Dear Sir:

Since the Supreme Court has cleared the way for the Nazis to march and spread their hate campaign in Skokie, Illinois on June 25, why don't we Americans drape our homes in whatever way we can with black on that day in memory of the 6,000,000 Jews murdered by the Nazis and then hang out our American flags just to let them know it is not going to happen here! Is it too late to get something like this going on a nationwide scale?

Very truly yours,

(Mrs.) Cleo Gundersen

cc: Mayor, Skokie, Illinois

I just wanted you to know that there are many of us throughout the country, I'm sure, who feel in deep sympathy with the people of your city and who keep you in our prayers.
