

# Supports ACLU

Nazi venom is insidious. Many of us Jews in Skokie are shouting their slogans: "No free speech for their kind." "Exterminate them all."

Only the American Civil Liberties union has insisted there are means for stopping the poison without becoming Fascists ourselves.

The ACLU is not supporting Nazis. They are upholding a constitution which gives us the freedom to use a host of legal, political and social means to denounce and nullify Nazism.

We Jews in Skokie must use those means.

And we should heap blessings on the heads of ACLU, not stones.
