control and extermination of pests, vermin, etc., in industrial plants, apartment houses, homes, institutions, etc.

**FLY CONTROL**

A Free Inspection will quickly reveal which of several methods of fly control will best serve you.

**TERMITE CONTROL — MOTHPROOFING**

Written "Guarantee of Protection." Play safe — if you suspect Termites or Moths ask for free inspection.

**PEST CONTROL PRODUCTS**

Scientifically compounded. Available in convenient packages for those who prefer to do their own work.

# As simple as

# to use the "classified"

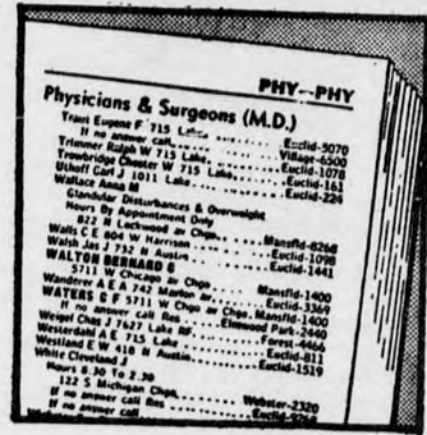

**1** When you want a certain brand of goods—perhaps one that you've seen advertised.

Many trade marks are listed here—Goodyear Tires, Frigidaires, Chevrolets, the Insurance Company of North America. Under these, you'll find lists of dealers.

**3** When you want the telephone number of a business or professional man.

Lists of names are shorter here, easier to scan. Instead of poring over long columns of "Smith" in the white pages, you usually spot "Smith C. G." at a glance under "Physicians."

**2** When you must locate the nearest dealer or shop quickly.

For example, a water pipe is leaking. Turn to "Plumbers." Run down the list until you pick one with an address near you. His name and telephone number will be shown.

**4** When you've forgotten the name of a shop, but remember its location.

You know, for instance, that there is a beauty shop near a certain corner. Look under "Beauty Shops" for one with that address. You'll find its name and telephone number.

**5** When you don't know who sells an article or service you want.

Suppose your automobile needs overhauling. Look under "Automobile Repairing." You'll find the names of the shops that do such work.

# REGULATIONS

## APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

## ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

## OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

## INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

## TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

## TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

## USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

## PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.50 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, June 29, 1951.
