# Telephone Home

When out of town keep in touch with home by means of Bell Long Distance Lines.

Letters that are forwarded may not reach you for many days. A Long Distance Telephone call brings an immediate reply.

“Station - to - Station” service as described elsewhere in this directory is found to be very satisfactory for messages of this kind and the cost is substantially less.

# REGULATIONS

## WITH WHICH THE SUBSCRIBER HAS AGREED TO COMPLY

---

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscri-

er; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only .....\$0.50
- b. If service has been suspended both ways..... 1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charge for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four-party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

# Information About Telephone Service

*Subscribers Will Find It to Their Interest to Familiarize Themselves with the Contents of This Page*

**Exchange Service.** Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

**Service Complaints.** To report any irregularity in the service, ask for the Chief Operator who will answer by saying "Chief Operator," and report your trouble to her.

To report trouble when your line or equipment is out of order, report (from nearest telephone) by asking for "Repair Service." Give your exchange prefix and number and the nature of trouble, if known.

No liability for damages arising from errors or omissions in making up or printing the directory is assumed by the Company. Extraordinary precautions are taken to avoid errors.

**Order to Move Telephone.** If you wish to have telephone moved, write or telephone to the manager of the Exchange with which you are connected, giving telephone number, name and address; also new address and date you expect to move, at least fifteen days before removal is desired, *except on moves due between April 15th and June 1st and between September 15th and October 10th, at which two periods thirty days' notice is required.*

**Identification of Employees.** All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. Beware of persons misrepresenting themselves as employees of the Telephone Company.

## How to Place Station-to-Station Calls to Nearby Places

Station-to-Station calls to the points shown below and other nearby suburbs of Chicago are handled by your local operator. It is not necessary to call "Long Distance." Simply give your operator the number desired and stay on the line until you are connected.

For charges to points not shown in this schedule, or for other information regarding toll connections, call "Long Distance."

*The rates herein stated are the present legal rates of the Company as on file with the Illinois Commerce Commission.*

## How to Make Long Distance Calls

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—ask your operator for "Long Distance." When "Long Distance" answers, give her the details of your call, including the telephone number, if known, at the distant place, and wait for her directions. She will either request you to wait at the telephone without hanging up your receiver, or she will request you to hang up the receiver until you are called.

# Save Wasted Steps

**T**HOSE spendthrift steps—squandered by the housewife in running back and forth, from one room to another or up and down stairs to answer the telephone or make a call—when there is but one telephone in the house!

With extension telephones, on the line with the main instrument but located in several convenient places in your home, you would avoid most of these steps.

Extension telephones save energy and enable you to finish the housework sooner, giving you more time for yourself.

This added convenience in your home costs very little. Call our Business Office today and give your order for one or more handy extensions.

**BELL SYSTEM**

*One Policy - One System - Universal Service*

*“Neither a borrower nor  
a lender be;  
For loan oft loses both itself  
and friend.”*

**A**RE you one of those who borrow your neighbor's telephone? If so, think how much nicer it would be to have your own!

Probably your neighbors are willing—most of them are—but there are times when you hate to bother them—perhaps times when they would rather not be disturbed. Possibly they miss some calls because their lines are busy with your calls.

Every home should have at least one telephone and many homes are equipped with one or more extensions, making service convenient from all parts of the house.

The cost of a telephone is small in comparison with its value. Extensions are very inexpensive.

Call our Business Office or any telephone employee will be glad to take your order.

# Make Your Business Appointments

## BY LONG DISTANCE

A long distance telephone call paves the way for a personal business interview. It establishes your identity in advance and enables you to arrange for a definite appointment, thus avoiding a long wait in an outer office or failure to see the person desired.

The practice of making long distance appointments at all times enables you while on business trips to utilize your time to the best possible advantage.

# The Wife Decides

**I**N planning and building the new home the wife has a large share in making important decisions. She says, "I must have closet space and storage space." Nowadays she also says—"I must have telephones."

She knows that extension telephones carefully placed in several locations provide comfort and convenience in telephone service. By using built-in niches and furniture designed to hold telephone instruments and directories she secures a touch of modernity which adds to the beauty of the home and the usefulness of an essential service.

This company is glad to offer suggestions to architects and builders who are planning proper telephone installations in new homes or those already completed and occupied. There is no charge for this service. Just call our Business Office.

# Personalized Service

**T**HERE is more to telephone service than the mere putting up and taking down of telephone connections!

Bell service is a personal service, not only in the job of making connections but in all of our dealings with the people we serve. When you enter a Bell business office you receive personal attention. Your telephones are installed—or repaired when in trouble—by a workman with the spirit of personal service. The operator who answers your call strives to do so in a friendly way—not merely as a form but because she likes to do her work that way.

Every Bell employee, no matter what his part of the job of supplying your service may be—is trying to give you the kind of service you would like to have.

# Extension Telephones in Your Home

*Save Tiresome Steps*

*Give Privacy in Telephoning*

*Give Aid and Protection*

*Save Embarrassment*

*Are Convenient for Invalids*

*Are Handy in the Kitchen*

**A**ND they are surprisingly cheap— cost only a few cents a day.

An extension telephone is a second instrument on the same line as the first but located in another part of your house or apartment. You answer or make calls at either instrument.

Our Business Office will arrange for prompt installation—or any telephone employee in any department will be glad to take your order.
